Supplement to the Weekly Intelligencer.

A pressure of real estate, and other business, which we can not refuse to comply with, compels us to issue a Supplement to the WEEKLY INTELLIGENCER. We are forced to do that, or to deprive our subscribers of the usual variety of reading matter. The large and constantly increasing circulation of the WEEKLY INTELLIGENCER makes it a desideratum for our columns will show that places declining to sell real estate, and other advertisers are aware of that fact.

We shall continue to issue a supplement until after the election.

Address of the Democratic State Central Committee.

To the people of Pennsylvania: The Radicals attempt to evade the radical issues of the canvass and to delude you into the support of a Democratic ticket. They are not accountable for the prosecution of your business interests. They have deliberately sacrificed them in order to place in the hands of Southern Negroes, the balance of power in the State. More than two years have passed since peace was restored, and we still look in vain for increased products from the South in our paying markets. We are not content with our present customers to buy our woolen, iron and other manufactures. Instead of receiving aid to pay our debts, we are taxed to maintain a Southern army and navy in the South. Instead of prosperous customers to increase our trade, every business interest languishes.

Radical mismanagement, a heavy policy, and the destruction of our resources, weigh down our energies and fetter our resources.

The whole expense of the War Department in 1861 was sixteen and a half millions, which in 1862 is estimated at twenty millions. To give the Negro the power to rule us, therefore, costs the nation annually thirty millions. Of this amount, Pennsylvania's share is about five millions. Last year's endorsement of the Constitutional Amendment was not designed by them as a blank warrant of attorney to Congress to govern the nation without and against Constitutional law. It neither authorized the Federal Government to suspend the writ of Habeas Corpus in free Anglo-Saxon America. The people of California and Maine have voted that they mean to revoke the power their agents have abused. They intend to re-appoint the representatives who repudiated the Constitution. They will not countenance their agents.

Lessons of History.

History is said to be Philosophy teaching by example. And in the light of that philosophy, we think we can read the impending destiny of the powerful and insolent Republican party.

In 1852 the Democratic party appeared almost as a new party. It was headed by Fremont, and elected by a majority of all the States excepting four. The Democratic majority in Congress was then almost as great as the Republican majority is now. But in an evil hour Democrats were persuaded to repeal the Fugitive Slave Law, and to support a ticket headed by Fremont, and to support a ticket headed by Fremont, and to support a ticket headed by Fremont.

It is their purpose to violate the great principles of our Constitution, and to determine the qualifications of its own electors, and give the negroes of Pennsylvania the balance of power between the two great political parties.

DEMOCRATS OF PENNSYLVANIA! Let the result in California impress you to renewed energy. Let the result in Ohio and you must do. Committees may plan and order, but the result depends upon yourselves. Individual effort is the road to victory. See your neighbor, encourage him, bring him to the polls. Persuade your organizations. Knock your wards and townships. Subvert the labor and perform it with energy.

Press home upon your adversaries the lessons of the recent election. Demand of them that they shall answer:

Are you for or against the Radical policy that destroys our business and closes our workshops, mills and factories, to give the negro the balance of power?

Are you for or against conceding to Fremont the right to allow the negro the power of the State?

The Reaction.

The change of twenty thousand each in the comparatively small votes of the States of Maine and California, is extremely significant. It is an early and startling symptom of the deep reaction in sentiment now progressing among the people. It is in the name of the people, they have destroyed the old Union.

In the name of the people, they have overthrown the Constitution, and subverted all the fundamental laws of our political being.

In the name of the people, they have broken down our federal form of free government.

In the name of the people, they have usurped the powers that rightfully belong to the Executive.

In the name of the people, they have impaired the power of the Supreme Court of the United States.

In the name of the people, they have set up a military despotism in the South, by the aid of which they hope to establish the supremacy of negroes over the white race.

In the name of the people, they have constantly and diligently labored to prevent a restoration of the Union.

Crimes Committed in the Name of the People.

Always, when they are preparing to perpetrate some new outrage, we hear the Radicals cry out—"it is the will of the people!"

To Government Bondholders.

We presume that, in due time, we shall have another correspondence between Thaddeus Stevens and Mr. J. G. Fryer on the subject of government bonds.

The Radical County Ticket.

There is much dissatisfaction in the Radical ranks with the ticket which has been nominated, and it is openly expressed by many of the best men of the county.

Negro Suffrage.

The question of Negro Suffrage is upon us; not yet decided in Pennsylvania, although that will probably come before the people in the South.

Who Favor the Payment of Five-Twenty Bonds in Greenbacks.

Just now, when the Radical newspapers of this State are busily engaged in a concerted howl about the proposition to pay the holders of government securities in greenbacks, it may be well to see who is the father of the idea, and who are its chief supporters.

Radical Thunder.
