PENNY WISE, &c.-A wealthy gentleman residing near Gate No. 5 on the Lancaster, Elizabethtown and Middletown Turnpike, as this morning fined \$1 and costs in all \$10.23, in a suit before Wm. B. Wiley, Alderman. It appeared from the evidence that the defendant had to go nearly two miles out of his way in order to avoid the gate, whereas if he had kept on the turnpike he would have saved one and a hall miles, but would have had to -pay 24 cents toll. He has been in the practice of avoid ing the gate in order to save the tolls. Had he paid the 21 cents he would have saved \$9.99. Defendant acknowledged that he attempted to avoid the gate to save the charge.

ORGANIZATION OF THE NEW CITY COUNcuts -The new City Councils met and or ganized in the chambers of the City Hall, Friday, morning at 100 clk. The new members in the Select and the members of the Common Council were sworn in by Mayor Sanderson. Robert A. Evans, Esq., was re-elected President, and James C. Carpenter, Esq., Clerk of the Select branch. Geo. Yeisley, Esq., was elected President, and Mr. Alexander Patton re-elected Clerk of the Common branch. After the passage of the usual resolutions for the appointment of various Standing Committees and the anpointment of a commmittee of two from each branch to inform Mayor Sanderson of the time fixed upon for his inauguration, namely, Tuesday afternoon, 13th inst., at 2 o'clock, both bodies adjourned.

Col. Hambriditt.-The Richmond Ex aminer of Saturday last has the following item:

Brevet Lieut, Col. H. A. Hambright, Captain Eleventh United States Infantry, has assumed command of the post of Fredericks burg, relieving Brevet Lieut, Col. Ames. The above will be read with interest by the many triends and admirers of this able and distinguished soldier. Col. H. is one of Lancaster's most honored and worthy citizens. We can assure our friends of the Ex aminer and the people of Fredericksburg that they will not find him a petty tyrant but a gallant officer and most estimable

SAFE BLOWN OPEN AND HEAVY ROB BERY .- Russel's Hardware Store, North Queen st., was entered some time on Satur day night by two expert burglars, who drilled a hole in the safe, which they filled with powder, and succeeded in blowing open The noise made by the explosion occurred about 3 o'clock this morning; and was heard by several persons residing in the vicinity of the store. The burglars entered the build ing through a second story window at the rear end, and made their exit through the basement at the same end. Their tracks were plainly observable in the snow this

Among other valuables which the safe contained were \$18,000 worth of stock certificates, \$400 in money, a note of Mr. Sam uel Keeler's for \$330, and one \$50 7-30 Gov ernment bond, all of which were taken. An empty powder flask, a chisel and wax candle used in the operation were lef behind by the burglars. The heavy outside door of the safe was blown clear off the hinges, and had the charge of powder been any heavier, without a doubt, it would have been blown to atoms. No clue has as yet been obtained which may lead to the detection of the burglars.

PETROLEUM AS FUEL.—A series of official experiments have been made at Woolwich, England, to test the capacity of petroleum as a substitute for coal in the production of steam. One conclusion arrived at is that by the use of the oil an engine of 100-horse power becomes exalted into one of 140 or 150, the gain being from forty to fifty per cent. It has also been satisfactorily determined that the oil may be carried to sea in tanks, and be incapable of ignition, even though a red-hot cannonball went through the mass. The furnace required for the use of oil would be very small, so that a large amount of storage room would be saved,-The report states that "the first great naval power that adopts petroleum will have an nediate advantage over the fleets of al other nations, and the latter will be compelled to accept the invitation, however determined at first to deny its value."

Our thanks are due our excellent young friend, Dr. George A. King, of this city, a student of the Institution, for a Catalogue of Jefferson Medical College of Philadelphia. The total number of students is 425, of which Pennsylvania furnishes 205.

Enthusiasmover the Victory,-Tues-

lee and enthusiasm over the result of their victory on Tuesday. Several thousand people had gathered in Centre Square, and when the returns from all the Wards had been received the air was vocal with their shouts of exultation. A huge bon-fire was kindled the Band of the Young Men's Demoeratic Association was called into requisiion, and the immense crowd gathered in front of the City Hall, where Mayor Sanerson was greeted with a serenade. On his appearance on the steps of the building he was greeted with round upon round of cheers. A speech was called for, and he immense procession was formed, which marched through several streets. In the procession a hurriedly gotten up banner wa carried on which was inscribed "White Ian's Ticket Triumphant." On passing the residences of a number of prominent ustily. The procession finally returned to the City Hall, and escorted Mayor Sanderson to his residence on North Duke, street. On passing the Washington Engine House on North Queen street, a stalwart member

made the bell ring out a merry peal. Arriving at the Mayor's residence, a lively air was played by the Band, after which the Mayor again briefly returned his thanks.-The procession then visited other portions of the city, but by midnight everything had resumed its wonted quiet. It is, in all respects, the greatest victory ever achieved by the Democracy of Lancaster, and will have a most salutary and beneficial effect upon the rest of the State. The arch de has been signally and terribly rebuked at his home, and white men everywhere have good reason to rejoice over the result.

o some of our fashion Magazines some im portant changes will take place in the fashons for February. Dress skirts will be as long and as wide at the bottom as heretofore notwithstanding the prediction that sho and narrow ones would be in favor. Skirts will be but little trimmed, and often not at all. The Gabrielle style will continue pop ular for ordinary wear. A few double skirts have made their appearance, but there is no probability that they will be come general. The fronts of dresses will have but few if any pleats, but all skirts will be very much gored. Short waists will be worn the remainder of the winter, and belts of moderate width always worn with them. Basques, like the skirt, fitting close to the figure, will be again popular as the spring approaches, and when these are

Sleeves will be trimmed from the wrist to the shoulder, sometimes made to wind around the arm in a spiral column. In Bonnets the newest style is the Pamela, which has just made its appearance in Paris. Imagine a saucer, slightly bent down at the sides, and with strings fastened to these sides, and some idea may be gathered of these strangest of all small bonnets. They are made of drawn black velvet, and at the | putting Oil Companies through. op of the bonnet, or rather saucer, a black elvet bow is placed, the long end of which falls at the side; in the inside there is a very mall wreath of rose-buds, and a similar

wreath is repeated at the back. Be it undertood there is neither curtain or cap to these small bonnets; and, although they are infinitessimal head gear for out of door wear, they are vastly coquettish with pretty faces under them. Linen Collars and Sleeves are worn,

amented with lace or embroidery, either n satin stitch or "Point Russe," which omewhat resembles the cat stitch. This Point Russe" is done in colored cotton or ometimes even in fine zephyr. Sleeve ire made with deep wristbands.

If you never have, let us recommend you to do so; for after having tried it both as a beverage and a medicine, we boldly pronounce it the most palatable and efficient wine we ever drank. A NEW MAGAZINE.—We have received A NEW MAGAZINE.—We have received from the publishers the four first numbers of the "New York Weekly Magazine." It is issued in weekly numbers and monthly parts, each number containing forty-eight pages of neatly printed matter, and the monthly part, one hundred and seventy-eight pages, at \$4 per annum. The weekly numbers are the most desirable, as they are issued in time to reach subscribers by the end of the week. The Magazine contains popular tales, sketches, stories and poetry, both foreign and domestic. The leading story "How I made a Fortune in Wall street and How I got Married," is very interesting, and has caused a considerable stir among the money changers of that speculative street. O. H. Baily & Co., No. 7, Beekman street, New York, are the publishers. Trouble in an Oil Company

AN OIL CASE. On Friday last a hearing was had, before Alderman Wiley, in the case of the Commonwealth vs. Dr. L. S. Filbert and T. Hall Foreman, charged on the oath of Levi S. Reist with conspiring to cheat and defraud nim and others out of their moneys in the Elk River and Blue Creek Oil Company. HOW THE LAND WAS BOUGHT.

Robert Alsop, an attorney at law, Philadelphia, testified that he made a bargain with Dr. Filbert to sell him a tract of and, containing 1,000 acres in West Virginia for \$5,000. He showed the Doctor a orief of title to the land, and a map of the ame, together with a geological report from Prof. Wm. F. Roberts, geologist. The deed was made out in the name of E. C. Pen field, who. Dr. Filbert stated, had made the purchase. Penfield's name was put in, and he consideration inserted at \$25,000. Alsop made the sale for a broker by the name of Brown, residing in New Yor!, receiving one-third of the purchase money fo. his ser vices. Dr. F. requested Alsop to remember that the land was Penfield's.

INFLATION BEGAN. Dr. David Gilbert, also of Philadelphia, testified that he was met on the street one day by Dr. Filbert, in the latter part of 1864, ho informed him that he was about making purchase of a fine property in West Virginia, and that there was but one wanting to make up the amount, which was \$35,000 divided into seven shares of \$5,000 each; that he sold the half of his share for \$5,000 to Captain Sweeny. He afterwards refunded the \$5,000 to the Captain, when the disovery was made that they had no title to the land.

ONE SHARE LEFT. Harvey Lightner, Esq., of Peoria, Ill., vas introduced by Captain Sweeny to Dr. Filbert who told him that he had some oil lands in West Virginia, that he was dis posing of, on which to form an Oil Company; that the title had been examined, and that everything was satisfactory and good. Dr. Filbert said that the land cost \$70,000, and that they wanted to form a Company on it with a capital of \$80,000, divided into 16 shares of \$5,000 each-\$10,000 to be reserved as working capital. Mr. L. vas left in because one of the parties had failed to pay for his share. He was assured most positively that he stood upon the same footing in regard to the purchase that Dr Filbert did. Dr. Filbert said that Penfield had bought the land for \$65,000, and that he (Pentield) had made one share of \$5,000 by the transaction, to which Mr. Lightner had no objection, considering that he ought to make that much for his trouble.

Samuel Hill, of Philadelphia, the President of the Company, represented one share of stock, \$5,000. On receiving the charter, the Company was organized and officers elected. An engine was shipped, and he (Hill) was to go down and see that operations were commenced. He did not go, but Mr. Foreman did. After Mr. Foreman arrived in West Virginia, he wrote to him that there was some difficulty in locating the lands. FOREMAN DISCOVERS THAT THE COMPANY

When Mr. Foreman returned he told Mr Hill they could not get at the tract—that they could not find it. Foreman boarded oriefly returned his thanks. After this an | with Dr. Filbert, and could always be found there, when wanted.

N. J. Nickerson also owned \$5,000 of the property. Dr. Filbert represented that they were buying this property from a Mr. Brown, of New York, for \$70,000, and that no one was taking advantage, or making Democrats, those gentlemen, were cheered money out of it: that he was to go in on the same footing with Filbert, Penfield, Gilbert and others. Drs. Filbert and Gilbert and Mr. Penfield were particularly active until the money was paid to Dr. Filbert, and before the permanent organization. But when the Company was organized they positively refused to act as officers,

NICKERSON SMELLS A BAT. which caused me to suspect that there was omething wrong. He mentioned that fact o some of the subscribers. After the company was organized, Dr. Filbert boastingly said he made \$30,000 in one operation, which he (N.) had reason to believe was made out of the persons in Elk River and the Blue Creek Oil Company, Mr. Foreman in formed him that he had hunted for the 120 barrel well on the adjoining tract, but could not find it.

T. HALL FOREMAN AMONG HIS FRIEND M. W. Smith, of Bainbridge, Lancaster county, testifies that he had purchased \$500 of stock in the Elk River and Blue Creek Oil Company from Mr. Foreman. That 1000 acres had been bought for \$70,000. Dr. Filbert was in with them. He (F.) said he was over the land, and that there was lots of good timber on it to make the barrels, iron ore and coal; and said that on the tract next to it, or nigh it, they had found lots of oil. Mr. Foreman represented that the title was good, and that Dr. Filbert was in with them.

COMBINATION TO PROSECUTE. He has his name down to an agreement o pay part of the expenses of this suit. THEY WANT THEIR MONEY BACK,

Our object is to get our money back. Levi S. Reist, of Lancaster county, had aken an interest in this company to the amount of \$100, as Mr. Foreman had only part of a share left. He wanted to be in the original purchase,—or first ring. Foreman said he had been in West Virginia and gave a highly colored description of the property. He (R.) said he

WOULD RISK \$500. but would not be sure it would make mone as there were so many bogus things affoat Foreman said be was in with Dr. Filbert from Philadelphia, who was experienced in

A BOOUS THING. He first discovered that there was no title o the land after harvest, and only made

this complaint several weeks ago, brought this suit TO GET HIS MONEY BACK. either by compromise or judgment. Three or four other witnesses were examned, whose testimoney was similar to that

given above. All the witnesses from Lancaster county stated they had signed an agreement to pay the expenses incurred in his suit, and that the proceedings were instituted for the purpose of recovering the money they had invested in the enterprise Robert Chalfant, of Philadelphia, testified that he was interested in this Company and that he got in through Dr. Filbert. The Doctor said he would give him a show, and would like to see him make a pile. The witness said he would like to make a pile, as he had had no contracts, nor been in any Oil Company. He was to receive 3,000 shares for every \$5,000 share sold. He offered Mr. A. A. Hauke an interest if he would assist him to sell a share. Mr. Foreman called at Chalfant's store in company with Mr. Hauke, and was taken to Dr. Filbert's office and introduced. Mr. F. said he kney the Doctor before, Mr. F. took a \$5,000 share, for which witness received his commission from Dr. Filbert. The Doctor made the same representations to Mr. Foreman as to the cost of the property, &c., as he did to

other parties. The defendants gave bail in \$2,000 for their appearance at the next term of the Court of Quarter Sessions.

BARN BURNT.-On Saturday evening last, about 6 o'clock, a fire broke out in a large barn, situated within three miles of the village of Churchtown, Cænarvon twp., this county, belonging to Mr. Jacob Grube. The barn, together with 370 bushels of wheat, 200 bushels of oats, 70 bushels of corn, 30 or 40 tons of hay, and a lot of agricultural implements, was entirely destroyed. The live stock was all saved, except a calf. The fire was the work of an incendiary, as the barn was fired in several places. The building was insured in the Chester County Mutual Insurance Company but we have not learned to what amount

A LOVE OF A BONNET.-A love of a bonnet is mentioned among the late Paris fash-ions. The description has some formidable terms which we don't comprehend, but the adies may. It is said to be of "drawn black velvet, bouillonnee tulie crown, spoted with jet. A bow of velvet ribbon on the side, with a cameo in the middle. The torsades of passementeric worked with jet eross the crown, and falling in festoons over the chignon. The inside is drapery of tulle velvet fastened with a cameo." From the description it is something formidable as well as beautiful.

MUNICIPAL APPAIRS.-The City Councils met this afternoon, for the purpose of

inaugurating Mayor Sanderson and elect-In both bodies the bond of Mayor Sanderson, with Newton Lightner, Richard McGrann, and Patrick McEvoy, as sureties, was read and approved.

In Common Council, Mr. Morrow pre sented a petition from a number of citizens of the N. W. Ward, asking for a recount of the votes for Common Councilmen in the N. W. Ward, which was laid on the table. Messrs. Harberger and Russel were appointed a committee to inform the Selec branch that the Common Council was ready to meet that body in convention, for the purpose of inaugurating the Mayor and lecting city officers. A resolution was presented and read from

Select Council, refusing to meet in Convention for the purpose of electing city officers until a recount is had in the returns of the N. W. Ward. On motion of Mr. Smith, the action of Select Council was non-concurred Mr. Burns, in voting to non-concur, said

that he did so because he thought Select Council had as much as they could do to attend to their own business. Select Council having adjourned without notifying Common Council, the following preamble and resolution offered by Mr. Smith were adopted:

Smith were adopted:

WHEREAS, A majority of the members of the Select Council, a co-ordinate branch of the City Government, have refused to meet this body in joint convention for the purpose of electing city officers and inaugurating the Mayor elect, alleging for this conduct a mis-count in the votes of the North West Ward for Common Councilmen, AND WHEREAS, The aforesaid Select Council has adjourned ithout giving notice to this body, which conduct is contrary to all precedent, and in direct violations. notice to this body, which conduct is contrary to all precedent, and in direct violation of the rules governing the intercourse of Councils; now, therefore, be it Resolved, By the Common Council of the City of Lancaster, that the action of a majority of the members of the Select Council is a gross usurpation, and that we consider it an act of discourtesy towards this body. Our thanks are due our kind friend, Rev

Dr. Nicholas O'Brien, late Assistant Priest of St. Mary's Catholic Church, this city, for a copy of the "Report of St. Joseph's Hospital, Philadelphia, Pa., from January 1st 1859, to January 1st, 1866, by Robert B. Cruice, M. D." This Institution is under the entire control of the Sisters of Charity, and has done, and is doing, a vast amount of good. We are glad to learn that Father O'Brien is being gradually restored to his wonted vigor of health after a long and serious illness.

LANCASTER GRAIN MARKET, MONDAY, February 12th, 1866: Family flour, 🔁 bar... orn (new).....do

A LETTER has been received at Washington from General Osborne, who, it will be remembered, was recently reported to have been murdered near Shipworth's Landing, Mississippi. He says that the published reports concerning the terrible condition of affairs in that State are wholly untrue. The district in which he resides he pronounces as peaceable and orderly as any in the North, and that there is no necessity for stationing Federal troops there.

We, the undersigned Auditors of Lancaster county, docertify that we have carefully examined the above account of Samuel Hess, late Treasurer of said county, and have compared his vouchers with the same, and find a balance in his hands of fifty thousand five hundred and thirty-six dollars and fifty-hine cents (\$50,536.59) which he has paid over to his successor, Samuel Ensminger, the present Treasurer and for which he has shown us his receipt.

We have examined the account of Christian Gast, Treasurer of the Poor and House of Employment of Lancaster county, and find a balance in his hands of nine hundred and ninety-sive dollars and ninety-three cents, (\$985.03) on the first day of Tanuary, 1898.

We have also examined the account of P. W. Housekceper, Treasurer of the Hoard of Prison Inspectors and found it correct, showing a balance due him by the said Board of eight hundred and seventy-six dollars and thirty-five cents, (\$870.35) on the first day of January, 1896.

The liabilities of the county at the present time for individual loans at four and five percent, per nanum, amount to \$183,521.75, deducing the above amount in hands of the Treasurer, \$50,530.39, would show an indebtedness of \$112,885.10.
