HORRIBLE AFFAIR AT REAMSTOWN-MURDER OF A WIFE BY HER HUSBAND. -On Sunday evening, between eight and nine o'clock, a horrible murder was committed in Reamstown, this county, had a startling effect upon the citizens of that quiet village and vicinity. The facts, as far as we have been able to gather them, It appears that a man named Gibson Pe ters, who had not been on good terms with his wife for some time, had a quarrel with her in the morning. In the evening he again went to her house and meeting his wife in the entry, deliberately stabled her near the heart with a pocket-knife, which was found in the entry afterwards. As soon as he committed the deed he ran out of the house and up the street, his wife following after and screaming "murder. She ran to the front steps of Mr. Elias Weitzell's house, some twenty yards distant, where she fell. She was immediately carried back to her own house, and Drs. ### AFTERNOON SESSION.

The Convention re-assembled at 11 o'clock. The first business was the consideration of the original resolutions as amended, up on which another exciting discussion (and which did not seem to be made very clear or plain by the speeches elicited from the various gentlemen participating), ensued. Some parties maintained that the amendment to the amendment was a substitute for equally decided in the opposite. Amid at-tempted explanations, calls for the previous question were made, which was sustained. The vote on the original resolutions as amended was then taken, and decided it were ordered. ["Confusion worse confounded" again followed, during the reign of which calls were made for the reading of the resolutions, and a proposition substituting the name of Col Joseph W. Fisher of the 195th Regiment, P. V., for that of John A. Hiestand, for Auditor General, and the attempt of several gentlemen to obtain the floor. Order was soon restored | was brought to the city on Monday, and by the Chairman ruling all debate out of order, and the calling of the yeas and nays | his trial for murder. proceeded with the following result : Yeas, 104; navs, 75,

A difference of opinion then arose as to the propriety of proceeding to the nomination of a candidate for County Treasurer or those for the Legislature, when on motion, the Convention proceeded to the nomination of candidates for the latter. The following

were nominated: R. W. Shenk, City. Day Wood, Fulton. Charles Denues, Manor. John M. Stehman, Penn. Philin Guarles Iche Lie Philip Gossler, Columbia. D. G. Stacy, Bart. Andrew Armstrong, East Donegal.

The first ballot resulted in the selection of W. Shenk, Esq., Day Wood, Charles Denues and John M. Stehman. The Convention next proceeded to nomi-

nate candidates for County Treasurer, as follows:

John D. Skiles, City. Joel Miller, East Lampeter. Samuel Ensuinger, Manheim. John Baker, City. John B. Gish, West Donegal.

John H. Shirk, East Earl Previous to the taking of the 1st ballot delegate arose and moved that John H. Shirk of East Earl, a returned soldier, be nominated by acclamation. The question was put, and the Chairman said "the ayes appear to have it," and then, strange to say directed the balloting to be proceeded with. Five ballots were taken before a selection was made. On the fifth ballot, Samuel Ensminger, of Manheim borough, was chosen over the soldier candidate by the following vote:

The fire was fortunately discovered by several neighbors, who raised an alarm. By the exertions of Messrs, Lewis Haldy, Daniel A. Altick, John B. Kevinski and others, to stay the extension of the flames, and the sistance of the Friendship Fire Company with their apparatus-being the only com pany on the ground-the fire was soon exinguished, and what might have otherwise proved a more serious conflagration precented. The fire originated in the oven and was accidental ; there being too large a fire in the oven, it extended to the shelves on which the cores were laid to dry and from there to the boxes.

SHOP-LIFTING .- One of the most exten sive cases of shop-lifting that has come to our knowledge for some time, was perperated on several of our merchants, on Saturday last, by an elderly woman named Margaret Hoffman, of Manortwp., Lancaster county, where her husband, a well-to do farmer, resides. From the store of

John P. Myer she took a web of calic valued at \$6 ; a Balmoral skirt, valued at \$8 from Bair & Co.; a web of muslin, valued at \$16, from Jacob G. Getz's store ; a pair of poots, valued at \$3, from the rack in front of P. McConomy's store; a dozen white andkerchiefs from C. Schaeffer, and several brushes from the store of Mr. Weaver The calico being missed by Mr. Myer, suspicion was cast upon the woman, and offi-

cer Huber was sent in search of her, whom ne found in West King street in possession of the goods. Being brought to the office t was suggested that the room where she generally put up at during her visit to mar ket be examined, when the other articles

identified by their respective owners, were found, and to the larceny of which she rather hesitatingly acknowledged. The boots she persisted in saying were pur chased by her husband and given to her but he denied the allegation at once, and she finally acknowledged to having taken

them. Complaints were made by the re spective owners, and in default of \$200 bail n each case, she was committed. The resi dence of the accused was subsequently searched by the officer, and another web o calico, belonging to Mr. Getz, and a pair of boots, not yet identified, were found.

RELIGIOUS .- The United Brothers will hold a Camp Meeting in Bruner's Woods, t Reinhold's Station, on the line of the Reading and Columbia Railroad, to com-

aence on Monday, September 4th, and to continue through the week. Every accomodation will be provided by Col. Jess Reinhold. The Railroad Company will run excursion trains.

The river runs boiling water, and the roots of the trees along the bank look like wash-women's thumbs after a siege in the wash-tub. Where they are prepared to treat successfully all diseases of the human system with their OXYGENIZED MEDICATED INHALA-TION. The inhalations are breathed directly into the lungs, and through them carried into the blood, expelling all inpurities from the aga-tem and healing any and every disease with which it may come in contact. A few inhala-tions will change the color of the blood from a dark to a bright red. In cuses of parlysis the circulation can be restored immediately, in al-most every instance. In cuses of consumption this method has been attended with the best results; its action upon the lungs being direct and immediate, it gives the patient just what he wants, viz: oxygen, of which he cannot get enough from the atmosphere, owing to the clogged and congested condition of the lungs. Of course there are cases which cannot be cured. Yet there are hundreds that have been given up as incurable, who have only to breathe oxy-gen to have new life infused into them. This is a compound medicated in thalation. It is perfectly harmless, having been administered to thousand of patients with the happlest re-sults. The e inhalations are unlike any other ever given for remedial purposes, and can be obtained only at the offices which we have es-tablished in various parts of the country. An office will be established in overy city in the State.
