Under this head may be classed—

1st, Scrofula,—This disease is hereditary and is transmitted from generation to generation it is caused by a transgression of the naws of nature, both moral and physical; in other words, it is caused by vice. Acting as a intent poison, it reduces the vitality of the blood, and weakens the depurating organs, so that 'bey fail to discharge or cast out the impurities that are continually generating in the system. A person physically pure acquires gonorhea, or some other secret disease; he undergoes a course of mercury, the disease is dried up, and the pattent pronounced well. Vain delusion. The complaint is not cured, its channel is only diverted. Instead of making its appearance outwardly, it acts on the Internation organs, and seroida, which is bequeathed from father to son, is the result. Many persons who are perfectly five from all immorality and vice are allitted with scrofula. 2d. Running Sores and Ulcers.—Running sores and ulcers invariably indicate a scrottlous taint. They are caused by the efforts of nature to discharge the impurities of the blood, Many persons afflicted with running sores and unicer succeeded in drying them up and think they are cured when the skin grows over the sore. They are, however, "but making had worse," for the impurities that were discharged from the sky em through the medium of the sore now act internally and cause innumerable diseases and often death. The only true and sure cure for all running sores and ulcers. Mishler's Bitters, a continuous and persevering use of which will most certainty effect a permanent cure.
