1st, Scrofula,—This disease is hereditary and is transmitted from generation to generation. It is caused by a transgression of the laws of nature, both moral and physical; in other words, it is caused by vice. Acting as a latent poison, it reduces the vitality of the blood, and weakens the dopurating organs, so that help are continually generating in the system. A person physically pure acquires genoricus, or some other secret disease; he undergoes a course of mercury, the disease is dried up, and the patient pronounced well. Vain dedusion. The complaint is not cured, its channel is only diverted. Instead of making its appearance outwardly, it acts on the internal organs, and secretial, which is bequeathed from father to son, is the result. Many persons who are perfectly free from all immorality and vice are afflicted with serofula. To cure this dreadful complaint it is necessary that the blood should be thoroughly purified, all the organs of the body brought into a healthy state of action, and the system bruced up and strengthened by invigoriting tonies.—Look at the articles used in compounding Mishler's Bittors; see the array of purifying and invigorating mendicunents, and say whether there is an article in the whole list of medicines that equals it. A RARE CHANCE.—VALUABLE HOAn opportunity is now offered of securing one of the most desirable Hotel stands in the State. The property is located at the Railroad Depot in Shippensburg, Cumberland county, and is worthy the attention of all who wish to keep a first-class Hotel; or of the capitalist, who may desire to make a good speculation. The Cumberland Valley, it is almost universally conceded, is as fertile, if not more beautiful, than any other portion of our State, and is rapidly improving; developing now sources of wealth, and is the resort of strangers from all parts of the Union. Shippensburg has a population of over two thousand inhabitants, and bids fair to be an important point at no distant nuture.

The HOTEL BUILDING is the largest and most commodious in the town, and on account of its proximity to the Depol, is also the best way to the lungs, and should lose no time in PUBLIC SALE.—ON SATURDAY, DE-CEMBER, 15, 1869, will be sold by public sale, at the public house of Frederick Bard, in West Hempfield township, Lancaster county. tidaw NOTICE TO FARMERS HAVING
HORSE POWERS.—The undersigned, Invoutor of the Horse Power, whose claim extends as far back as July, 1830, hereby notifies all Farmers who have one in use, no matter from whore purchased, that they shall cell on the undersigned at once, and effect a Speedy Settlement of my claim for the Patent Right Fee upon each machine thus in use or used. These machines have been manufactured and sold without the manufacturers having any legal right to use my Invention; and consequently every person who now has or had one in use, is personally liable for my Patent Fee upon each machine. In the National Whit, of July IV, 1851, and American Press and Republican, of September 18, 1831, both papers published in Lancaster city, I repeatedly cautioned the public from manufacturing my Horse Power either for sale or use, as they would assuredly be dealt with according to law.
