The "Bloodhounds of Zion."

There was a time, says the Sunday Mercury, when clergymen, by the thousand, used to band together in New England and elsewhere, in order to abet the sin of slavery.

What are the "Bloodhounds of Zion" going to do to resist his enforcements? What are they to do when they shall find the venerable Brainerd, Wheaton Smith, or even Hunter, in this crisis?

The Republican Party Gone Up.

From the present signs of the times, it is apparent that the Republican party is pretty nearly a used up concern.

Why should a wealthy man owning \$30,000 of Government bonds be exempted from all taxation, while the mechanic who holds a \$500 bond for his neighbors is required to pay State, County, School, Road and City tax upon his small investment?

A Query?

Why should a wealthy man owning \$30,000 of Government bonds be exempted from all taxation, while the mechanic who holds a \$500 bond for his neighbors is required to pay State, County, School, Road and City tax upon his small investment?

Principles to be Settled by the Present Political Contest.

We believe the Democratic party of Pennsylvania appreciate the importance of the pending political contest.

The people feel and know that many of their dearest and most sacred rights have been seriously endangered during the last four years by the assaults upon the Constitution so recklessly made by those in power, and by their constant and continued disregard of well established laws of the land.

That the CONSTITUTION established by our revolutionary fathers is entitled to the most sacred and inviolable respect; the oath to support it is binding religiously, morally and legally, at all times, under all circumstances and in every part of the country upon all public officers from the highest to the lowest, as well as upon private citizens.

Who are the principal consumers of the country? Farmers and Laborers. They foot the bill! This is the Revenue Tax. How is it with tax on personal property?

Who owns the greater part of Real Estate in the country? Farmers! They pay the taxes which should fall upon the capitalists.

Who has the interest on the Bonds? Men of moderate means—Farmers and Mechanics. The withdrawal of the capital invested in Bonds from the Tax Duplicate throws an increased burden upon the remaining Personal Property and Real Estate.

Forney Repudiates the Stevens Platform.

The immaculate patriot Forney seems to have been lying around loose for some time past. It has been heard and known by him to find him. He has been radical one day and conservative the next.
