For restoring hair upon baid heads (from whatever cause it may have failen out) and forcing a growth of hair upon the face, it has no equal. It will force the beard to grow upon the smoothest face in from five to eight weeks, or hair upon baid heads in from two to three months. A few ignorant practitioners have as-serted that there is nothing that will force or hasten the growth of the hair or beard. Their assertions are faise, as thousands of living wit-nesses (from their own experience) can bear witness. But many will say, how are we to distinguish the genine from the spurious? It certainly is difficult, as nine-tenths of the dif-ferent Preparations advertised for the hair and beard are entirely worthless, and you may have aiready thrown away large amounts in their purchase. To sach we would say, try the Reparator Cappilli ; it will cost you nothing uniess it fully comes up to our representations.
