When Craig went to California, he When Craig went to Cantornia, he sold his government bonds for gold, which he sold in New York, upon his return, for currency, realizing sufficient in profit to pay the expenses of his journey, and enabling him to make a full return of every dollar, as he states, that he had taken. he had taken.

ne nad taken.

Taking the case altogether, the systematic dishonesty which he practiced for years, the boldness with which he invested the money taken, his flying to a distant region to clude pursuit and punishment, and his immediate return to restore all, it is a most extraordinary one, not only in regard to the boldness with which the stealing was done, but as illustrating the power of conscience over a systematic thief, forcing him to travel back from the Pacific Odean, a distance of many thousand miles, to relieve his pocket and his con science at the same time.

AT the late election in Nevada there were only about 6,000 votes polled. The previous year there were 15,842 votes cast. From this—even presuming that there was not a full vote out—it is argued that Nevada is going rapidly down hill. In fact a correspondent in that region states such to be the fact. He says: "The collapse in the mining excite ment has sent everybody out who could get out, and the country is going down hill as fast as possible. Business has died out, the people are leaving, and property in the towns cannot be given away. The few miserable persons who cling to the barren deserts of the 'Sage Brush State are sick high unto death of supporting the dignity of a State government, and it would not astonish any one if the coming Legisla-ture should conclude to make the State a territory once more. The mines ore a territory once more. The milies ore owned by great corporations—not one in a hundred of the stockholders being resident there, and about the only benefit they are to the country is in their giving employment to a large number of laboring men. There are some valleys favorable to agriculture; but by far the greatest portion of the land is barren, experted of law in the greatest portion. vered only with sagebrush and alkali.

HOCKING ACCIDENTS.

MANY KILLED AND A LARGE NUMBER WOUNDED. Over two hundred accidents from kicking and running away of horses occurred during the past year, in Lancaster county alone-nearly all of which resulted in injuring the drivers, killing some, maiming and wounding others, and in most cases, breaking costly carriages and hurting the horse. Of the above, nine-tenths were tame family horses. The Saiety Bridle will put an end to all such needless accidents, and with the Safety Lines the speed of ever- horse is easily much increased.

At a special meeting of the Saddless of the said weedless accidents.

all such needless actions, and what the Saley blines the speed of ever-horse is easily much increased.

At a special meeting of the Saddlers of Lancaster county, Pa, held in Lancaster city, Nov. 27, 1855, the following resolutions were unanimiously adop ed:
WHEEEAS, The usefulness, power and safety offir, Hartman's Safety Bridle and Lines have been publicly demonstrated in the presence of from one thousand te fif een hundred persons to their entire satisfaction; and since it was proven at the Mi lersville horse exhibition of our of the most victous and confirmed kickers and runaways, that with the Safety Bridle and Lines it is uterly impossible for a horse either to kick or run away; therefore Resolved, That we, the Saddir soft Lancaster county, Pa, believe that the Safety Bridle and Lines accomplish all, and even more, U an is claimed by the patentee, in preventing horses from kicking and running away.

Resolved, That in view of the above facts, we deem it our legitimate duty, both individu ily and collectively, to exert all honorable means to at once introduce the Bridle and Lines, because in doing so we in a very great measure prevent all accidents with horse, while with the old and defective bridle we put in great jeopardy both lile and limb.

Resolved, That hereuter we manufacture no other but Safety Bridles, unless especially ordered.

The price of Individual Rights is \$5 each.

Resolved, That hereafter we manufacture no other but Safety Bridles, unless especially ordered.

The price of Individual Rights is \$5 each; County Rights, from \$100,00 to \$500,00, according to population—those containing arge cities excepted.

No other investment before the public presents such inducements of making money. In ever county there are at 1 ast twenty townships, and in each township t least one hundred persons who drive hoses—which a five dollars for an individual right will amount to \$500 per township, and ten thousand dol ars \$(\$10,000) for each county at the rate of twenty townships at five bundred dollars each I [have not the least doubt but that amount of money can be made out of a county with proper busness tact and energy. The price of counties is so small as to place the investment in the hands of every one, for few are so poor as to be unable to raise one hundred dollars.

Another feature about this invention is that the proprietor of territory need not manufacture the bridles and lines, as \$\frac{1}{2}\$ ordinary bridle can be easily after and to a \$\frac{1}{2}\$ ordinary bridle can be ensulved to use the ordinary lines. Hence, unlike other patents, the right to use it only is sold

No man neer wish for a greater of rune than right of a \$\frac{1}{2}\$ and \$\frac{1}{2}\$ or \$\f

From the many respectable recommendations given to Dr. Hoofland's German Bitters, I was induced to give them a trial. After using several bottles I found them to be a good remedy for debility, and a most excellent tonic for the stouach. These splendid portraits should adorn every est family paper published, suited for every family. Try it once and you will never be Churches.

Having used in my family a number of hottles of your Hoofland's German Bitters, I have to say that I regard them as an excellent medicine, specially adapted to remove the diseases they are recommended for. They strengthen and invigorate the system when debilitated, and are useful in disorders of the liver, loss of app. tite, &c. I have also recommended them to several of my friends, who have tried them, and found them greatly beneficial in the restoration of health.

I have known Hoofland's German Bitters favorably for a number of years' I have used them in my own family, and have been so pleased with their effects, that I was induced to recommend them to many others, and know that they have operated in a strikingly beneficial manner. I take great pleasure in thus publicly proclaiming this fact, and calling the attention of those afflicted with the diseases for which they are recommended, to these Bitters, knowing from experience that my recommendation will be sustained. I do this more cheerful as Hoofland's Bitters is intended to benefit the afflicted, and is "not a rum drink."

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects, I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend, Robert Shoemaker, Esq., for the removal of this prejudice by proper tests and for encouragement to try them when suffering from great and long continued debility. The use of three bottles of these Bitters at the beginning of the present year, was followed by evident relief and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regalning. I therefore thank God and my friend directing me to the use of them.

From the Rev. Thos. Winter, D. D., Pastor of Roxborough Baptist Church.

Dear Sir: I feel it due to your excellent preparation, Hoodiand's German Bitters, to add my testimony to the deserved reputation it has obtained. I have for years, at times, been troubled with great disorder in my head and nervous system. I was advised by a friend to try a bottle of your German Bitters. I did so and have experienced great and unexpected relief; my health has been very materially benefitted. I confiden ly recommend the article where I meet with cases similar to my own, and have been assured by many of their good effects. Respectfully yours,

T. WINTER, Roxborough, Pa.

From Rev. J. S. Herman, of the German Reformed Church, Kutztown, Berks County, Pa. I am very nucli improved in health, after having taken five bottles.

Where he is prepared to trent successfully all diseases of the human system with his OXYGENIZED MEDICATED INHALATION.

The inhalations are breathed directly into the lungs, and through them exrited into the blood, expelling all impurities from the system and healing any and every disease with which it may come in contact. A few inhalations will change the color of the blood from a dark to a bright red. In cases of paralysis the circulation can be restored immediately, in all most every instance. In cases of consumption this method has been attended with the best sensite; its action upon the imags being direct and immediate, it gives the patient just what he wants, viz: oxygen, of which he cannot get enough from the atmosphere, owing to the elogged and congested condition of the lungs. Of course there are cases which cannot be cured. Yet-there are hundreds that have been given up as incurable, who nave only to breathe oxygen to have new life infused into them. This is a compound medicated inhalation. It is perfectly harmless, having been administered to thousands of patients with the happiest results. These inhalations are unlike any other ever given for remedial purposes, and can be obtained only at the offices which we have established in various parts of the country. An office will be established in every city in the State.
