let, Scrofula,—This disease is hereditary and is transmitted from generation to generation. It is caused by a transgression of the laws of nature, both moral and physical; in other words, it is caused by ucc. Acting as a latent poison, it reduces the vitality of the blood, and weakens the depurating organs, so that hey fail to discharge or cast out the impurities that are continually generating in the system. A person physically pure acquires gonorchea, or some other secret disease; he undergoes a course of mercury, the disease is dried up, and the patient pronounced well. Vain delusion. The complaint is not cured, its channel is only diverted. Instead of making its appearance outwardly, it acts on the internal organs, and scrottla, which is bequeathed from father to son, is the result. Many persons who are perfectly free from all immorality and vice are ufficted with scrottla. They are suffering for the sins of their fathers and laboring under the curse inscribed in the Bo k of Books. "I will visit the injudities of the fathers upon their children."

To cure this dreadful complaint it is necessary that the blood should be thoroughly purified, all the organs of the body brought into a healthy state of action, and the system braced up and strengthened by invigorating tonics.—Look at the articles used in compounding Mishler's Bitters; see the array of purifying and invigorating mendicaments, and say whether there is an article in the whole list of medicines that equals it. We here emphatically assert, without fear of contradiction, that MISHLER'S BITTERS WILL CURE ALL KINDS OF SCROFULOUS DISEASES. It purifies the blood, it strengthens the inter-Ailes.

3d, Sait Rheum.—Sait Rheum is a vague, indefinite, though, popular term given to almost all the non-febrile eruptions of the skin which affilet adults. It is generally an eruption of vesicles in small, distinct ulcers, accompanied with a smarting, lingling sensation, with a tendency to creep or spread over the adjoining surface. Mishler's Bitters are a sure cure for this disease, and Biotches.—Pimples and Biotches on the skin are always a sure sign of inpure blood. Although never dangerous, except in cases of carbuncles, they are very disagreecble, Often we will see the most handsome features rendered hideous by great blotches and pimples, and instead of the pleasing look which should irradiate the human face we see nothing but disgusting corruption; for pimples and blotches are nothing but the corrupt accumulations of the system expelled hirologic in the second of the second plantage in the second plantage is blotches are nothing but the corrupt accumulations of the second plantage in the second plantage Kentucky Jean FLANNELS, BED TICKINGS, CRASH, &c. and Cottonade GLOSSOLINE GLOSSOLINE GLOSSOLINE Crawford.

Under its magic power the ravings of the maniac are quieted; the palished mind regains its powers; inflammations subside; tumors are reduced; incers are healed; the bilnd are made to see; cripples to walk; the dumb to speak; the deaf to hear; nervous irritation is allayed; contracted muscles are relaxed; the wak become strong; and every muscle, nerve, gland and tendon of the body is brought into harmony and health.

From Rev. J. Newton Brown, D. D., Editor of the Encyclopedia of Religious Knowledge and Christian Chronicle, Philadelphis.

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects, I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend, Robert Shoemaker, Esq., for the removal of this prejudice by proper tests and for encouragement to try them when suffering from great and long continued debility. The use of three bottles of these Bitters at the beginning of the present year, was followed by evident rellefand restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regaining. I therefore thank God and my friend directing me to the use of them.
