GRAND TORCH-LIGHT PROCESSION .- All arrangements for a grand torch-light procession of the Democracy on next Saturday night are now made. No efforts will be spared to make it the finest display ever witnessed in this city. We can assure our country friends that it will abundantly pay them to come to town, and help to swell the ranks on that occasion. Let it be such a demonstration as will be entirely worthy of the gallant and unterrified Democracy of Lancaster county. It is a duty you owe to be amply repaid for so doing by the beautiful display of fire-works, and the fine procession you will witness. Let each man resolve that he will come.

Long before the hour of meeting, 74 o'clock, and Instanding the damp and threatening state of the weather, crowds wended their way to Centre Square from all parts of the city. Large numbers of ladies were in attendance, who obtained eligible positions in the buildings on the Square, and the Intel. ligencer office, in front of which the main stand had been erected, was crowded with the fair sex. As the different Ward and being drafted, or those who only wait their Locomotive Works' Clubs came filing into · Square, with the splendid music of the Band of the Young Men's Democratic Association, the beautiful transparencies with their appropriate mottoes, the waving of kerchiefs and the shouts from thousands of stentorian lungs, the scene was grand and imposing, and one long to be remem

His scathing denuncihad boldly denounced Lincoln for imbecitity and corruption, and yet are now supporting him, elicited the most hearty applause from the audience. He paid a glow-

His concluding appeal for the people to rally to the support of our gallant nominees was a thrillingly sublime flight feetly entranced. There was general regret expressed when he concluded. Two magnificent bequets were presented to him.

heartily cheered and applauded. The meeting, as we have said before, was by far the greatest local assemblage ever convened in this city, and our Abolition amazed at the spirit and enthusiasm of the meeting and the vast numbers present. The "hand-writing is on the wall," and they must prepare to meet their fate.

Dark as the district is this meeting far exeded in numbers one held by the Shoddyites a few evenings since. This is admitted to be so by all who were present. There were many Conservative men present who had never voted the Democratic ticket, or been in the habit of attending Democratic meetings. These people are thinking seriously, as it behooves all intelligent men to do in this critical period in our country's history. From this class the Democratic party will receive vast accessions of strength in the present campagn. The meeting was the cause for you to come, while you will addressed by H. G. Smith, W. R. Poor Men Remember that Abraham Lincoln recommended to Congress the repeal of the \$300 clause in the conscription act, and that it was only by his mighty Administration influence that he brought the Abolition members to vote for it. Every Democratic member voted against its repeal. Laboring men know well the effect of this repeal upon them. They may thank "honest" Old Abe for all this. He asks now their votes to retain his power; could impudence go further? Ask those he is forcing into his "slaughter pens" to give him their free suffrages? The shoddy conctors, quartermasters, &c., can buy their substitutes, and well afford to hurral and vote for Lincoln. Will the poor men now turn, vote for the smutty old loker and

THE MASONIC DEDICATION AT YORK .-Gen. Lewis Cass. The Masonic fraternity of the Borough of York, having the past season, through the enterprise and liberality of Mr. Stallman, an ardent and devoted member of the fraternity, erected a new and beautiful hall, dedicated he same to Masonic purposes on Thursday last. The ceremonies, which were grand and imposing, were participated in by the Grand Lodge of Pennsylvania, and by Lodges from Columbia, Carlisle, Hanover this city, and by members of Lodges from of Detroit:

other parts of this State and Maryland .-The procession was formed at 9 o'clock A. M., in front of the Odd Fellow's Hall, and after parading through the principal streets of the borough, accompanied by two excellent bands of music, one of which was the City Cornet Band of this city, proceeded to the Lutheran Church, where the Rev. John Chambers, of Philadalphia, the Grand Chaplain of the Grand Lodge of Pennsyl vania, offered a fervent and appropriate prayer, and after reading a chapter from the Bible, delivered one of the ablest, most eloquent and instructive addresses we have ever listened to, after which the procession

was again formed and proceeded to the Hall, when the same was duly dedicated by the grand, imposing and beautiful ceremonies of the order, to the use of Free Masonry. In the evening, at 7 o'clock, the R. W. G M. of Pennsylvania, constituted Patmos Lodge No. 348, of York county, after which the members of the craft sat down to sumptuous and elegant entertainment, to which ample justice was done by all the

participants.

Our Masonic friends of this city speak in the most glowing terms of the hospitality of their Masonic brethren of York, and o its citizens generally. Where all were so generous and hospitable, it would be invid ous to particularize. The pleasure which they experienced will be a green spot in their memories as long as life shall last.

> TAKEN IN .-- One of our Lancaster count farmers, whose name we could not learn, has recently been the victim of a sharp dodge at the hands of a local "sharper," The farmer had been on the look-out for a substitute, and at last secured one as he thought. He met a man at Columbia, proposed terms to him, which were accepted, and immediately brought him to this city to be sworn in. After coming here, and th substitute in embryo having secured all the money he could from the unsuspecting farmer, he requested him to accompany him to his cousin's residence, who lived there, and the substitute went in, requestoutside while he was talking to his "dear tute forgot about his friend who was anxiously waiting his appearance, and at last accounts had not yet come out of the house. This is the renewal system, which is practised as well upon the side spurs and anes as on those that grow from the base

FROM THE NEW YORK LUNG INSTITUTE, will be at the Cadwell House on Wednesday, September 7th, where he will be prepared to treat by Inhabition of Oxygenized Air all diseases of the HEAD, THROAT and LUNGS, together with all diseases requiring a purification of the blood; the oxygen is breathed directly into the lungs and through them is carried with the blood; thus as soon as the blood will carry it it reaches all parts of the system, decomposing the impure matter in the blood and expels it through the pores. By this mode of treatment the patient does not have to be dosed and doctored for months to cradicate disease. Relief is had from the time of breathing it, and a few applications are only necessary to eradicate the disease entirely.
