Bocal Intelligence.

From Friday's Daily.

THE HEAVY RAIN .- The rain which began on Wednesday evening about seven o'clock, and which is still talling, has been one of the heaviest ever known in this neighborhood. We were in hopes last evening that it had expended its force, but all through the night the unceasing drip continued, and early this morning the water commenced to come down as though, in the scriptural phrase always used by the newspapers, the flood gates of Heaven had been ened. The rain fell in straight lines, like millions of buckshot descending directly from the clouds, and the floods began to rise. At the corner of Charlotte street and Russell's Alley, it may truly be said that the floods were out. Constable Gundaker informs us that early this morning he was awakened by a cry as of drowning persons, and rushing out found the water on the street knee deep. The cries for help came from the house of Mrs. Ann B. Winauer. better known as Granny Winauer. The sewer had become gorged and her house, which is within a few feet of the sewer opening, was flooded to the depth of two feet. Clothes, furniture, in fact, almost everything about the house was swimming about, while those dwelling in the house suddenly awakened and having nothing on but their night clothes, were in great dis comfort and really in some danger. Mr. Gundaker took them all to his house and made them more comfortable. Mrs. Winauer, who is an old woman, says that she has known no such rain for forty-five years. Though perhaps not the oldest inhabitant, she is no doubt correct, as Philadelphia was flooded last night in the same manner. We are informed that Delaware Avenue is filled with water the stores and cellars receiving what the street cannot hold.

What with rain in the streets, water in the cellars and dampness in the houses generally, we may call this unpleasant weather without fear of contradiction.

We learn from Col. Joel L. Lightner that the Pequea creek was higher this morning than it has been known to be in the memory of the oldest inhabitants. Some damage had been done to fences. &c., but he had heard of nothing serious.

The storm at Manheim was the severest known there for many years, the streets were flooded and the celtars are completely filled with water. The rain storm was general throughout

the whole country east of the mountains so far as heard from. In Philadelphia the water was very high and considerable damage was done yesterday afternoon. If the storm increased in violence everywhere as it did in this vicinity the destruction of property must have been great.

Mr. Benjamin Mishler informs us that the fountain basin in the yard attached to his brewery, which is three feet deep and sixteen feet wide, was filled with water and that there was no possible way for it to get in, unless it came from the regions

Travellers from the southern end found it impossible to get across the Pequea at the bridge near the Valley Inn. and were compelled to seek another crossing. On the Marietta pike the bridge across the Little Conestoga was impassable, and the Columbia road at Levergood's mill was overflowed to such an extent that the water

reached the horse's middle. At the works of H. K. Stoner, on Mill Creek, West Lampeter township, the breast of the dam was carried away, and also a small building attached to the Works.

From Saturday's Daily. Yesterday afternoon a young lad, name un known, went out in a boat above the 1st lock to save, some lumber, and while engaged in gathering it up, he seems to have forgotten that there was a dam about; for turntely be looked around and saw that in a minute more he must go over it-he jumped out and by dint of great exertion reached the shore. The boat went over and was dashed to pieces.

Mr. Samuel Diller going in a buggy from town to Jacob F. Kautz in the afternoon, been found. Mr. M. offers a liberal reward envored to cross the creek by the Reignet's Landing bridge. The water at the other side of the bridge however was so deep that the horse was taken off his feet. and the buggy eatching on some obstruction was finally overturned. Mr. Diller endeavored to swim to shore, and by the assistance of a young man named Devert, and perhaps others, was saved after having been n the water altogether about three quarters of an hour. The horse, a valuable one, was drowned, and the last seen of him and the huggy they were floating down the

Conestogu. Mr. Samuel Hess, lumber merchant at Graeff's landing, is a severe loser by the storm, as a great deal of his lumber and about 1200 locust rails, which were piled near the banks of the creek, have floated

The bridge of the Pennsylvania Railroad Company over the creek at Chiques station was moved from its foundation yesterday morning. The 11:17 a. m. train was in consequence delayed in Columbia until :40, when it came back here, and went up the other branch. Last evening about half-past six, we vis-

ited Witmer's Bridge and the Poor House Bridge. At Witmer's the scene was quite wild, the turbid waters rushed with a current like that of the Mississippi. The creek was swollen to about three times its usual width: Ranck's dam and the dam at the Water Works were completely hidden, the water rolling over them as though no such thing as dams were in existence. Two rows of willows marked the usual bed of the stream, while on each side of the trees extended a body of water, covering fences, corn-fields, mendows, &c. The Poor-house Bridge was only about eighteen inches above the water, which surged and foamed against the plors, and seemed to be exerting all its angry power to remove them. From half-past six to seven the water neither rose nor fell, but during the night it subsided considerably. We are informed that this flood is about two feet lower than the great flood of 1850.

The Susquehanna river was considerably

swollen at Harrisburg, and this is regarded as an indication that the long protracted drouth in the counties along the North and West Branches has terminated, and that the people of those parched regions have at last been blest with refreshing rains.

Mr. Adam Doerstler of Manor Twp, in writing to the Inquirer says:

writing to the Inquirer says:

It was built in 1743, by Christian Herr, and was refitted and rebuilt in 1843, exactly 100 years afterwards, by myself. The dwelling formerly belonged to Jucob Schuh, from whom I purchased it, after it had been in his possession 6 years. The Herr family owned it for 64 years, and it has now been in my possession 34 years. I beleive this to be the oldest house in this section of the county. Possibly, old Dr. Mylin's house, in Willow Street, may date further back, but I can not state positively. A mill formerly stood upon this property, which was much older than the house, but the exact date I cannot now recall. It was torn of having their grain converted

NEW PATENT.-Wm. W. Berntheisel, of West Hempfield township, has just received letters patent, dated Aug. 13, 1867, for a yaluable improvement on Step Ladders and an adjustable attachment for holding a hucket.

This is firmly braced in all directions and so as to fold up or spread out mechani-cally, and is just the thing wanted about a house. Obtained through the agency of J. Stauffer.

OFFICERS ELECTED. -The State Teacher Association of Pennsylvania, as its annual session held at Bellefonte, last week, elected the following officers for the ensuing year:

President—Edward Brooks, of Lancaster, Vice Presidents—Miss Eliza Bishop, of Harrisburg; Miss Boggs, of Allegheny; Prof. Helges, of York; Prof. Grant, of Westmoreland.

Secretaries—Profs. Harding of Lancaster, and Elsephoners of Leibigh. Secretaries—Frois. Harding, of Lehicus-ter, and Elsenbower, of Lehigh.
Treusurer—Amos Rowe, of Lancaster.
Executive Committee—Jones, of Eries
Burtt, of Pittsburg; Jack, of Westmore-land; Ulp, of Clinton, and Parker, of Phila-

Allentown, the county seat of Lehigh county, was selected as the place of next

SUPPLY DEATHS. We are called upon to announce the sudden deaths of two wellknown citizens—the one being that of the Hon. Peter Martin of Ephrata, and the other that of the Rev. William Beates of

this city. Mr. Martin, we learn, had been in attendance at Camp Meeting at Manheim in the early part of the week, where it seems he took a severe cold and returned home. Brain fever set in, from which he died on Friday last. Mr. Martin was in the 63d year of his age, and during his life had been prominent politician. He was for many years a Democrat, and a warm of the late Colonel Reah Frazer. Of late years, however, he had been connected with the Republican party. In 1854 he was nominated by the Know Nothing party for Canal Commissioner, bu

he declined to be their candidate. For a number of years he held the office of Justic of the Peace in Ephrata township. In 1857 he was nominated and run by the Republican party for Prothonotary, but was de William Carpenter, Esq., who ran upon the Democratic ticket. In 1860 he was renominated and elected to that office, and served for three years. At the election in October last he was elected on the Radical ticket for Associate Judge of the several Courts of this county, in place of Hon Ferree Brinton, resigned. His death will be regretted by a large number of friends and acquaintances.

-Mr. Beates died at his residence, on West King st., on Saturday last at 11 o'clock in the 92d year of his age. He had been ill and feeble for about two months past, but was not, we are informed, so dangerously ill as to expect his demise so suddenly. He was in the act of administering the Sacrament of the Lord's Supper to the different members of his family, who were gathered about him for that purpose; when, having just broken the bread and given it to the fourth member of the family, he fell over and expired without a word or struggle.-He was for very many years the pastor of Zions' German Lutheran, Church, in Vine street, this city, but for some ten or twelve years past the infirmities of advancing age have prevented him from engaging in the duties of his sacred calling. As a pastor he was in his day very popular, and much respected and revered by all who knew him. He died in the fullness of years, leaving behind him a widow and a large family of descendants, quite a number of whom were present at the solemn Sacrament of this norning, during the administration of which the spirit of this aged Christian min-

ister took its flight from earth to heaven. CHURCH PROCEEDINGS IN REGARD TO THE DEATH AND FUNERAL OF REV. MR BEATES.-In consequence of the blessed de parture of the Rev. Father William Beates, who for fifteen years (from 1838 to 1853) was the fulthful pastor of the Evangelical Lutheran Zion's Church of this place, the Church Council of this Church met on Sunday morning, and after the Rev. Pastor Hoppe had communicated to them the death of Father Beates, it was unanimously

Resolved, That the Pastor, Church Coun Resolved, That the Pastor, Culten Courier Courier and Courier Courier Courier and A. M., in the church, and the Sunday and week-day schools at the same time in the School house, and then move in procession to the residence of the deceased to accompany the processing the processing the same law to the gray and the same law the same law to the gray and the gray pany his remains to the grave.

Resolved, That the Altar and the Pulpit

Resolved, That the Addraind the Further of the church be draped in mourning.

Resolved, That in thankful remembrance of the departed Father, endeared to the congregation by his long and fatthful service, a funeral sermion be preached in the church on next Sunday, 25th inst. Boy DROWNED .- Chas. L. Moyer, a sor of C. B. Mover, of No. 198 West King street was drowned on Saturday last in the Little

Conestoga, near Kauffman's old mill. It appears that he, with a number of others, d been playing on a log in the creek, and that he slipped off and was swept out by the current. His brother Frank, 11 years of age, jumped in and attempted to save him, but seeing that both would be drowned, let him go, and Charlie not being able to swim was carried down. He was between 8 and 9 years old. Although the creek has been thoroughly dragged, his body has not yet for the recovery of the body.

SINGULAR OCCURRENCE.-One most singular and at the same time harmless fires occurred at Cambridge, in Salis bury township, in this county. John M. Skiles, who keeps a tavern at that place retired to bed about eleven o'clock, one evening last week. He examined the premises and everything was safe. He got up about four o'clock the next morning, and on visiting his stuble in his barn, found that there had been a fire during the night. The straw upon the floor of the stable was completely onsumed, the cobwebs on the ceiling burnt and the harness hanging on the walls so nuch charred that it broke when handled. When Mr. S. entered the stable the fire was extinct, except that a small pile of manure on the tioor was still smouldering. The poles which separate the horses in the stable were much burnt. There was about \$1,400 worth of property in the barn, consisting of wheat, hay, wagons, &c. How the build-

ing escaped seems a miracle. LIST OF JURORS to serve in the Court of Common Pleas for Lancaster County, com-mencing on Monday, September 2d, 1867

mencing on Monday, September 2d, 1807:

James Adair, Penn; John H. Bushong,
Upper Leacock; Daniel Bair, Providence;
Christian Dice, City; John Doner, East
Lampeter; Mifflin Elliott, Providence;
Israel Goodman, Marietta; Henry Gorrecht, City; Samuel J. Hanway, Sallsbury;

township; John D. Harrar, Sadsbury;
Albert Haines, Fulton: Matthias Hoffer,
Penn; John Heidelbach, Bart; Levi Joe,
East Cocallee; Abraham Krelder, Warwick; Martin S. Landis, Upper Leacock;
David N. Landis, East Lampeter; James
Lindsay, Leacock; Cyrus-W. Miller, Manheim borough; David Miller, Conoy; Geo.
Martin, City; Robt. K. McCullough, Fulton; Samuel Martin, East Earl; Wm. A.
Martin, Columbia; Ezra Roist, Warwick;
A. Z. Ringwalt, City; Allen Riohards,
Columbia; Cyrus Ream, East Cocalico;
Samuel Stouffer, West Donegal; Alex.
Shultz, Strasburg bor.; Peter Stauffer, East
Donegal; Jacob Short, City; David Wariel, Conestoga; C. S. Zercher, West Lampotor.

Coroner's Industra.—While the partical

CORONER'S INQUESTS, - While the parties were engaged in dragging for the body o young Moyer on Sunday morning, the body of an unknown child but a few days old was found in the bushes along the banks of the Little Conestoga, on the farm o Philip Bausman. The body was somewhat decomposed, and from appearances had been in the water about three days. Coro ner Leonard was notified of the facts, and held an inquest over the body, rendered the following verdict: That child came to its death by drowning, being thrown into the creek by some person or persons

unknown to the jury.

The Coroner also held an inquest this morning over the body of Rebecca Gibson of New Danville, who was found dead in her bed last night, and returned the follow ng verdict: That the deceased came to be death by a sudden attack of disease of the

THE LATE RAINS,—The present has so this section. What amount of rain has actually fallen in Lancaster we do not know with exactness. Prof. Henry, of the Smithsonian Institute at Washington, has made accurate measurements for that city. The difference between that and Lancaster nas not been much, and the probabilities are that it was greater here. He says the entire fall of rain by the late storm at 5.65 nches, which he says exceeds the entire amount of any previous August for years: The amount for August, 1864, was 4.94 inches: August, 1865, 1.97 inches: August, 1866, 2 inches; and up to Friday last, the 15th inst., the entire fall for August, 1867, is 8.83 inches.

PROF. AND MADAME MACALLISTER. These great Illusionists of the 19th century will give their initial performance on Thursday evening next at Fulton Hall and remain but nine nights. Their reportoire consist of many new and startling feats embracing science, mirth and mystery. Our readers will do well by securing their seats early, as the Hall will undoubtedly be crowded in every part. In addition to the performance one hundred elegant and costly presents, useful as well as ornamental, will be given away every evening. ODD FELLOWS,-Lancaster Lodge No. 67 I. O. of O. F. intend participating in a

parade of the order on Thursday, Sept. 12th,

city has been engaged for the occasion.

Monday Afternoon—The Aust the Court of Quarter Sessions commenced yesterday afternoon with Judges Long and Hayes on the bench. Jacob T. Whitson was appointed foreman of the Grand Jury After hearing the returns of the Constables and transacting other current business, the Court then proceeded to the trial of the cases on the Docket. The first up was Commonwealth vs. John Brubaker. Plea guilty to two charges-fornication and

bastardy. Usual sentence. Com'th vs. Thomas Stewart, Jr. Surety of the Peace. The Court ordered that he should pay costs of prosecution and give pail under his own cognizance of \$100 to keep the peace for three months.

Com'th vs. Wm. Hennerkie. Surety the Peace. Threatening to burn property of Aaron Fulmer. On the ground of in sanity he was sent to the County Hospital Tuesday Morning.—Benjamin C. Bunker plead guilty to an indictment for assaul and battery upon Abigail C. Bunker, and vas sentenced to pay \$5 fine. Com'th vs. John A. Buckstone. Larceny

The defendant was charged by John C Bryan, a tavern-keeper in Columbia, with stealing a table cover out of his house Verdict guilty. Sentenced to two weeks mprisonment. Swift and Nauman for

Com'th vs. Charles H. Cook. Assault with intent to kill. The defendant, who is club-footed on both feet, entered Black's Hotel on Wednesday last, and asked Jos Cloud, the bar-keeper, for a drink. Cloud refused to give it to him, telling him that he thought he had enough, and the defendant becoming abusive, Cloud put him out but he had no sooner got him out than h turned on him and struck at him with dirk knife, which Cloud, however, caugh in his hand; his hand was cut and the veapon, moreover, penetrated his bowels to the depth of half an inch. The was slight. The defence showed that Cook was under the influence of morphine at the time, and contended that this reduced the ffence to simply assault and battery. Nauman for defence. Verdict guilty. Senenced to two years imprisonment. Com'th vs. Henry Reckin. Horsestealing.

On the night of June 16th last, a brown mare a carriage and set of harness worth altogether \$500, was stolen from the stable of Seth Hum phreys, in West Philadelphia, and on the next night the defendant stopped with the stolen team at the tavern of Victor Kasser, n this city, staying over night. The man's actions exciting suspicion that he had stolen the horse, Constable Baker made an examination and found that the horse had been driven very hard, and that the mak er's name had been prized off the carriage He accordingly arrested the defendant. was likewise shown that Reckin had at empted to break out of jail. There were two indictments, one for stealing the mare and the other for stealing the wagon and harness. Verdict guilty on both. Sentenced on the first to five years', and on the second to one year's imprisonment. Swift

for defence. Com'th vs. James Campbell (colored) arceny. Two indictments; one for stealing a coat from Samuel C. Taylor, which had been hanging in his bar-room. In the other case the defendant jumped on a train passing through Lancaster, and carried off coat belonging to John Bingaman, a passenger. He was followed and the coat wa aken from him. Taylor's coat Campbell sold to Geo. Hoeltzell, saying he had found t on the railroad. Yundt for defence Verdict guilty-sentenced to six months

imprisonment in each case. Home Building Fund.-The Managers of the Home for Friendless Children of the City and County of Laneaster, have the pleasure to report the following subscripions towards a fund for the purpose of erecting a new Home Building: ..87.675.30

that \$375 have been already subscribed in Paradise township in ald of their Building Fund, that no subscription has been solicited or taken outside of their own township limits, and that a number of their best citizens have not yet been called on, or afforded an opportunity of subscribing. Little Paradise does not expect to suffer herself to be outdone by any township of only equal population and wealth, though the may not hope to rival some of the larger and more wealthy townships. He appends the following list of subscribers already obtained:

which, it is hoped, will be accepted by the other townships, and a spirited contest excited. The object is so worthy a one that each township, after making its greatest effort, will only be glad to hear that it has

been beaten by some, or many others, whic is the right kind of rivalry. The various townships will please forward to Mrs. S. M. Kramph, President of the Board of Managers, corner of North Queen and Orango streets, the names and addresses of individuals willing to act as their agents. to whom circulars and blank books for subscribers' names will be sent.

A HUGE ANT .- Our attention was attracted on Sunday morning last to a crowd of gentlemen who were standing in front of the Norris Locomotive Works, engaged in carnest conversation and apparently concentrating their gaze upon the same particular object. We made our way, as usual, into their midst and found the interesting attraction to be a huge ant, on the side track elonging to the Works, and it was of a pecies never before seen or known.

"The Ant" is the name of a new and very handsome locomotive just finished and turned out by the Messrs. Norris for the Wyoming Division of the Lehigh Valley Railroad, and is the largest engine we have ever seen. Many of those present who were inspecting it, and who profess to know, say it is the largest in the world. On Saturday an engine was sent by the Pennsylvania Railroad Company to pull her out of the Shops, but could not accomplish it. Her weight is supposed to be about 50 tons. The following description, which was kindly furnished to us by Mr. John H. Baumgardner, one of the draftsmen of the Works. will no doubt be of interest to our readers

The Ant is an Anthracite Coal Burning Locomotive, built at the Norris Locomotive Works, and designed by Mr. John A. Durgin. The diameter of the cylinders is 20 inches, has a stroke of 26 inches, and 10 driving wheels of 4 feet diameter, with but two truck wheels of 33 inches in diameter. ar been the wettest August ever known in | The wheel base of drivers is 18 feet, 3 inches and the total wheel base is 25 feet, 6 inches. The guage of the wheels is 4 feet, 81 inches. Her boiler is 50 inches in diameter, the centre of which is 6 feet, 3 inches above rails, with an area of 4,200 square inches. The length of the fire grate is 120 inches, and the width 35 inches. The boiler contains 197 tubes of 12 feet in length and 2 inches in diameter. The heating surface of the tubes is 1,239 square feet, and that of the fire box 161, making a total heating surface of 1.400 square feet. The engine truck is ouilt after the Bissel pattern, which acts as

guide to the engine, without taking the weight of the engine off of the drivers. This mammoth locomotive was sent to the Lehigh Valley Railroad yesterday afternoon, and is the sixty-ninth engine built by the Messrs. Norris in this city. The ocomotives manufactured by them are not excelled, either in durability or finish, by those of any establishment in the United States.

CARBOLIC ACID FOR EXTERMINATING MOSQUITOES .- It is stated that carbolic acid has recently been successfully used near Rathway, New Jersey, for the extermination of Mosquitoes and flies. A small piece of cloth, saturated with the acid, was hung up in a room, and in two hours the flies had entirely disappeared. In the evening the acid was tried in the at New Holland. The Cornet Band of our kitchen, where the mosquitoes were very troublesome, with like success.

TRIBUTE OF RESPECT. At a meeting of the Bar members of Lancaster county, held in the Orphans' Court Room, Aug. 17th, to express their sentiments upon the death of the Hon. Peter Martin, Associate Judge of the several courts of Lancaster county, On motion the Hon. Henry G. Long called to the chair, and E. H. Yundt ap-

pointed Secretary.
On motion of Col. O. J. Dickey the chair appointed Col. O. J. Dickey, Hon. A. L. Hayes, N. Ellmaker, A. H. Smith and Wm. Aug. Atlee, Esq., a committee to draft resolutions expressive of the sense of the Bar. The Committee, through Col. Dickey, reported the following resolutions which were unanimously adopted:
WHEREAS, It has pleased Divine Provi-

WHEREAS, It has pleased Divine Providence to remove from among us the Hon. Peter Martin, an Associate Judge of the Courts of Lancaster County;

Resolved, That in the death of Judge Martin we mourn the loss of one who, as a clitzen, was worthy of the many honors conferred upon him, who was honest, upright, of more than ordinary mind and tailents, faithful and courteous. who as a

right, of more than ordinary mind and talents, faithful and courteous; who as Judge was impartial, attentive, exact, kind to the members of the bar, and a worthy associate of those who were with him on the bench.

Resolved, That as a mark of respect for the memory of Judge Martin, the bar wear the usual badge of mourning for thirty days.

Resolved, That the Court be requested to have these proceedings entered upon the have these proceedings entered upon the minutes of the Court and that they be pub minutes of the Court and that they be put-lished in the newspapers of the county.

Resolved, That a Committee of five be appointed to communicate a copy of these proceedings to the family of the deceased.

In accordance with the last resolution the Chair appointed the following Committee:

G. M. Kline, J. B. Amwake, A. H. Hood, I. B. Livingston and George Brubaker. J. B. Livingston and George Brubaker Esqs. E. H. YUNDT, Secretary.

A RAILROAD ENTERPRISE.-The Lebanon Advertiser says the Lancaster, Lebanon and Pinegrove Railroad is to be let this fall for grading up to the Lebanon county line, on he south, the land damages being all settled to that extent. The actual prosecution of this great enterprise would be a matter of pleasure to many of the citizens of this county, and of immense importance to this

THE WEATHER.—State of the Thermom eter for the week ending August 18th, 1867, and also for the corresponding week of th previous year, as furnished by Mr. G. T. Zahm:

1867. 6AM: 12M ! 6PM

THE FUNERAL OF REV. WM. BEATES .-The funeral of this aged and eminent divine took place this morning at 10 o'clock. His remains were followed to Woodward Hill Cemetery by the Sunday and day schools, and the congregation of the church, of which he had been pastor for so long a time. His funeral was the largest we have seen for a long time. Requiescat in pace.

DETENTION.-The early morning train, DETENTION.—The early morning truin, known as the Philadelphia Express, was detained here this morning for three hours and a half, caused by the breaking of one of the axles attacked to the sleeping car. Fortunately no one was injured, as the accident was discovered in time. "The perlumed light ough the mist of alabaster lamps,

"The perumber 1981.
Steals through the mist of allosater lamps, And every air is heavy with the breath Of orange flowers that bloom I' the midst of roses."

Buch was the flowery land filled with healing sirs and life-preserving products, where Dr. Drake discovered the offiel figredients of his wonderful Tonic Medicine—FLANTAYON BITTERS—the enchanted tropical island of St. Croix. The FLANTATON BITTERS, on this last the medicinal and tonic rivues of the loss all the medicinal and tonic rivues of the loss. all the medicinal and tone virtues of the saver-ing and life-sustaining products of that favor-ed clime, are, without doubt, the World's Great Remedy for Dyspepsia, Low Spirits, and all other Stomachie difficulties.

MAGNOLIA WATER.—A delightful toilet ar-ticle—superior to Cologne and at half the price 2wdaw

LET ANY ONE take the trouble to inquire, and they will ascertain that the engravings now being given away by the Washington Library Company of Philadelphia, to those who purchase one or more snares of stock in aid of the Riverside Institute, are worth more at retail, by fifty per cent, than what is paid for the stock. Hesides this, every share of stock will be accompanied by a present at the great distribution. stock will be accompanied by a pressure of the great distribution.

Geo A. Cooke & Co., Bankers, 33 South Third street, Philadelphia, are receivers of all the funds, and their name is an assurance of the integrity and reliability of the Company, which is organized for a good purpose and should not be confounded with the bogut concerns that intest the country. Read the advertisement.

THERE is nothing like Dr. Velpeau's French Pills for keeping the complexion fresh and entirely free from pimples. The cause of which s that it regulates the entire female system

WHERE THE CREDIT IS DUE: Many a hous WHERETHE CREDIT IS DUE: Many a house-keeper is rated assomething superior when the credit is due not to herself but to the "Barley Sheaf Cooking Stove, patented by Messra, Stu-art, Peterson & Co., of Philadelphia. This Stove burns either coal or wood, has a patent dust-silter, is air-tight, and does everything in the whole range of Cookery in a better manner than any other invention extant. It has a patent duster, silter, and emits no gas. We can tell at any time the broiling or baking done by the "Barley Sheaf."

A POWERFUL RIVAL.—There is a new patent Sewing Machine, (called the Star Shuttle,) manufactured in Cleveland, Ohio, by W. G. Wilson & Co., and sold for Twenty Dollars, that makes the Lock Stitch similar to Wheeler & Wilson, and other first class machines. The manufacturers claim that it is equal in size, finish and workmanship, to any other first-class machine, being able to do the same range

Special Notices.

Ar Dr. Schenck's Pulmonic Syrup,

AF Dr. Schenek's Pulmonic Syrup,
This great modicine cured Dr. J. II. Schenek, the
Proprietor, of Pulmonary Consumption, when it had
sasamed its most formtable expect, and when appead
death appeared to be inevitable. His physicians pre
nounced his case incurable, when he commenced the
use of this simple but powerful remedy. His health
was restored in a very short time, and no return of
the disease has been apprehended, for all the symitoms quickly disappeared, and his present weight!
more than two hundred pounds.
Since his recovery, he has devoted his attention exclusively to the cure of Consumption, and the diseases
which are usually complicated with it, and the cures
effected by his medicines have been very numerous
and truly wonderful. Dr. Schenek makes professional
visits to several of the larger cities weekly, where he
has a large concourse of patients, and it is truly aston
ishing to see poor consumptions that have to be lifted
out of their carringos, and in a fow months healthy
robust persons. Dr. Schenek's l'ulmonie Syrup, Saweed Tonic, and Mandrako Pills are generally all required in curing Consumption
Full directions accompany each, so that any one can take thom without
sooing Dr. Schenek, but when it is convenient it is
best to see him. He gives advice free, but for a
horough examination with his Respiremeter his fee
is three dollars.
Please observe, when purchasing, that the two like
nesses of the Doctor—one when in the last stage of
Consumption, and the other as he now is, in perfect
health—are on the Government stamp.
Sold by all Druggists and/Dealers. Price \$1.50 per
bottle, or \$7.50 the half dozen. Letters for advice
should divays be directed to Dr. Schenek's Principie
Office, No. 15 North 6th street, Philadelphia, Pa.

gg. Great Care Taken with the Sewing.
JONES OLD ESTABLISHED STORE,
604 MARKET STREET, ONE DOOR ABOVE SIXTH.
For many years this Establishment has done
business on the One Price System, and we believe we are the only Clothing House in the
city that strictly adheres to this principle. We
have earned a reputation which we are proud
of, for good taste in selecting good styles and
substantial materials, and not less important,
for having all of our goods.

substantial materials and not less important, for having all of our goods.

We employ the best talent for Cutters, and our Goods are of both kinds—Fashionable and Plain—so that all tastes can be suited. The prices are the city lowest, as any one by a moment's thought must see, or otherwise we could not meet the competition of our neighbors, for as no deductions are ever made, we must put our prices down to the lowest figure, so as to give to our customers all the advantages we promise.

The people may depend, this is the true planupon which to do basiness, and many a dollar can be saved to Clothing buyers by keeping in mind. can be saved to clossing the saved to contain the s

Climax.

BPAON'S CLIMAX SALVE, for Burns, Scalds, Scrofuls Rheum, Sores, Broken Breasts, Frost Bite Chibiains, Stings, Bruises, Cuts, Swellings, &cowhether upon man or beast, is the most wonder article ever produced. Other good article alleviations with the control of the con whether upon man or triticle ever produced. Other good article * alleviat this cares. It allays inflammation, subdues pain, an heals without a scar. It is worth its weight in gold any family, and should always be on hand. It warranted to do what it says every, time.

Ioffat's Life Pills and Phœuix Bitters

Moffit's Life Pills and Pilothix litters, were first used in private practice in 1825. They were introduced to the public in 1835, since which time their reputation has extended, until they have a said in excess of all other Catharitic and Purifying Medicines. There is hardly a family among civilized nature, who have not necessal evidence of their benefit cires. There is hardly a family among civilized nations who have not personal evidence of their beneficial effects. Their great success is owing to their uniform reliability in cases of Constipation, Billous and
stomachic diseases, whether of long or short duration,
They are entirely vegetable in their composition, and
harmless to the gentlest infant. One ingredient opens
the porce of the skin; another is diurctic, and stimulates proper action of the kidneys; a third is emoilient, loosening phiegm and humor from the lungs;
other properties are warming and cathartic, and
cleanse thestomach and bowels from unhealthy secrosions. Their combined effect is, to regulate the impaired functions of the system, and toproduce health.
It is not asserted Moffat's Pills are a cure all—that
they will cure all complaints—but under ordinary
circumstances they may no relied upon to cure Neryous and Sick Headache Costiveness, Dyspepsia,
Indigestion, Jaundice, Liver and Billous Complaints
Colds Source Convert Weakness. circumstances they may be relied upon to cure Norvous and Sick Headache Costiveness, Dyspepsia, Indigostion, Jaundice, Liver and Billous Complaints Colds, Scurvy, General Weakness, ac. They are ox pressly made for these discases. Millions upon millions of cures can be cited. In no single instance has a complaint ever come to our knowledge, where they have not operated as recommended.

The printed circular around cach box fully explains the symptoms and effects of each discase, specifies treatment, furnishes evidence, ac.

We briefly refer to Rev. David Eider, Franklin, N. C., was cured of Dispopsia. C. R. (Cross, of Theolke, Ili., cured of Liver Complaint. H. Hooley, of Springfold, Pa., had Scrothia, and had to use crutches; was cured in three weeks. James D. Dolons, of Adrian. Mich., cured of Hilous Fever. Rev. Henry Graham, Presbyferian Church, Gananagua, Cal., of Fever and Ague. Rev. Ed. H. May Twonty-first New York, of Rheumatism and Piles of 23 years standing. Rev. Samuel Bowles, Editor of the Springfield (Mass.) Republican, was cured of Liver Complaint, etc., ctc., etc.

A box of Moffat's Life Pilis, with full circulars, ac., will be sent grafts to any Physician or Clergyman, or the receipt of two three contyports per box. Moffat's Moffat's Life Pilis are 23 cents per box. Moffat's Phonix Bitters, \$1 per bottle. They are sold by all respectable dealers throughout the continents and the Islands of the Ocean. ТНЕ CENTRAL PACIFIC RAILROAD, THE WESTERN HALF OF THE Breat National Trunk Line Across the Continent,

Being constructed with the AID AND SUPER-VISION OF THE UNITED STATES GOVERN-MENT, is destined to be one of the MOST IM-PORTANT AND VALUABLE RAILBOADS IN THE WORLD, as it is the sole link of communica-tion between the Pacific Coast and the Great literior Basin, and the Principal Portion of the Main Stem Lin between the Two Oceans.

The present western terminus is at Sacramento, on the navigable waters of the Pacific; but it will ultimately extend from San Francisco across the richest and most populous parts of California, Newada and Utal, contiguous to all the Great Mining Regions of the Far West. The Company are authorized to continue their line astward until its hall meet and connect with the roads now building east of the Rocky Mountain ranges; of the Rocky Mountain ranges.

Assuming that they will build and control half the entire distance between San Francisco and the Missouri River, as now seems probable, the United States will have invested in the completion of \$65 miles \$25,592,000, or at the average rate of \$83,000 per mile—not including an absolute grant of \$10,000,000 Acres of the Public Lands. By becoming a joint investor in the magnificent enterprise, and by waiving its first lien in favor of the First Mortgage Bondholders, THE GENERAL GOVERNMENT, IN EFFECT, INVIES THE COOPERATION OF PRIVATECAPITALISTS, and has carefully quarded their interests against all ordinary contingencies.

The Contral Pacific Railroad enjoys all the the privileges, grants, and subsidies conferred by the Acts of Converse where the conferred with the Acts of Converse when the conferred with the Acts of Converse who have t

the privileges, grants, and subsidies conferred by the Acts of Congress upon the other parts of the through line, and has, in addition several special, exclusive advantages applicable only to the Western Half. The Company has received from the State and chief cities of California, assistance in money, credit, and valuable property, worth over \$3,00,000 in gold, in addition to the full benefit of the Government subsidy. . The hardest and costlicst part of its construc tion has been successfully overcome within the lirat 161 miles. In a low weeks the track will be completed entirely across the Sierra Nevadas, aiter which progress to Salt Lake will be easy and rapid.

with the etay and rapid.

II. The local business alone of this road establishes its complete financial success, indepently of the vast through traffic which must pass over it. The gross earnings for the months of June and July, upon the biniles then open for business, were upward of \$237,000 in gold; of which four-fifths were net earnings.

V. It can have no competition, but will carry beside its own lucrative local traffic, the whole volume of thorough business which is shared among its Eastern connections and their branches. The road lies wholly in territory yielding the precious metals, and its revenues are col-lected in coin. Its rates for transportation are very advantageous, being more than three times those of roads lying east of it; and the ratio of operating expenses is less than 25 per cent, of the gross earnings. I, In consequence of the aid it receives from

VI. In consequence of the aid it receives from the General Government, from the State of California, and from municipal corporations, the annual interest obligations which the Company are called upon to assume are very light. The net carrings upon an average of about 75 miles, in 1865, were nearly three times the amount of annual interest liabilities to be assumed in building it, and were \$225,000 more than the annual interest on the entire amount of First Mortgage Honds which the Company can issue upon the first 150 miles.

The Company offer ior sale, through us, their FIRST MORTGAGE THIRTY YEAR, SIX PER OENT, COUPON BONDS, PER CENT. COUPON BONDS, Principal and Interest payable in Gold Coin, in New York city. They are in sums of 81,000 each, with semi-annual gold coupons attached, and are selling for the present at 95 per cent, and accrued interest from July 1st added, in currency, at which rate they yield nearly

Nine per Cent. upon the Investment.

Nine per Cent. upon the Investment.

These Bonds, authorized by Act of Congress, are issued only as the work progresses, and to the same amount only as the Bonds granted by the Government; and represent, in all cases, the first lien upon a completed, equipped, and productive railroad, in which have been invested Government subsidies, stock subscriptions, donations, surplus earnings, etc., and which is worth more than three times the amount of First Morigage Bonds which can be issued upon it.

The sgreement of this Company to pay principal and interest of their Honds in coin, being made under the Specie Contract Law of California, authorizing and enforcing contracts to pay gold, is legally binding, unlike similar agreements made by compunies in States where no such legislatives and tion exists.

In these important particulars the Securities of the Central Pacific Company offer an unusual degree of actely, stability and profit combined. of the Central Pacific Company ofer an unusual degree of adety, stability and profit combined.

"THE FIRST MORTAGE BONDS OF THIS COMPANY are destined to occupy a prominent place among FIRST-CLASS SECURITIES in the money markets of this country and Europe, and will, without doubt, be eagerly sought for, and anxiously dealt in hereafter, at rates materially in advance of the price at which they are now offered.

Having carefully investigated the resources, progress, and prospects of tife road, and the management of the Company's affairs, we cordisally recommend these Bonds to Trustees, Executors, Institutions, and others as an eminently sound, reliable and remunerative form of permanent investment.
