From Rev. Wm. Smith, formerly Pastor of the Vincentiown and Millville (N. J.) Baptist Churches.
Having used in my family a number of bottles of your Hoofland's German Bitters, I have to say that I regard them as an excellent medicine, specially adapted to remove the diseases they are recommended for. They strengthen and are generally adapted to remove the billiated, and are useful in disorders of the liver, loss of a poetice of the liver, loss of the several of my friends, who have tried them, and found them greatly begindical in the restoration of health.

I take great pleasure in thus publicly proclaiming this fact, and calling the attention of those afflicted with the diseases for which they are recommended, to these Bitters, knowing from experience that my recommendation will be sustained. LEYI G. BECK,

From Rev. J. Newton Brown, D. D., Editor of the Encyclopedia of Religious Knowledge and Christian Chronicle, Philadelphis.

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects, I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the bope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofiand's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend, Robert Shoemaker, Esq., for the removal of this prejudice by proper tests and for encouragement to try them when suffering from great and long continued debility. The use of three bottles of these Bitters at the beginning of the present year, was followed by evident relief and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regaining. I therefore thank God and my friend directing me to the use of them.

The ingredients used in compounding Mishler's Herb Bitters are not kept secret by the Proprietor. Send for a Circular and you will learn the medical properties of all the articles used in its preparation; also in the manier in which they operate on the system, and much other valuable information. If you are afflicted with disease send for one of Mishler's Herb Bitters Circulars; read it carefully, profit by the hints it contains, and you will be placed on the sure road of recovery.

MISHLER'S BITTERS WILL CURE ALL DISEASES OF THE SKIN! Diseases of the skin are numerous and, with but one or two exceptions, may all be traced to impurity of the blood. In many persons this impurity is born in the system; while others acquire it through improper treatment of scores of diseases. Under this head may be

acquire it through improper treatment of acords of diseases. Under this head may be classed—

1st, Scrofula,—This disease is hereditary and is transmitted from generation to generation it is caused by a transgression of the laws of nature, both moral and physical; in other words, it is caused by vice. Acting as a latent poison, it reduces the vitality of the blood, and weakens the depurating organs, so that hey fail to discharge or cast out the impurities that are continually generating in the system. A person physically pure acquires genorinea, or some other secret disease; he undergoes a course of mercury, the disease is dried up, and the patient pronounced well. Vain delusion. The complaint is not cured, its channel is only diverted. Instead of making its appearance outwardly, it acts on the internal organs, and scrottla, which is bequeathed from father to son, is the result. Many persons who are perfectly free from all immorality and vice are afflicted with scrofula. They are suffering for the sins of their fathers and laboring under the curse inscribed in the Bo k of Books. "I will visit the iniquities of the fathers upon their children."

To cure this dreadful complaint it is necescurse inserioed in the Bo K of Books. "I will visit the iniquities of the fathers upon their children."

To cure this dreadful complaint it is necessary that the blood should be thoroughly purified, all the organs of the body brought into a healthy state of action, and the system braced up and strengthened by invigorating tonies.—Look at the articles used in compounding Mishler's Bitters; see the array of purifying and invigorating mendicaments, and say whether there is an article in the whole list of medicines that equals it. We here emphatically assert, without fear of contradiction, that MISBLER'S BITTERS WILL CURE ALL KINDS OF SCROFULOUS DISEASES. It purifies the blood, it strengthens the internal organs and alds them to perform their natural functions, it is a stimulant and a tonicand it will cure Scrotula.

2d, Running Sores and Ulcers.—Running sores and ulcers invariably indicate a scrofulous taint. They are caused by the efforts of nature to discharge the impurities of the blood. Many persons athleted with running sores and ulcers succeeded in drying them up and think they are cured when the skin grows over the sore. They are, however, "but making bad worse," for the impurities that were discharged from the system through the medium of the sore now act internally and cause innumerable diseases and often death. The only true and sure cure for all running sores and ulcers is Mishler's Bifters, a continued and persevering use of which will most certainly effect a permanent cure. That this Bitters is not Alcoholic, contains no Rum or Whisky, and cannot make Drunkards, but is the best Tonic in the World.

From Rev. W. D. Seigfried, Pastor of Twelfth Baptist Church, Philadelphia.

Gentlemen:—I have recently been labornig inder the distressing effects of indigestion, accompanied by a prostration of the nervous system. Numerous remedies were recommended by friends, and some of them tested, but without relief. Your Hoofiand's German Bitters were recommended by persons who had tried them, and whose favorable mention of these Bitters induced me to try them. I must confess that I nad an aversion to Patent Medicines from the "thousand and one" quack "Bitters induced me to try them. I must confess that I nad an aversion to Patent Medicines from the "thousand and one" quack "Bitters induced me to try them. I must confess that I nad an aversion to Patent Medicines from the "thousand and one" quack "Bitters are a sure of this dispase. Office we will see the most hand some features rendered hideous by great bitters," whose only aim seems to be to paim off sweetened and drugged liquor upon the community in a siy way, and the tendency of which, I fear, is to make many a confirmed drunkard. Upon learning that yours was really a medicinal preparation I took it with happy effect. Its action, not only upon the stomach, but upon the nervous system, was prompt and grantifying. I feel that I have derived great and permanent benefit from the use of a few bottles.

ELECTRICAL DISCOVERIES, -AND-RESULTS THE MOST ASTONISHING.

Our relations with the imponderable world are daily becoming more intimate, as we cast aside, one by one, material substances, forces and powers; Brute, Water and Almospheric power have given way to the vaporous element, Steam, which, in turn, must be cast aside for the subtle element, ELECTRICITY, which at no distant day must become the ultimate of motive power.

The wonderful electrical discoveries are now creating intense interest, and investigating minds are everywhere turning their attention to the subject and watching the development of every phenomenon—from the condensation of the electric spart to the roar of Heaven's migaty artillery.

As a mechanical agent it has already accomplished wonders; but its crowning excelence soars aloft for nobler purposes, and whispers words of consolation and hope to diseased humanity.

Under its magic power the ravings of the maninc are quieted; the paisled mind regains its powers; inflammations subside; tumors are reduced; ulcers are healed; the blind are made to see; cripples to walk; the dumb to speak; the deaf to hear; nervous irritation is allayed; contracted muscles are relaxed; the weak become strong; and overy muscle, nerve, gland and tendon of the body is brought into harmony and health.
