rit, and sterling worth has enabled it to sustain its high character, yet the people have naturally a certain distrust of the article when it is found to be classed in the same category with a number of whiskey preparations, bar drinks, and beverages. This is one great disadvantage against wideh Mishler's Herb Bitters has to contend, but

there is still another. The demand for it has caused many unprincipled persons, who are not content with the profit derived in a legitimate manner from its sale. TO INCREASE THEIR GAINS BY ADULTERATION. They will purchase, perhaps, a barrel, and by the ad-mixture of cheap whiskey and water, increase the quantity, making perhaps, two, or it may be three barrels of the counterfeit, from a single barrel of the genuine, thus abusing the confidence of their customers, impairing their health, and it is likely, in many instances, inflicting serious injury thereby, besides doing injustice to the proprietors and damaging the

reputation of the article. This is the most serious objection, but there is still another. Our desire is to have this preparation for sale on the shelves of every drug-gist, and country store dealer, thus placing it within easy access of all classes and every sec-tion of the country. If the Bitters are sold in bolk, its retailed principally at hotels, restau-rauts and taverns, so that druggists and mer-chants can not safely and profitably sell it to thor customers. At the hotels the Bitters is oftimes fearfully adulterated; while when sold in bottles, it is impossible to tamper with the medicine without feat of detection. In hotels it must be sold as a beverage; which is not the object of its manufacture-while as a medicine. securely scaled in a proper sized bottle, the Bitters can be retailed from the counter of every druggist and merchant in the country. MISHLER'S HERB BITTERS ARE NOW

SOLD ONLY IN BOTTLES,

Let this fact be remembered by the public who may consider all other preparations sold in bulk and under its name, as base and worthess counterfeits.
