Throw away your false frizzes, your switches REPARATOR CAPILLI.

For restoring hair upon bald heads (from whatever cause it may have fallen out) and forcing a growth of hair upon the face, it has no equal. It will force the beard to grow upon the smoothest face in from five to eight weeks, or hair upon bald heads in from two to three months. A few ignorant practitioners have asserted that there is nothing that will force or hasten the growth of the hair or beard. Their assertions are false, as thousands of living witnesses (from their own experience) can bear witness. But many will say, how are we to distinguish the genuine from the spurious? It certainly is difficult, as nine-tenths of the different Preparations advertised for the hair and beard are entirely worthless, and you may have already thrown away large amounts in their purchase. To such we would say, try the Reparator Capilli; it will cost you nothing unless it fully comes up to our representations. If your Druggist does not keep it, send us one dollar and we will forward it, postpaid, together with a receipt for the money, which will be returned you on application, providing entire satisfaction is not given. She reveals secrets no mortal ever knew. She restores to happiness those who, from doleful events, catastrophes, crosses in love, loss of relations and friends, loss of money, &c., have become despondent. She brings together those long separated, gives information concerning absent friends or lovers, restores lost or stolen property, tells you the business you are best qualified to pursue and in what you will be most successful, causes speedy marriages and tells you the very day you will marry, gives you the name, likeness and characteristics of the person. She reads your very thoughts, and by her almost supernatural powers unveils the dark and hidden mysteries of the future. From the stars we see in the firmanent—the malefic stars that overcome or predominate in the configuration—from the aspects and positions of the planets and the fixed stars in the heavens at the time of birth, she deduces the future destiny of man. Fall not to consult the greatest and you may never again have so favorable an opportunity. Consultation fee, with likeness and all desired information, \$i. Parties living at a distance can consult the Madame by mail with equal safety and satisfaction to themselves, as if in person. A full and explicit chart, written out, with all inquiries answered and likeness enclosed, sent by mail on receipt of price above mentioned. The strictest secresy will be maintained, and all correspondence returned or destroyed.—References of the highest order furnished those destring them. Write plainty the day of the month and year in which you were born, enclosing a smail lock of hair.

NEW FASHIONS FOR 1867. SHERMAN'S NEW PATENT AS YOU LIKE IT SKIRT 35 North 8th St., corner of Filbert. 35 This is not only a new fashion, but a new article of SKIRT, made on an entirely new

article of SKIET, made on an entirely new principle, so novel and yet so perfect the ladies contend it should be called Perfection.

We would here call particular attention to the AS YOU LIKE: IT, or flexible joint, extending down the front of the skirt; it is so constructed that the springs fold inwardly, but not outwardly, and readily yield to the slightest pressure, thus allowing them to collapse, so that the skirt occupies the smallest possible space whilst sitting, riding, or in passing through a crowd, and yet the moment the pressure is removed, the skirt resumes its original and beautiful shape.

The novelty and utility of this contrivance need but be seen to be appreciated. But for and of space we might here publish thousands attracts from letters, we are daily receiving, speaking in the highest praise of these Skirts.

OUR CORSEIS. Are now so Well known for their superior SHAPE, MATERIAL and WORKMANSHIP. that it is perhaps unnecessary for us to speak of them, further than to say that we have greatly enlarged our assortment of Styles, both of our own make and importation, and can now safely defy competition. Ve ask but a trial and are sure of your future patronage.

Manufactured by the SHERMAN SKIRT and CORSET COMPANY, exclusive owners of the patent for the United States.

FIRST MORTGAGE BONDS 25 S. Ninth St., four doors above Chestnut St., S. S. S. S. S. Chestnut St., S. Continental Hotel, CENTRAL PACIFIC R. R. CO. PHILADELPHIA.

This Company is constructing under the paronage of the REAT NATIONAL RAILWAY ACROSS Their line will extend from Sacramento, California, across the Sierra Nevadas to the California State line, traversing the richest and most populous section of California, and thence through the great mining regions of the Territories, to the vicinity of Salt Lake

Their road is already completed, equipped and running for 94 miles from Sacramento to within 12 miles of the summit of the Sierras, and a large amount of the work of Grading, Tunneling, &c., beyond that point has been accomplished. The First Mortgage Bonds of this Company afford unusual inducements of Safety and Profile to Investors, for the following among other assons, viz:

First. The rate of interests is SIX PER CENT ond. The PRINCIPAL is payable in Gold at hird. The cost of the Bonds. NINETY-FIVE PER CENT. and accrued interest, is Ten PER CENT. less than that of the cheapest Six per Cent. Gold Bearing Bonds of the Government.

urth. The United States Government pro-vides nearly half the amount necessary to build the entire road, and looks main-ity to a small per centage on the future traffic for re-payment. Fifth. Owing to this liberal provision, accompanied with Extensive Grants of Public Lands, by which the Government fosters this great national enterprise, its success is rendered certain, and its financial stability is altogether independent of the contingencies which attend ordinary kallroad enterprises.

izth. The Security of its First Mortgage Bonds is therefore ample, and their character for safety and reliability is equalled only by that of the obligations of the Govern-ment itself. worth. The net earnings of the completed portion are already largely in excess of the interest obligations which the Company will incur on twice the distance, and are steadily increasing, rendering the uninterrupted payment of the Interest absolutely certain.

Eighth. At the present rate of Gold they pay nearly 8½ PER CENT. per annum, on the amount invested.

The Bonds are issued in denominations of \$1,000 with semi-annual Gold Coupons attached payable in New York, and are offered for the present at 55 per cent. and accrued interest (in currency) from January 1st. Orders may be forwarded to us direct, or hrough the principal Banks and Bankers in all parts of the country. Remittances may be made in drafts on New York, or in Legal Tender Notes, National Bank Notes, or other funds current in this city, and the Bonds will be forwarded to any address by Express, free of charge. In our last report it appears I that a certain amount of Fire Tax assessed in December, 1865, was unpaid; and by reason of some of the Collectors are no returning a full list of the names of their delinquents to be exonerated for mistakes or otherwise, it is impossible to settle the same correctly, which leads to losses of taxes and mistakes, and, we would recommend that Collectors should be strictly instructed to settle up their accounts before the first day of April, in each year.
