Jose de Urquiza: The only indication that we have reached its border is that on each hand, at the distance of three hundred yards at the distance of three hundred yards from each other, making an avenue of similar width, there are planted trees designed to form an avenue the entire distance to the estancia-house—eleven miles. As we travel onward the cattle increase in numbers, and ostriches, solitary or in groups, come up near us, or slowly cross our road. These birds are wly cross our road. These birds are thus tame, because the General has or-dered that not one shall ever be killed or molested. And so abundant are they that, as General Urquiza told me himself, he has been offered the sum of \$16, 000 in sliver for the privilege of taking them. But from humanity or from fancy e spared the birds.

Near the residence of the General there

is a permanent encampment of soldiers under his immediate command. The residence has received the name of San Jose, after its chosen patron saint, St. Joseph. The buildings are one story high, of brick, and are built around two large squares. The open space is paved with sandstone, and four sides are occupied by the apartments pertaining to the dwelling house. The margin of the square, the ten feet nearest the house, is covered with a finely wrought net-work of iron, supported by iron pillars, and overspread with the branches of fruitful trees.

At the outer range of the buildings there is a store, near it the chapel, next the office of the Secretary, then the apartment of two aides-de-camp, then the extensive array of parlors and private rooms provided for the large familiar and the array be vieter. ily and innumerable visitors. On entering the garden there was a beautiful array of exotic plants, from every quarter of the globe. Aviaries filled with gay birds of sweet voice adorn the garden. I need not mention names of rare plants, but from the extreme North, from Australia, Cape Horn, from Africa, Asia, and from the gardens of Europe, were gathered the floral treasures that adorn each other in noral treasures that adorn each other in this winterless climate, under the most exact artistic care. The gardens for vegetables and fruits were a study. Here are apples, peaches, pears, apri-cots, nectarines, grapes, pomegranites, quinces, figs, bananas, oranges, lemons and most of these in measureless abundance. At the edge of the orchard there is in process of construction an artificial lake about seventy-five rods square, and from twenty to thirty feet deep. The walls are of a most substandeep. The walls are of a mossessitial double work, and stamped with clay between. The water is to be brought about one mile from a neigh-boring river, and it will be elevated by machinery. On this lake there will be a little steamer where the sons destined for the navy will learn engineering and make mimic voyages. The estimate of the cost of the lake is \$100,000, silver. The chapel, intended for wor the family, will seat about sixty per

the family, will seat about sixty persons, and the costly appointments, of vestments, precious stones, silver furniture, fine paintings, pianos, &c., altogether must have cost at least beyond the sum of \$50,000 in silver.

The avenue of eleven miles leading up to the front of the house is suggestive of amplitude beyond, and there is the area of one hundred square leagues, or nine hundred square miles, that form the unbroken body of the farm. Over this immense tract of unsurpassed land countless thousands of cattle, and horses and sheep are grazing. Of cattle the the sum of \$50,000 in silver. and sheep are grazing. Of cattle the farm sends to the slaughtering establishment of the same owner fifty thousand animals annually. His horses would supply the cavalry of a large army, and from the wool of the sheep ships are annually loaded and sent direct to Europe. Europe.
Other tracts of land in other parts of the province are owned by him to a very large extent; but I am speaking only of the San Jose estancia, the farm

occupied as the owner's residence.

In all that province, though not now holding any civil office, nor on military duty. General Urquiza is vet regarded as legitimate ruler, civil and military and hardly assuming anything, there is not a department nor a precinct of the province that escapes his eye. On one week's notice he can call together an equipped army of 20,000 men, ready fo any cause that he should deem worthy of their steel. The estancia of San Jose is alone in the world for exten and for culture under the owner's eve It is larger than many of the principalities of Central Europe, and in politics there is not an equal surface on the lobe of greater unanimity among its

A Bream That Sent Two Men to Prison. The following singular circumstances are vouched for as strictly true by the Detroit Tribunc:

Some months since a citizen of Branch county, in this State, employed two men to remove his deceased wife's remains, which they pretended to do, and claimed as recompense, one three dol-lars and a half, and the other one dollar and a half. The gentleman being well pleased with their execution of the ork, gave the latter two dollars, which work, gave the latter two dollars, which he retused, giving back fifty cents. The following night the gentleman dreamed that one of the men visited his room naked, his body covered over with black spots, and on being asked what ailed him, he replied that the spots indicated the lies he had told and the large one. the lies he had told, and the large one on his side the lie he had told him in regard to disinterring his wife's remains, which they had not done. On awaking, his dream so impressed him that he was led to ascertain whether the men had actually done what he had paid them for doing, and ascertained that they had not. On his complaint they were arrested and sent to the State on for one year for obtaining goods under false pretenses, and are now serving out their time at Jackson.

Send for a Circular and you will learn the medical properties of all the articles used in its preparation; also in the maner in which they operate on the system, and much other valuable information. If you are afflicted with disease send for one of Mishier's Herb Bitters Circulars; read it carefully, profit by the hints it contains, and you will be placed on the sure road of recovery.

MISHLER'S BITTERS WILL CURE ALL DISEASES OF THE SKIN! CURE ALL DISEASES OF THE SKIN:
Diseases of the skin are numerous and, with
but one or two exceptions, may all be traced to
impurity of the blood. In many persons this
impurity is born in the system; while others
acquire it through improper treatment of
scores of diseases. Under this head may be scores of diseases. Under this head may be classed—

lat, Herofula,—This disease is hereditary and is transmitted from generation to generation. It is caused by a transgression of the laws of nature, both moral and physical; in other words, it is caused by vice. Acting as a latent poison, it reduces the vitality of the blood, and weakens the depurating organs, so that hey fall to discharge or east out the impurities that are continually generating in the system. A person physically pure acquires gonorhose, or some other secret disease; he undergoes a course of mercury, the disease is dried up, and the patient pronounced well. Vain delusion. The complaint is not cured, its channel is only diverted, instead of making its appearance outwardly, it acts on the internal organs, and scrottals, which is bequeathed from father to son, is the result. Many persons who are perfectly free from all immorality and vice are atflicted with scrottals. They are suffering for the sins of their fathers and isdoring under the curse inscribed in the Bo k of Books. "I will visit the injunities of the fathers upon their children."

To cure this dreadful complaint it is neces-

curse inscribed in the Bo K of Books. "I will visit the iniquities of the fathers upon their children."

To cure this dreadful complaint it is necessary that the blood should be thoroughly purified, all the organs of the body brought into a healthy state of action, and the system braced up and strengthened by invigorating tonics.—Look at the articles used in compounding Mishler's Bitters; see the array of purifying and invigorating mendicaments, and say whether there is an article in the whole list of medicines that equals it. We here emphatically assert, without fear of contradiction, that MISHLER'S BITTERS WILL CURE ALL KINDS OF SCROFULOUS DISEASES. It purifies the blood, it strengthens the internal organs and aids them to perform thair natural functions, it is a stimulant and a tonic and it will cure Scrotula.

2d. Running Bores and Ulcers.—Running sores and ulcers invariably indicate a scrofulous taint. They are caused by the efforts of nature to discharge the impurities of the blood. Many persons afflicted with finning sores and ulcers succeeded in drying them up and think they are cured when the skin grows over the sore. They are, lowever. "but making bud worse," for the in-partites that were discharged from the system brough the medium of the sore now act internally and cause innumerable diseases and often death. The only true and sure curs for all running sores and ulcers is Mishlor's Bitters, a continued and persevering use of which will most certainly effect a permanent cure.

3d, Sait Rheum.—Sait Rheum is a vague, in 3d, Sait Rheum, and the sait cure of the same and sure cure.

READ WHO SAYS SO From Rev. W. D. Seigfried, Pastor of Twelfth Baptist Church, Philadelphia. Gentlemen:—I have recently been labornly nder the distressing effects of indigestion, accompanied by a prostration of the nervous system. Numerous remedies were recommended by irriends, and some of them tested, but without relief. Your Hoofland's German Sitters was resonantially by unrange who had tried out relief. Your Hootland's German Bitters were recommended by persons who had tried them, and whose favorable mention of these Bitters induced me to try them. I must confess that I and an aversion to Patent Medicines from the "bousand and one" quack "Bitters," whose only aim seems to be to paim off sweetened and drugged liquor upon the community in a sly way, and the tendency of which, I fear, is to make many a confirmed drunkard. Upon learning that yours was really a medicinal preparation I took it with happy effect. Its action, not only upon the stonnich, but upon the nervous system, was prompt and gratifying. I feel that I have derived great and permanent benefit from the use of a few bottles.

very respectfully yours,

From the Rev. E. D. Fendall, Assistant Editor Christian Chronicle, Philadelphia. I have derived decided benefit from the use of Hoofian Ly German Bitters, and feel it my privilege to resommend them as a most valua-ble tonic, to all who are suffering from genreal debility or from diseases arising from de-rangement of the liver.

Yours truly
E. D. FENDALL. From Rev. D. Merrige, Pastor of the Passyunk Baptist Church, Philadelphia.

From the many respectable recommendations given to Dr. Hoofland's German Bitters I was induced to give them a trial. Altusing several bottles I found them to be a gooremedy for debility, and a most excellent ton for the stomach. D. MERRIGE.

 \mathbf{N} From Rev. Wm. Smith, formerly Pastor of the Vincenttown and Millville (N. J.) Baptist Churches. Churches,
Having used in my family a number of bottles of your Hoofland's German Bitters, I have to say that I regard them as an excellent medicine, specially adapted to remove the diseases they are recommended for. They strengthen and invigorate the system when debilitated, and are useful in disorders of the liver, loss of appetite, &c. I have also recommended them to several of my friends, who have tried them, and found them greatly beneficial in the restoration of health.

or nearth,
Yours truly,

From the Rev. Levi G. Beck, Pastor of the Baptist Church, Pemberton, N. J., formerly of the North Baptist Church, Philadelphia, at pre-sent Pastor of the Baptist Church, Chester, Pa. I have known Hoofland's German Bitters favorably for a number of years' I have used them in my own family, and have been so pleased with the'r effects, that I was induced to recommend them to many others, and know that they have operated in a strikingly beneficial manner. I take great pleasure in thus publicly proclaiming this fact, and calling the attention of those afflicted with the diseases for which they are recommended, to these Bitters, knowing from experience that my recommendation will be sustained. I do this more cheerful as Hoofland's Bitters is intended to benefit the afflicted, and is "not a rum drink." "not a rum drink."
Yours, truly,
LEVI G. BECK.

From Rev. J. Newton Brown, D. D., Editor of the Encyclopedia of Religious Knowledge and Christian Chronicle, Philiadelphis.

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects, I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefy an alcoholic mixture. I am indebted to my friend, Robert Shoemaker, Esq., for the removal of this prejudice by proper tests and for encouragement to try them when suffering from great and long continued debility. The use of three bottles of these Bitters at the beginning of the present year, was followed by evident relief and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regalning. I therefore thank God and my friend directing me to the use of them.

From the Rev. Thos. Winter, D. D., Pastor of Roxborough Baptist Church.

Dear Sir: I feel tidue to your excellent preparation, Hoofland's German Bitters, to add my testimony to the deserved reputation it has obtained. I lid do and have experienced great and unexpected relief; my health has been very materially benefitted. I confiden ly recommend the article where I meet with cases similar to my own and have been assured by many of their good effects. Respectfully yours, T. WINTER, Roxborough, Pa. From Rev. J. S. Herman, of the German Reformed Church, Kutztown, Berks County, Pa. Respected Sir: I have been troubled with hyspepsia nearly twenty years, and have never used any medicine that did so much good as Hoofland's Bitters.
