MARBIAGE GUIDE. Young's great Physiology work, of every one his own Doctor-Being a Frivat instructor for Married Persons or those about to Marry, both male and female, in everything concern-ing the physiology and relations of our Sexual System, and the Production or Prevention of Offsprine, including all the new discoveries never before given in the English language, by Wm. Young, M. D. This is really a valuable and interesting work. It is written in plain language for the general reader, and is illus-trated with upwards of 100 engravings. All young married people, or those contemplating marriage, and having the least impediment to married life, should read this book. It dis-closes secrets that every one should be ac-quainted with. Still it is a book that must be locked up, and not to lie about the house. It will be sent to any one on the receipt of Fifty Cents. Address Dr. Wm.
