Local Intelligence.

PROCEEDINGS OF CITY COUNCILS .- Councils met statedly on Tnesday evening last: In Select Council .- Mr. Zahn presented the following communication from the Mayor which was read, and also read in Common Council:

Common Council: MAYOR'S OFFICE, Lancaster, March 7th, 1865. To the Select and Common Councils: GENTLEMEN: I cannot too strongly urge upon your attention the absolute necessity of the most rigid economy in the expendi-tures of the Corporation during the present fiscal year, and whilst the war in which the country is etill encroped continues. Unless country is still engaged continues. Unless this is done, it can be foreseen, with uner-ring certainty, that one or two things will inevitably follow: Either the hitherto un-tarnished credit of the city will be serious-lummarised or no must resort to additional ly impaired, or we must resort to additional taxation to make up the deficiency. In either aspect of the case such an alternative is to be deprecated, and every possible effort should be exerted, in the way of re-trenchment to every deficiency.

The taxation, for war purposes, present and prospective, to which the people are now looking forward with serious and wellfounded apprehension, must necessarily bear with great severity upon all classes of our population, and it therefore behooved our population, and it who are entrusted with the disburs those who are entrusted with the disburse-ment of the finances of the Corporation to see to it in time that no detriment shall ac-crue from hasty or inconsiderate legislation, or any unnecessary expenditures of the public funds. The taxation for city pur-poses is now, and has been for the last eight or ten years, quite high enough for all neces-sary and legitimate purposes, and should sary and legitimate purposes, and should not be increased at a time when the burthens not be increased at a time when the burthens imposed by the war, directly and indirect-ly, have become so onerous and oppressive. The credit of the city must be maintained at all hazards and under all circumstances, and these suggestions are respectfully made at the commencement of the present fiscal resurts of thet your gentlement on whom

year, so that you, gentlement, on whom devolves the entire legislative responsibility, may, in your enlightened judgment, through may, in your enlightened judgment, inform the necessary safe-guardsarround the Treas-ury, and keep the expenditures within proper bounds. There is serious danger looming up before us in the near future, and you will pardon me for this intrusion of my opinions and advice upon your deliberations deliberations.

I have only to add that I shall endeavo to discharge my duty honestly and faith-fully in the present crisis of affairs; but the hands of the Executive are in a great meas-ure powerless, without the cordial co-operahands of an ure powerless, without the contained of Councils. GEO. SANDERSON.

Mr. Zahm, chairman of the Finance Committee, presented the annual report of that body of the estimated receipts and expenditures for the present year, which was read, and, on motion, adopted In Common Council.-The report was laid

on the table until next meeting, with a desire that the report be published for the information of the members.

The report is as follows: To the Select and Common Councils of the

City of Lancaster In discharge of a duty imposed upon the Committee of Finance and Accounts of your Committee of Finance and Accounts of your bodies, they respectfully submit for con-sideration and action the accompanying es-timates of receipts and expenditures of the corporation for the present fiscal year; and they take pleasure in the reflection, that so far us their information extends, the gov-common of the dity of Lancester is a conernment of the city of Lancaster is as eco nomically and judiciously administered a that of any other city in the Union of sim that of any other city in the Union of simi-lar size and population; that the finances of the city are in a healthy condition, its credit unimpaired, and all the demands upon its treasury paid at sight; and indulge the hope that it will be the constant aim of all in authority to perpetuate so desirable a state of things. The estimates referred to are based upon

The estimates referred to, are based upor an assumed taxation of 90 cents per \$100 valuation, which is the same that has been levied for municipal purposes for the past few years. The committee, in view of the burdens resting upon the people, in the "hape of bounty and other taxes, with the high rate of living, growing out of the cahape of bounty and other takes, high rate of living, growing out of the ca-lamitous civil war in which the country i involved, have felt disinclined to any ir crease of the rate, however necessary such a measure would be to realize expectation of liberal appropriations for objects, r ed as conducive to the interests and y cts, regard of the citizens

Without a resort to increased taxation one at \$78.50; and one at \$100. nost of the present appropriations of neces-sity must be abridged in comparison with corresponding ones of other years; and in that connection the committee reluctantly are constrained to recommend, that for the

Councils of the City of Lancaster, that the city tax for the present fiscal year be as-sessed at the rate of 90 cents per \$100 on all property made taxable by law for city pur-poses—namely, 60 cents of the rate for in-terest, and 30 cents for other objects. *Besolved*, That the taxes and other receipts into the treasury during the year be applied to the objects and in the amounts stated in the foregoing report, and to none other, unless Councils should hereafter diferently direct.

GODFRIED ZAHM, ROBT. H. LONG, JACOB L. FREY, Com

Lancaster, March 6, 1865. In Select Council-Mr. Zahm offered esolution fixing the rate of taxation 90 ents per \$100 valuation, being the same, ubstantially, as the one embraced in the

This preparation is particularly recommend-ed to the Medical Profession of the public for the prompt and certain cure of DISEASES OF THE BLADDER, KIDNEYS, It may be relied on as the best mode for the administration of these remedies in the large class of persons of both seres to which they are algorithmed by the concentration the dose is much NUCL. Persons or a cadicat to a the Tar THE LANCASTER & CLABION BIVER B. MISS HLE BARS. These Bitters are rapidly winning their way to public favor, and before long will be the only ones in popular demand. The cures they have effected for years past has induced the proprie-tor to bring them more particularly before the people. They are not a new remedy, the recipe for making the "Bitters" having been in the possession of the proprietor for many years. The ingredients are composed of the following medicinal herbs and roots, all possessing well known curative powers, and are warranted not to contain any other article: Elecampane, Bur-dock, Spikenard, Soapwort, Peruvian Bark, Buchu, Spicewood, Mullein, Slippery Elm, Sas-safras, Sarsaparilla, Gentian Hoot, Juniper, Spirits Nitre, Balsam Copavia, Cubebs, Dande-lien, Pure Spirits and Barberry. The Bitters have been used by persons afflicted with vari-ous diseases for some years past, and such has been their success in curing the most obsting te diseases, that the proprietor is now induced for the first time to offer them to the public, with the first time to offer them to the public, with the first time to offer them to the public, with the first time to offer them to obstinate cases of diseases. They are a certain remedy for Dys-pepsia, Liver Complaints, Loss of Appetite, Norbus, Rheumatism or pains in the limbs, Cramp in the Stomach, Neuralgia, Diseases of the Skin, such as Scrofula, Ulcers, etc. Also, Piles, Worrs, especially Seat Worms, and all other diseases arising from a disorganized or diseased stomach or impurity of Blood. As a Blood Purifier and Tonic or general Appetizer these Bitters are also without a rival, and should be kept in every family. These Herb Bitters are warranted to cure all venerial dis-eases, no matter of how long standing. The manufacturer recommends if for this class of diseased stomach or impurity of Blood. As a Blood Purifier and Tonic or general Appetizer these Bitters are also without a rival, and should be kept in every family. THE THROAT, LUNGS AND CHEST, INCLUDING EVEN

CONSUMPTION

WISTAR'S BALSAM OF WILD CHERRY. Sogeneral has the use of this remedy become, and so popular is it everywhere, that it is un-necessary to recount its virtues. Its works speak for it, and find utterance in the abun-dant and voluntary testimony of the many who from long suffering and settled disease have by its use been restored to pristine vigor and healt. We can present a mass of evillence in proof of our assertions, that

CANNOT BE DISCREDITED

THE REV. JACOB SECHLER,

Well known and much respected am German population in this country, m following statement for the benefit attlicted:

walking near the patch, heard the voice of the youngest solemnly engaged in prayer, and drawing near listened to the following petition : "O Lord make my corn grow geat big corn, but make

Real Estate.

they are one tract. They both have comforta-ble improvements upon them. They are bounded on the south by the Baiti-more and Ohio Raliroad, and on the north by the Baitimore and Frederick Turnpike, and are 6 miles from Frederick and 1 mile from New Market and Monrovia Depot. The above farms can be bought at a bargain, on the most reasonable terms. There is wood enough on them to pay the purchase money. For further particulars address

present year but one half of the customa present year but one half of the customary allowance to the Fire Department be grani-ed; feeling assured that the good sense of the gentlemen composing the several com-panies, that for many years received, when in more needly circumstances, the fostering care of the Corporation, will rightly divine the reason for and cheerfully acquiesce in the act.

In explanation of the items of appropria tion, the Committee think proper to remark, that nearly all are indispensable to the that nearly all are indispensable to the working of the City government, and their amounts are such as years of experience have shown to be requisite. The Street ap-propriation is unavoidably reduced to ruber a mengre sum by the necessary pre-cedence of the others which cannot be dis-pensed with, with perhaps the 12th item as the only exception. The amount of that item, if Councils should so determine, very probably might be transferred to the Street probably might be transferred to the Stree appropriation, without detriment to the public interests.

public interests. The temporary loans payable in the ap-propriation bill were created in 1864, \$1,-539,44 of the amount was applied under au-thority of Councils to the cost and erection of one of Kraatz's improved turbine water wheels and incidental labor and material at the water works on the Conestoga. The power of this wheel is much greater than that of the old under-shot one it displaced that of the old under-shot one it displaced, and its performances of ar appears to justify the confidence that prompted the introduc-tion, in its superiority to the old wheel, on the score of effect and economy. \$2,037,90of the loan was expended on the water works, after the appropriation therefor was exhausted, in consequence of the unusually long draught of the summer and autumn, that rendered the employment of the steam engine necessary for pumping, at a cost that of the old under-shot one it displaced engine necessary for pumping, at a cost alone for coal, as fuel, of over \$1,800, and the many leaks that occurred on the line of the main pipes between the water house and the reservoirs, and at other places, \$150and the reservoirs, and at other places, \$150 thereof was appropriated extra to streets, and the remaining sum was required and used to meet the increase in salaries of some of the city officers and pay of watchmen, allowed by Councils towards the close of the year, after the appropriations were made, and for an addition to the contingent fund.

The salaries provided in the bill, are the same that were paid last year under fixed ordinances and resolutions to most of the ordinances and resolutions to most of the officials, and also under temporary arrange-ment to the following named, whose allow-aunexed, payable monthly: High Consta-ble, 8350; each of the four City Constables, 8275; Street Commissioner, \$350; Superin-tendent of Water Works, 8600; Engineer and pumper at Water Works, \$500; Market Master, \$200; and Keeper of the City Lock-up, \$72. Tax of 90 cents per \$100 on prop-

Rent of city property. Addition to tax duplicates for default of payment. Addition to water rent duplicate.

113.621,682.79

\$47,721.41 And the expenditures are rec to be as follows :

\$20,443 72 6,700 00 1,000 00 3.100 00 $\begin{array}{c}
950 & 00 \\
5,297 & 00 \\
600 & 00
\end{array}$ 3,000 00 9. To pay abatement for prompt payment of City taxes...... 1,250 00 10. To pay abatement for prompt navment of water rents 350 00 11. To pay per centage for collection of taxes after Dec. 1...
12. To pay 12 night watchmen during three winter months of 90 days at \$1.50 each per winter 400 00 night

13. To pay contingencies 3,010 69 \$47.721 41 The debt of the corporation is as follows:

 Five per centum loan
 \$45,650 00

 Five and a half per cent. loan
 3,300 00

 Six per cent. loan
 299,662 02
 ..\$348.612 02 Of which loans, your committee

as "Commissioners of the sink-ing fund," hold the following amount bearing six per cent.

\$49,367 06 Leaving the debt outstanding.....\$299,244 96 The accumulation of the sinking fund in the last year was \$4,085, extinguishing that much of the city debt.

In conclusion, your committee recom-mend the adoption of the following resolutions in connection with their rep

Resolved, By the Select and Common

in a shore in the Point of Rocks Hospital, Maryland. This information was received by his widow in a letter from the Chaplain of the Hospital. She had written to him, not being aware of his death, and received the above sad reply. PERSONAL.—Rev. F. Augustus Gast, at present pastor of the German Reformed church at New Holland, has been appointed Chaplain to the 45th Regiment, P. V. AN AFFLICTED MAN DRAFTED—WILL he since in the Point of Rocks Hospital.

AN AFFLICTED MAN DRAFTED-WILL HE BE HELD FOR SERVICE?-Very many are the ills to which human flesh is heir, nd it is surprising how the afflictions of mortals are developed by the impending draft. Men who have all their lives been egarded as models of manly perfection, and looked upon as the picture of robust alth, are suddenly found to be afflicted with more diseases than ever racked the form of old Job. As it is not unlikely that he rigors of conscription will be felt in some of the districts even of this loval county, we ommend the following specimen of an affidavit to any afflicted mortal who may be searching his frame to discover causes for exemption. We think we are safe in saying that any one having all the ailments immed up and sworn to in the following affidavit, which we find in the Evening Record published at Reading, would not be held for service. The Record says it is an exact copy of an original document:

Berks County ss :

Berks County ss: Personally appeared before the subscriber one of the Aldermen in and for the City of Reading, _____, of Bethel township, Berks county, who being duly sworn deposeth and saith: That he has been lately drafted and claims exemption on the following grounds: Tha: he has Liver Complaint and cant of sl-ep at night; has falling fits, and veringo, in the head; that he rupfured the pattella of his right knee which slips when walking; that the toes of his left foot were frozen and had to be amputated; hasconfirm-ed consumption of the lungs and night tion in respect to rainfall : Rain fell in London to the amount of 43 inches, which is equivolent to forty-three tuns of rain per acre. The rain fell during last week, varied from thirty tuns per acre in Edinburg, to two hundred and fifteen tuns per acre in Glasgow. An English acre consists of 6,282,650 square inches; and an inch deep of rain on an acre yields 6,272,-240 cubic inches to the gallon, makes 22,822 gallons; and as a gallon of distilled water weighs ten pouuds, the rainfall on an acre is 226,225 pounds avoirdupois; but 2,240 pounds are a tun, and consequently, an inch deep of rain weighs 100,993 tuns, or nearly one hundred and one tuns per acre. For every one hundred th of an inch a tun of water falls per acre. If any agriculturist were to try the experiment of distributing artifically that which Nature so bountifully supplies, he would soon feel inclined to the tree ad he though of 1 on in respect to rainfall : ed consumption of the lungs and night sweats; has dyspepsia and cannot eat strong victuals; has had chronic diarrhœa for sevenvictuals; has had chronic diarrhoe for seven-teen years next May; has lost all his teeth except the left eye tooth on the upper jaw and the stomach tooth on the lower jaw; has a disease in both ears called otorrhoea, is very near slighted; has rheumatism in his hips and shoulders; is much afflicted with the gravel and has been doctoring many years for the niles; has nedwoi of the nose

years for the piles; has polyxpi of the nose so that he cannot breathe freely. Besides the above he is the principal support of his grand-mother who is bed ridden in Ger-Many. Sworn and subscribed to before me this 4th day of March 1865. (Signed _____

AN ENGLISH RECIPE FOR THE CURE OF HYDROPHOBIA.—Everything relating to the prevention or cure of that terrible disease, 375.00 ydrophobia, in valuable. A Mr. W. Clif ford, of Doddington, England, writes to the Southeastern (Fazette as follows : 100.00

A long letter is published from Major Having seen in your paper an account of the death of a poor boy at Greenwich from hydrophobia, I am induced to inform you of a preparation, which, if taken in time after a person has been bitten, will prevent this dreadful malady; though it will not cure it when the patient has once got into a rabid state. I know of two per-sons in this village who were bitten by a General Pope this morning, in reply to Governor Fletcher, asking his views as to the best use of the Union military orces in this State, and their relation o the present and prospective condition of Missouri. of Missouri. General Pope gives a candid revièw of the condition of affairs as he finds them, sees but little difficulty in the way of re-establishing the civil law, and urgently recommends the people throughout the State to unite in active measures to bring about that and sons in this village who were bitten by a mad dog, but who took this remedy, and are now living. I can also testify to several other instances in which it has been administered. how fiving. I that also testify to several other instances in which it has been administered, both to persons and to animals, with equal success; indeed, I have never known it to fail. It has been in the possession of a family in the neighbohood for upwards of 100 years, until it came into the hands of one member who was much reduced, and I, with some neighbors, was induced to buy it, not with the view of profit, but to make the remedy known for the good of the piblic generally. I now enclose you the recipe, in order that you may publish it, should you think proper. The herbs should be good, and the mixture carefully made; and if well corked it will keep any length of time. The following is the recipe; Take dried herbs of bear's foot, wood beteny, woodsage, agrimony, box, and rue, each 20z, with a small piece of nightshade. Cut these small, and put them into a galon of rain water and boil out measures to bring about that end, and rid themselves of the present provost marshal system, which, if continued marshal system, which, if continued long, can only result in great injury to the State by abrogating the great prin-ciple of self-government. He does not purpose to abolish martial law, at least until effective civil machinery can be put in operation throughout the State, but wishes the people to take immediate measures to reassert their manhood, perform their full duty as citizens, and restore peace and order, and make the military subordinate to and make the military subordinate to the civil law. To this end he pledges lightshade. Cut these small, and put then all the assistance at his command, and

Letter of Major General Pope.

former were wounded,

ST. LOUIS. March 8th. 1864.

nightshade. Cut these small, and put them into a gallon of rain water, and boil all together in an iron vessel until reduced to a quart. When the liquid has boiled some time add one ounce of antimony, and an ounce of filed pewter. If alf a pint to be taken three mornings fasting for an adult, and a smaller quantity in proportion to the age by younger persons. The same quantity to be taken again at the next full of the moon. The patient to abstain from any spirituous liquors, and be very careful not to heat the blood by violent exercise." draw the military forces under his com-mand to a position more suited to their taste, and where they can be of greater service in crushing out the rebellion. In this connection the Governor has

PERSONAL.-Major Milton Weidler, son of Dr. Isaac C. Weidler, of U. Leacock township, and Major of the 2d Pennsylvania sistance when and where needed Veteran Reserves, arrived in this city on

Wednesday, from Danville, Va. The Ma jor was taken prisoner last summer by the Confederates, and confined at Salisbury, N. C., for a short time, and afterwards removed to Danville. He was released on parole on the 22d of February, and looks very well and is in good spirits.

N. O. SHIPLEY N. O. SHIPLEY, New Market, Frederick county, Md. N. B. I. will also sell one farm adjoining Mon ovia Depot of about 20 ACRES, abounding in imestone, and equal to any land in the State feb 1 3mw 4] N. O. S.

TEAL ESTATE AT PUBLIC SALE by pursuance of an order of the Orphans' ourt of Lanc ster county, the under igned dministrator , the estate of Margaret Wise, we of West Occalico township, said county.

late of West Cocalico township, said courry, will sell by public vendue, on the premises, on SATURDAY, the later day of APRIL, 1885, the following real estate, viz: A small tract of clear land, containing TWO ACRES and %5 PERCHES, more or less, where-on are er cted a ONE-SIORY LOG DWELL-ING HOUSE a spring, a "TABLE, Spring House, &c. There is a small orchard of choice fruit trees on the premises. The land is in a g od state of cultivation, and conveniently divided into fields. The property is situated within about 300 Evening Dress.-Light gray moire antique

and conveniently divided into fields. The property is situated within about 200 yards of the Keading and Columbia Railroad, on the road leading from the oil Reading and Lancaster road to White Hall, and adjoins properties of Henry Kegerreis and Widow Lichty, In West Cocalico Iownship aforesaid. Sale to commence at 1 o'coick, P. M., when terms will be made known by the undersigned daministrator. URUS REAM, mar 8 tw 9

head. Evening Dress.-Light gray moire antique robe, provided with a passementerie orna-ment fringed with light beads, so placed on the dress as to stimulate a tunic. The bows down the front of the skirt, of the same ma-terial as the dress, are edged with two rows of beads. The corsage is ornamented in a similar style. Gray velvet bonnet a fachon; a velvet band passing across the middle at-taches the lace of the fanchon. Ball Dress.-White silk robe, ornamented with rolls of satin surmounting a flounce composed of upright satin rolls between two rows of white satin fluting. Over the robe is a tunic forming a sort of train, and sur-rounded with a flounce of plaits and bouil-lonnes/very similar to the ornamenting of the lower part of the dress. The coursage is round, and the bertha is trimmed to match the other portions of this ball toilet. Pearl neckhace and head dress of marguerites. Waking Dress.-Light brown silk robe, trimmed round the skirt with two wide bands of black velvet edged with small balls and surmounting a plated flounce. The corsage habit, or coat corsage, is also trimmed with velvet balls and passemen-tege round the edges of the back-turned talls. Green crape bonnet, without bavolet, but ornamented behind with a profusion of magenta velvet ribbons. HESTER COUNTY FARM AT PUBLIC SALE.—The subscriber having enguged in ther business, will sell at public sale, on MONDAY, MARCH 13th, 1855, at 1 o'clock, P. M., hig.farm, situated in Husselville, UpperOx-MONDAY, MARCH 13th, 1895, at 1 octock, P. The last leases are subject to one diffin-oral scoures to the Company the right to all the Oll, Coal. Iron and other valuable substances found thereon. 6. The fee simple of a tract of land known as the "Moore Farm," containing Fifty-six acress on Five-mile creek, in Hocking county, Ohio, distant three miles from the chara. The New-ark railroad runs through the farm. There is a mountain on each side of the tragt--the one has an abundance of excellent iron ore, and the other a large quantity of coal, and there is a furnace within half a mile. This is a valuable investment, independent of the oli we expect to obtain from 1t, the indi-cations of which are very strong here. There was a well dug on the farm several years ago for the purpose of watering cattle, but there is so much oil in the water that cattle will not drink it. The oil found on the Ohio lands is the "Lubricating Oil." which is much more valuable than that found in Pennsylvania. There are a number of valuable producing wells in close proximity to all of the above properties, but the regions are only beginning to be developed, and have every indication of being located in the very best oil territory. The great excitement now only com-mencing to rage in regard to oil treitory on the Clarion and Hocking rivers and their tri butaries, and the fact of the Company waring so large anamount in different locations, leaves no doubt in the minds of the Directors that the Company will be able, in a short time, to dis-posing of a large portion, or its property at prices far exceeding the original cost, thereby securing three any oll is obtained; as, after dis-posing of a large portion, the Company will still have amply sufficient territory for the purpose of developent. In calling the atten-ito of ocapitalists and the public generally to this enterprise, the Directors thave determined to spare no efforts to push the sinking of wells to completion as fast as possible, with the view of realizing permanent business prof to any address. THE CHEROKEE PILLS and REJUVINAT-ING ELIXIR are sold by all enterprising drug-gists in the civilized world. Some unprinci-pled dealers, however, try to sell worthless compounds in place of these; those which they can purchase at a cheap price, and make more money by selling than they can on these medi-cines. As you value your health—ay, the health of your future offspring—do not be deceived by such unprincipled druggists, ask for these medicines and take no other. If the druggist will not buy them for you, inclose the money in a latter, and we will send them to you by Express, securely sealed and packed, free: from observation. Ladies or gentlemen can address us in per-fect confidence, stating fully and plainly their diseases and symptoms, as we treat all diseases of a chronic nature in male or female.
