This exhibits an average annual expenditure, through four years of expensive war, prosecuted under many and great disadvantages, of \$70,161,813.
Could the transactions of the department have been conducted on the true. ment have been conducted on the true 1,624 or of paper convertible into money at the will of the holder, our naval war expenses would scarcely exceed, perhaps not equal the current expense of either for the great maritime powers during the same period. There is also this great difference. Those powers had a navy already constructed and in commission. We have had to create and pay for one, in addition to our annual current war expenses. Were the cost of our vessels that have been constructed, or put in the course of construction, for the navy since the institution of active measures for the suppression of the rebellion. Some of them have been built navy since the institution of active measures for the suppression of the rebellion. Some of them have been built by contract; others by the government, in the several navy yards. If we add to the number those constructed under similar circumstances, and within the same period, that have been lost by shipwreck, in battle, &c., viz: the sloops Housatonic and Adirondack, and the iron-clads Monitor, Weehauken, Keokuk, Indianola and Tecumseh, the the bills of contractors and others, has still further increased the aggregate of expenditures and augmented the difficulties in the work of creating and organizing the naval force. The rest of the report is occupied with a summary of the reports of the Chiefs of Bureaus and with some appropriate The offer of League Island, as altogether the best site. In reference to the proposed Navy Yard on the Mississippi, it is stated that a commission composed of Rear Admiral Charles H. Davis, Lieut. Col. A. H. Bowman, U. S. Engineers, and George W. Blunt, a civilian, is now considering the subject of a site for it.

The report urges the creation of the rank of Vice-Admiral, to be conferred on Rear Admiral Farragut, as a reward for his great victories. A draft of bill is submitted for increasing the number of officers on the active list in the grade of commodore, captain, commander, and lieutenant-commander, and also for its corporating into the regards.

corporating into the regular service of a few volunteer officers who have rendertary says that under the enactments of ion, not only the full comple-

ment of men required has entered service, but a surplus of many thousand of landsmen have offered who could not be received. The want of seamen is still left. The Sebine has been fitted by felt. MISHLER HERB BITTERS. These Bitters are rapidly winning their way to public favor, and before long will be the only ones in popular demand. The cures they have effected for years past has induced the proprietor to bring them more particularly before the people. They are not a new remedy, the recipe for making the "Bitters" having been in the possession of the proprietor for many years. The ingredients are composed of the following medicinal herbs and roots, all possessing well known curative powers, and are warranted not to contain any other article: Elecampane, Burdock, Spikenard, Soapwort, Peruvian Bark, Buchu, Spicewood, Mulein, Slippery Elm, Sassafras, Sarsaparilla, Gentian Hoot, Juniper, Spirits Nitre, Balsam Copavia, Cubebs, Dandellien, Pure Spirits and Barberry. The Bitters have been used by persons afflicted with various diseases for some years past, and such has been their success in curing the most obstinate diseases, that the proprietor is now induced for the first time to offer them to the public, with the full confidence and a willingness to guarantee that if properly used they will effect permanent cures in the most obstinate cases of diseases. HANOVER, Pa., Feb. 16, 1859.

DEAR SHES: Having realized in my family important benefits from the use of your valuable preparation—Wistar's Balsam of Wild Cherry—it affords me pleasure to recommend it to the public. Some eight years ago one of my daughters seemed to be in a decline, and little hopes of her recovery were entertained. I then procured a bottle of your excellent Balsam, and before she had taken the whole of the contents of the bottle there was a great improvement in her health. I have, in my individual case, made frequent use of your valuable medicine, and have also been benefitted by it.

VERMIFUGE AND CONFECTIONS. B. L. FAHNESTOCK'S

VERMIFIGE.

DEAR SIR: We take much pleasure in assuring you that there is no Vermifuge now in use that we think equals yours as a WORM DESTROYER. We have sold it largely at retail, and with uniform success. We are Druggists and Physicians, and have prescribed it for our patients, and have been well satisfied with its effects.

THREE HUNDRED INVALIDS, have been cured since November, 1802, by the various modifications of Electricity as applied at the Electrical Institute on Orange street, between Duke and Lime streets, Lancaster Pa. street, between Duke and Lime streets, Lan-caster, Pa.

NOT ONE CERTIFICATE
has been published since the Electrical Insti-tute has been established in Lancaster, but this system of practice has been left to sink or swim system of practice has been left to sluk or swind upon

ITS OWN MERITS.

Some of the most respeciable and substantial citizens of Lancaster county, have been treated and cured, as can be seen by reference to themselves, or the books of the Institute.

of every kind have been treated successfully, and in a number of instances, after all other systems and medicines had failed, and the individuals had been pronounced incurable and GIVEN UP TO DIE.

Pulmonary Consumption, Liver Diseases, Diabetis, Piles, Dyspepsia, Catarrh, Paralysis, Hemiplegia and Paraplegia, Hemeopia, Aphonia, Laryngitis, Trachelismus, and all diseases of the throat and vocal organs, Bronchitis and Pleuritis, Neuralgia, Sciatic, Spinal Weakness, Epilesy, when arising from functional disturbances of the Organism; Chorea or St. Vitus Dance, complaints incident to Females, and especially PROLAPSUS UTERI

bance, complaints incident to Females, and, especially
PROLAPSUS UTERI
or falling down of the Uterus, can be permanently cured, and all nervous affections yield to the action of the Galvanic and Electric currents, when properly applied.
One would be led to suppose, from the practical demonstration given of the wonderful healing properties of Galvanism in the above diseases, that its efficacy as a Therapentic would be doubted by no one, and yet we occasionally come across an individual who will not believe, simply because the Medical Faculty, as a general thing, have not taken hold of it, they would say that there is hardly a Braithwait's Retrospect published but what refers to the healing properties of Electricity, and then would not if the faculty understood more about it they would prefer it to all other remedles, also, that some of the best Physician of the transit in the United States have adopted it. Herafter, however, in order to gratify all, there will be at the Institute an eminent Physician of FORTY YEARS ACTUAL PRACTICE, and we cordially invite the diseased of classes to call and examine into the merits of this system, as consultation and advice, to gether with pamphlets, will be given Free of Charge.
