NEW FASHIONS FOR 1867. SHERMAN'S NEW PATENT AS YOU LIKE IT SKIRT. 35 North 8th St., corner of Filbert, 35

This is not only a new fashion, but a new article of SKIRT, made on an entirely new principle, so novel and yet so perfect the ladles contend it should be called Perfection.

We would here call particular attention to the AS YOU LIKE IT, or flexible joint, extending down the front of the skirt; it is so constructed that the springs fold inwardly, but not outwardly, and readily yield to the slightest pressure, thus allowing them to collapse, so that the skirt occupies the smallest possible space whilst sitting, riding, or in passing through a crowd, and yet the moment the pressure is removed, the skirt resumes its original and beautiful shape.

The novelty and utility of this contrivance need but be seen to be appreciated.
But for want of space we might here publish thousands of extracts from letters, we are daily receiving, speaking in the highest praise of these Skirts.

OUR CORSEIS.
