READ WHO SAYS SO From Rev. W. D. Seigfried, Pastor of Twelfth Baptist Church, Philadelphia.
Gentlemen:—I have recently been labornig ander the distressing effects of indigestion, accompanied by a prostration of the nervous system. Numerous remedies were recommended by friends, and some of them tested, but without relief. Your Hoofland's German Bitters were recommended by persons who had tried out relief. Your Hoofland's German Bitters were recommended by persons who had tried them, and whose favorable mention of these Bitters induced me to try them. I must confess that I nad an aversion to Patent Medicines from the "thousand and one" quack "Bitters," whose only aim seems to be to pain off sweetened and drugged liquor upon the community in a sly way, and the tendency of which, I fear, is to make many a confirmed drunkard. Upon learning that yours was really a medicinal preparation I took it with happy effect. Its action, not only upon the stonach, but upon the nervous system, was prompt and gradifying. I fool that I have derived great and permanent benefit from the use of a few bottles.

Vory respectfully yours,

Having used in my family a number of bottles of your Hoofland's German Bitters, I have to say that I regard them as an excellent medicine, specially adapted to remove the diseases they are recommended for. They strengthen and invigorate the system when debilitated, and are useful in disorders of the liver, loss of appetite, &c. I have also recommended them to several of my friends, who have tried them, and found them greatly beneficial in the restoration of health.

I do this more cheerful as Hoofiand's Bitters is intended to benefit the afflicted, and is "not a rum drink."

Dear Sir: I feel little to your excellent preparation. Hoofland's German Bitters, to add my testimony to the deserved reputation. It has obtained. I have for years, at times, been troubled with great disorder in my head and nervous system. I was advised by a friend to try a bottle of your German Bitters. MISHLER'S BITTERS WILL
CURE ALL DISEASES OF THE SKIN! Diseases of the skin are numerous and, with but one or two exceptions, may all be traced to impurity of the blood. In many persons this impurity is born in the system; while others acquire it through improper treatment of scores of diseases. Under this head may be

lassed—
lst, Scrofula,—This disease is hereditary and
transmitted from generation to generation. let, Scrohla,—Tals disease is hereditary and is trainantited from generation to generation. It is caused by a traingression of the laws of naturegistoth moral and physical: in other words, it is caused by see. Acting as a latont potent, it is caused by see. Acting as a latont potent, it reduces the vitality of the blood, and weakens the departing organs, so that they fail to discharge or cast out the impurities that are continually generatine in the system. A purson physically pure acquires generating and the system of the received disease is dried up, and the patient pronounced well. Vailt dollation. The complaint is not cured, its channel is only diverted. Instead of making its appearance outwardly, it acts on the internal organs, and serofula, which is bequeathed from father to son, is the result. Many persons who are perfectly free from all immortality and vice are afflicted with serofula. They are suffering for the sins of their fathers and laboring under the united in inquiries of the fathers upon their children." curse inscribed in the Book of Books. "I will visit the Inciulties of the inthers upon their children."

To cure this dreadful complaint it is necessary that the blood should be thoroughly purified, all the organs of the body brought into a healthy state of action, and the system braced up and strengthened by invigorating tonics.—Look at the articles used in compounding Mishler's Bittors; see the array of purifying and invigorating mendleaments, and say whether there is an article in the whole list of medicines that equals it. We here emphatically assert, without fear of contradiction, that MISHLER'S BITTERS WILL CURE ALL KINDS OF SCROFULOUS DISEARS. It purifies the blood, it strengthens the internal organs and aids them to perform their natural functions, it is a stimulant and a tonic and it will cure Scrofula.

2d. Running Sores and Ulcers.—Running sores and ulcers invariably indicate a scrofulous taint. They are caused by the efforts of nature to discharge the impurities of he blood, Many persons afflicted with running sores and ulcers succeeded in drying them up and think they are cured when the skin grows over the sore. They are, however. "but making had think they are cured when the skin grows over the sore. They are, however, "but making had sure cure for all running sores and ulcers is Mishler's lifters, a continued and persevering use of which will most certainly effect a permanent cure.

3d. Sait Rheeum,—Sait Rheum is a vague, in-Mishler's litters, a continued and persevering use of which will most certainly effect a permanent cure.

3d, Salt litheum,—Salt Rheum is a vague, indefinite, though, popular term given to almost all the non-febrile cruptions of the skin which afflict adults. It is generally an cruption of vesteles in small, distinct ulcers, accompanied with a smarting, tingling sensation, with a tendency to creep or spread over the adjoining surface. Mishler's litters are a surceure for this disease.

4th. Pimples and Blotches.—Pimples and Blotches on the skin are siways a sure sign of impure blood. Although never dangerous, except in cases of carbuncies, they are very disagreeable. Often we will see the most handsome features rendered hidoous by great blotches and pimples and instead of the picusing look which should irradiate the human face we see nothing but disguisting corruption; for pimples and blotches are nothing but the crupt accumulations of the skin, The use of Mishler's litters, will force those corruptions to be discharged through the natural obsences and thus cures all kinds of pimples and blotches. Ladles who desire a fair completion, free from pimples should bear this fact in mindage.

-AND—

RESULTS THE MOST ABTONISHING.

Our relations with the imponderable world are daily becoming more indinate, as we cast aside, one by one, material substances, forces and powers; Brute, Water and Atmospheric power have given way to the vaporous element, Steam, which, in turn, must be cast aside for the subtle element, ELECTRICITY, which at no distant day must become the ultimate of motive power.

The wonderful electrical discoveries are now creating intense interest, and investigating minds are everywhere turning their attention to the subject and watching the development of every phenomenon—from the condensation of the electric spark to the rear of Heaven's mighty artillery.

As a mechanical agent it has already accomplished wonders; but its crowning excelence scars aloft for nobler purposes, and whispers words of consolation and hope to diseased humanity.

Under its magic power the ravings of the manine are quieted; the plaised mind regains its powers; inflammations subside; tumors are reduced; ulcers are healed; the bilind are made to see; cripples to walk; the dumb to speak; the deaf to hear; nervous irritation is allayed; contracted muscles are relaxed; the weak become strong; and overy muscle, nerve, gland and tendon of the body is brought into harmony and health.

I take great pleasure in thus publicly proclaiming this fact, and calling the attention of those affilicted with the diseases for which they are recommended, to these flitters, knowing from experience that my recommended to make the process of the substanted. I do this more cheerfull as Hoofand's flitters is intended to benefit the affilicted, and is not a rum drink."

From Rev. J. Newton Brown, D. D., Editor of the Encyclopedin of Religious Knowledge and Christian Chronicle, Philadelphia.

Although not disposed to favor or recommend Patent Medicines in general, through glistrust of their ingredients and effects, I yetknow of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the cluby that the hope that he may thus a nirrbuste to the benefit of others.

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend, Robert Shoemaker, Esq., for the removal of this prejudice by proper tests and for encouragement to try them when suffering from great and long continued debility. The use of three bottles of these fitters at the beginning of the present year, was followed by evident relief and restortation to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despatied of regaining. I therefore thank God And my friend directing me to the use of them.
