REPARATOR CAPILLI.

REPARATOR CAPILLI.

For restoring hair upon baid heads (from whatever cause it may have fallen out) and forcing a growth of hair upon the face, it has no equal. It will force the beard to grow upon the smoothest face in from five to eight weeks, or hair upon baid heads in from two to three months. A fewignorant practitioners have asserted that there is nothing that will force or hasten the growth of the hair or beard. Their assertions are false, as thousands of living witnesses (from their own experience) can bear witness. But many will say, how are we to distinguish the genuine from the spurious? It certainly is difficult, as nine-tenths of the different Preparations advertised for the hair and beard are entirely worthless, and you may have already thrown away large amounts in their purchase. To such we would say, try the Reparator Cappilli; it will cost you nothing unless it fully comes up to our representations. If your Druggist does not keep it, send us one dollar and we will forward it, postpaid, together with a receipt for the money, which will be returned you on application, providing entire satisfaction is not given. the Best Self-Rake Machine in Market.

TEN YEARS experience in selling Reaping and Mowing Machines enables me to offer you for the harvest of 1867, the only two-wheeled Self-Rake Reaping Machines that has proved successful in doing the work better in down tangled grain than can be done by hand.

With this Machine, one man or boy, with a good steady pair of horses, can do as much work in a day, and do it better, than two men can do with the best combined hand machine now in use. This has been our experience and that of many of our best Farmers who have used them the last three seasons. Take off your Rake and Platform and you have one of the very best Mowers in use; in cutting down tangled grain or grass with this Machine, you can adop your cutter bar as low as you may desire without stopping your team; you can raise or lower it with all ease while it is in motion.
