DUTY OF TOWNSHIP AUDITORS,-It may not be generally known that a general law of the last session of the legislature, approv-April 21, 1866, requires the bounty accounts of every district to be carefully audited by the Township Auditors, and " prepare a condensed statement of the condition of these finances, and publish the same at the cost of the district for three successive weeks, in two papers," It not only requires this duty to be performed by the Township Auditors, but it imposes a penalty of fifty dollars upon each Auditor who refuses to comply, one-half of which fine goes to the pros ecutor and the other half to the school of the district. It provides, also, that the Auditors shall notify the School Directors or oth-

"One of the very worst economies of time in that illehed from necessary sleep. The wholesale but blind commendation of early rising is as mischievous in practice as it is arrant folly in theory. Early rising is a crime against the noblest part of our physical nature, unless it is preceded by an early retiring. We caution parents particularly not to allow their children to be waked up in the mornings: let nature wake them or in the mornings; let nature wake them up in the mornings; let nature wake them up, she will not do it prematurely; but have a care that they go to bed at an early hour. Let it be earlier and earlier, until it is found that they wake up of themselves in full time to dress for breakfast. Being waked up early, and allowed to engage in difficult or any studies late and just before retiring, has given many a beautiful and promising child, brain fever, or determined ordinary allments to the production of water on the brain."

tion on the 24th of September, were reeived from Philadelphia, Pittsburg and East Pennsylvania society at Norristown The advantages of the various localities vere considered, and finally referred to a mmittee with power to decide, consisting of Messrs. Hamilton, Kapp, of Northum perland, and Way, of Allegheny.

Mr. Kreybill reported that he had mad nquiry upon the subject of the proposed appropriation by the Legislature for the trial of implements during the present season, and was satisfied that none would be nade, principally for the reason that the Legislature was urged to consider the propricty of making large additions to the number, and liberal appropriations to charitable institutions. The committee was

hereupon discharged. The premium list was revised and enarged. A resolution submitted upon the subject of the agricutural statistics of the State was passed and ordered to be laid before the Legislature. Mr. Rhey, of Westmoreland, submitted

and had passed the following upon an important subject in agricultural economy. portant subject in agricultural economy.

Resolved by the Pennsylvania State Agricultural Society, That the Legislature of the State be requested to appropriate a sum sufficient to defray the expenses of Prof. S. S. Haldeman, chemist and geologist of this society, and of a competent assistant, to be selected by him, in ascertaining the best method of rendering the night soil and sewerage of the State available in enriching exhaused or other lands, and make report not later than the next session of the Legislature; provided the cost shall not exceed one thousand dollars.

A committee of arrangements of five was ordered to be appointed, as soon as a location for holding the exhibiting was determined upon, and the President appointed one of the number.

SUDDEN DEATH,-Mr. George Keller, as old and respectable citizen, died very sud-denly of apoplexy, at his residence, in Vest King street, on last Saturday evening.

NEW PATENT.-Jacob B. Lindermar, of danor township, has obtained letters patent for an improvement on harness, dated March 19th, 1867. This consists in affixing the ncking strap to the shaft of the vehicle and greatly facilitates the hitching and un hitching of the horse, which is done with such ease and dispatch as to make it truly useful and desirable, and costs less than when put on the harness. Obtained through the agency of J. Stauffer.

PROVERBIAL PHILOSOPHY,-Next to a family Bible the most valuable thing in a household is the Barley Sheaf Cooking Stove. In point of amiableness this stove cannot be excelled. It feeds upon wood and coal with equal contentnent, and requires less of either than an ther stove now in existence. It has a note manner that gives you all the advantages possessed by the brofessional baker. Messrs Stuart, Peterson & Co. are the inventors of th household treasure.

LETTER FROM BART TOWNSHIP.—We have received the following letter from one of the most respectable citizens of Bart township.

BAETVILLE, LANCASTER COUNTY, March 22, 1867.

MR. EDITOR: During all the trying times which we have passed, the Democracy of Bart township have slways maintained their position and given a good report of themselves. In the late election we did well, and came off victorious. The only inroads our opponents made upon us was in the election of Justice of the Peace and Auditor, and the Democrats have none but themselves to blame for that. One thing was done by the Republicans which will certainly be looked upon as a disgraceful act by all right-thinking men. Rev. Joseph M. Rittenhouse, a gentleman of high character as a minister, and a man who has generally acted with the Republican party, having indulged in some strictures on the infidel tendencies of the times, the Radicals of this district, for the purpose of casting a BARTVILLE, LANCASTER COUNTY, of this district, for the purpose of casting a slur upon him, placed his name on their ticket as a candidate for the office of Constaticket as a candidate for the office of Constable. Since the election they have tried to creep out of the dirty scrape of asserting that Democrats voted for him. This I know to be false. This is an instance of the bigotry of the Radicals, and a fair sample of their decency. Quis.

Over-exertion, either of body or mind, produces dedility and disease. The usual remedy is to take some stimulant, the effect of which is the same as giving a tired horse the whip instead of oats. The true way is to fortify the system with a permanent tonic like the Peruvian Syrup, (a protoxide to firon), which gives strength and vigor to the whole system.—Communicated,

CLIMAX.

A plain statement of facts, I inherited Scrofula, and many of my relations have died of it. In 1839 my case was frightful. Tumors and ulcers spread until 11812, finder the advice of my physicians I went to Avon Springs. I received no benefit—tried every medicine and did everything I could! I had to rest my arm on a cushion, and had not been able to raise it to my bead for over a year. The discharge from two ulcers was nearly a pint a day. Amputation was recommended; but pronounced dangerous. I could not sleep, and my sufferings were intolerable. A friend brought me an English physician who applied salve with which he said he had accomplished extraordinary cures in the hospitals in England. It commenced to relieve; persisted in its use; it finally effected a perfect and entire cure. It is now 1848. It is five years since I had the appearance of a scrofulous sore, and my health has been good ever since. I procured the receipt of his wonderful article—this biessing of humanity—and have called it "Paor's CLIMAX SALVE," and allow the public to use it or not as they choose. This is a brief but candid statement, given more fully in my circular.

Most of our readers have no doubt read some of the numerous advertisements of Gift Enterprises, Gift Concerts, &c., which appear from time to time in the public prints, offering most tempting bargains to those who will patronize them. In most cases these are genuine humbugs. But there are a few respectable firms who do business in this manner, and they do it as a means of increasing their wholesale business, and not to make money. From such firms, it is true, handsome and valuable articles are procured for a very small sum, and what is more important, no one is ever cheated. Every person gits good value for his dollar because, as we have stated, it is intended to act as an advertisement to increase their ordinary business.

act sam an avertisement to increase their ordinary bisiness.

We have seen numbers of prizes sent out in this way by SHERMAN, WATSON & COMPANY, of Nassau street, N. Y., and there is no doubt that some of the articles are worth eight or ten times the money paid for them, while we have not seen or heard of a single article which was not fully worth the dollar with hit cost. But this is only one of the exceptions of this rule, for as a general thing the parties engaged in this business are nothing but clever swindlers.—Saturday Reader, Montreat, C. K., Ja-1, 1, 1800.
