COOPER'S RED LION HOTEL, WEST KING STREET, Where they are prepared to treat successfully all diseases of the human system with their OXYGENIZED MADICATED INHALA-TION. The inhalations are breathed directly into the lungs, and through them carried into the blood, expelling all impurities from the sys-tem and healing any and every disease with which it may come in contact. A few inhala-tions will change the color of the blood from a dark to a bright red. In cases of parlysis the circulation can be restored immediately, in al-most every instance. In cases of consumption this method has been attended with the best results; its action upon the lungs being direct and immediate, it gives the patlent just what he wants, viz: oxygen, of which he cannot get enough from the atmosphere, owing to the clogged and congested condition of the lungs. Of course there are cases which cannot be cured. Yet there are humdreds that have been given up as incurable, who have only to breathe oxy-gen to have new life infused into them. This is a compound medicated inhalation. It, is perfectly harmless, having been administered to thousand of patients with the happiest re-sults. The e inhalations are unlike any other ever given for remedial purposes, and can be obtained only at the offices which we have es-tablished in various parts of the country. An office will be established in every city in the State.
