find you when I return?" -" Molly," said Joe Kelly's ghost to his wife, "I'm in purgatory at this present," says he. "And what sort of a place is it? says she. "Faix," says 'tis a sort of half-way house between you and heaven; and I stand it mighty aisy after laving you."

- A student who was declaiming vigorously, and, as he doubtless believed. eloquently, on the "indispensable contributions of the inferior members of the animal kingdom to our noble language, and-" But here his tutor stopped him, and requested an explanation of "indispensable contributions." Whereupon the student at once replied, "They may be found, sir, in such words as dog-matism, cat-echism, cro-nology, pus-illanimous, duc-tile, hen-pecked, ox-ygen, cow-slips, pig-ment, ass-teroid, and rat-ification."

Fish Story. When the ship Milton, of New Bedford, commanded by Captain Halsey, of Bridgehampton, was cruising in the Northeast gulf for whales, they discovered a large one, which, in spouting, produced a whistling sound from one of the air-holes similar to that made by a the air-holes, similar to that made by a steam whistle. Chase was given, and two harpoons and a bomb-lance through his liver ended his career. When the order was given to cut off his head, the man who engaged in this duty placed his feet in the spout-holes, and in doing so one of them was cut. Upon examination it was found that the monster had a harpoon blade in his head, running traysvrsely through the head, running trasversely through the spout-hole, so as to produce the whist-ling sound which had drawn attention to him upon his discovery. The name of Central America was on the blade. It was ascertained that this vessel's last voyage took, place some fourteen years previous to the capture, so that the blade had in all probability been imbedded in the animal's head during this period at the state of the capture. least. To confirm this opinion, the shaft was found to be eaten off by rust, nothing but the blade being left. The whale afforded his captors one hundred and eighty barrels of oil.

ANCASTER COUNTY PRISON. FIFTEENTH ANNUAL REPORT OF THE INSPECTORS.

Leaving in confinement November 30th.

ects: tatements of orders issued, showing that the orders issued by the Inspec-tors on the Treasurer of the Lanc's ter County Prison for the fiscal year ending November 30; 1865, amount-ed to 1,246 68

To which is to be added the indebt ness of the Prison, and the goods and materials on hand at the be-ginning f the fiscal year: Due by Prison, Novem er 30, 1815. 3,571 33—6,593 1 \$28,953 10

In order to ascertain the actual cost of the Prison to the county, it be-comes necessary to deduct the following cash received and as-sets of the manufacturing de-

Defing \$19'.95 in excess of the previous year. The aggregate number of days prisoners have been confined and boarded was is9more in 1865 than in 1864.

The manufacturing operations during the year produced as follows: 3,24% yards of carpet for suse; 3,591% yards of carpet for customers; 1,1693 yards of bagging; 1,359 pairs of shoes and boots made and mended; 3,194 baskets made and mended; 3,194 baskets made and mended; 3,194 baskets made and bagging by protons and whisps; 24,596 skelvers; 349 brooms and whisps; 388 grain bags; 249 pairs shoes bound; 98 pairs of stockings knit, and 192 garments made.

There were manufactured goods on band to the a count of \$2,716.34, consisting, among other articles, of 171% yards carpe ing; 502 baskets; 40,740 cigars; 10 corn brooms and whisps; \$10 kin-nets; 130 pairs of boots shoes and slippers, and 13,400 s ceivers and tobacco pins.

The profits of the labor of the prisoners for the past year was \$2,60,26, as shown by the statement of gain and loss, which is \$407.51 more than the previous year.

The actual cost of \$4be Prison the preceding year was \$8,877.25; \$3,277.60 less than the past year, ending November 30, 1885.

MANY KILLED AND A LARGE NUMBER WOUNDED.

CHOCKING ACCIDENTS.

Over two hundred accidents from kicking and running away of horses occurred during the past year, in Lancaster county alone nearly all of which resulted in injuring the drivers, killing some, maining and wounding others, and in most cases, breaking costly carriages and hurting the hors s.

Of the above, nine-tenths were tame family horses. The Safety Brille will put an end to all such needless accidents, and with the Safety Lines the, speed of every horse is easily much increas d.

At a special meeting of the Saddlers of Law.

lines the speed of every horse is easily much increas d.

At a special meeting of the Saddlers of Lancaster county, Pa., held in Lancaster city, Nov.

7, 1885, the following resolutions were unanimiously adop ed:

Whereas, The wefulness, power and safety of Dr. Hiartman's Safety Bridle and Lines have been publicly demonstrated in the presence of from one thousand to fif een hundred persons to their entire satisfaction; and since it was proven at the Mi lersville horse exhibition on our of the most vicious and confirmed kickers and runaways, that with the Safety Bridle and Lines it is utterly impossible for a horse either to kick or run away; therefore

Resolved, That we, the Saddlers of Lancaster county, Pa., believe that the Safety Bridle and Lines accomplish all, and even more, t an is claimed by the putentee, in preventing horses from kicking and running away.

Resolved, That in view of the above facts, we deem it our legitimate duty, both individu lly and collectively, to exert all honorable means to at once introduce the Bridle and Lines, because in doing so we in a very great measure prevent all accidents with horse, while with the old and detective bridle we put in great jeopardy both life, and limb.

Resolved, That hereafter we manufacture no other but Safety Bridles, unies sespecially ordered.

The price of Individual Rights is \$5 each. lered.
The price of Individual Rights is \$5 each;
County Rights, from \$100,00 to \$500,00, according
o population—these containing arge citiexeepted.

excepted.

No other investment before the public presents such inducements of making money. In ever county there are at 1 ast twenty townships, and in each township t teast one hundred persons whio drive horses—which a five dollars for an individual right will amount to \$500 per township, and ten thousand dol ars (\$10,000) for each county at the rate of twenty townships at five hundred dollars each! I, have not the least doubt but that amount of money can be made out of a county with proper business tact and energy. The price of counties is so small as to piace the investment in the hands of every one, for few are so poor as to be unable to raise one hundred dol ars.

Another feature about this invention is that the proprietor of territory need not manufactur the bridles and lines, as the ordinary bridle can be castly alt red into a Safety. The lines only require to be made to order, and these can be made by any saddler for a trifle more than the ordinary lines. Hence, unlike other patents, the right to use it only is soid.

No man need wish for a greater fariume than right of a State. To show the confidence the patene ee has in his invention, he offers to pay one thousand dollars for any horse that can either kick or run away when under the influence of the Safety Brid e and Lines. For County and State rights address for circular, and for Individual Rights, enclose \$5 to \$5. B. Hartman, Millersville, Lancaster co., Pa.

Dear Sir 3,1 feel it due to your excellent preparation, Horisand's German Bitters, to add my testimony to the deserved reputation it has obtained. I have for years, at times, been troubled with great disorder in my head and nervous system. I was advised by a friend to try a bottle of your German Bitters. I did so, and have experienced great and un-xpected relief; my health has been very materially benefitted. I confiden ly recommend the article where I meet with cases similar to my own, and have been assured by many of their good effects. Respectfully yours, T. WINTER, Roxborough, Pa.

From Rev. J. Newton Brown, D. D., Editor of the Encyclopedia of Religious Knowledge and Christian Chronicle, Philadelphi.

Although not disposed to favor or recommend Patient Medicines in general, through distrust of their ingredients and effects, I yet know of no sufficient reasons why a man may not testify to the b nefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for imany years, under the impression that they were chiefly an atcoholic mixture. I am indebted to my friend, Robert Shoemaker, Esq., for the removal of this prejudice by proper tests and for encouragement of try, them when suffering from great and long con-tinued debility. The use of three bottles of these Bitters at the beginning of the present year, was followed by evident reliefand restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regaining. I therefore thank God and my friend directing me to the use of them.
