A bed of glass sand, four acres in extent and about twolve feet in thickness or depth, has been found, Several bodies of iron ore have, also, been discovered, which present the most finitering indications of extent and value. Within a very few years, great progress has been made in developing the hidden trensures of this and adjoining counties, and consequently the value of the real estate has been very materially increased. It is to be hoped that these developements will continue, until the great limestone valley of Pennsylvania shall yield all its wonderful mineral substances to contribute toward the wealth and prosperity of our citizens.

The County Committee was called to order at 11½ o'clock, A. M., by the Chairman.

John A. Hiestand, Ist Ward, city, offered the following as an additional rule to the rules of the party:

13. That the County Committee shall elect all delegates to National and State Conventions, unless a majority of them shall declare otherwise, when they shall be elected in the same mode and manner of nominating County ticket.

John I. Hartman, 9th Ward, city, called for a division of the question, which after some discussion was agreed to.

Mr. Hensel, of Eden, offered the following as an amendment:

Resolved, That the Chairman of the County Committee be hereby authorized to issue a call for a County Convention to be composed of the same number of Delegates from the different districts of the County as the last County Convention. Which Conventions shall meet in the city of Lancaster, on Wednesday, March 4th, 1863, at 11½ o'clock A. M., for the purpose of electing Delegates to the approaching State and National Conventions.

Mr. Amweg, 3d Ward, city, offered as an amendment to the amendment:

That the Republican party of Lancaster County meet at their usual place of holding decisions on the day of 1808, to elect delegates to the State County officers.

Col. Dickey stated the object of the meeting, protesting against the assumption of the County Committee in attempting the election of delegates to the State and National Conventions, when they had not even the power to choose a candidate for County Auditor. He said the minority appealed to the people in the matter, and proceeded to state his views as to what should be done. Senator Billingfeit followed in a speech of some length, supporting the position taken by Mr. Dickey.

Wm. S. Amweg, Esq., then offered the following resolution:

Resolved, That the Republicans of Lancaster county to meet on Saturday, the 7th day of March, 1868, at their usual places of holding elections, to select delegates to the State and National Conventions; the delegates to be elected in the same way as we nominated county officers last fall, known as the Crawford County System; and that the return judges meet at Lancaster city on Monday, the 9th day of March, 1868, at 111 o'clock A. M.

Messars. Relitzel, of East Hempfield, Mylin, of West Lampeter, and Honsel, of Eden, gave their vlews on the question.

Mr. Dickey moved to amend the resolution by striking out the words. "Known as the Crawford County System," as the Lancaster County system was a different one, which amendment was accepted.

The question was called on the resolution, and it was unanimously adopted.

Mr. Dickey offered the following:

Resolved, That the Republicans of the several districts of Lancaster county, in voting for delegates to State and National Conventions, shall, in addition to voting for said delegates, designate their choice for President and Vice-President of the United States, and for Auditor and Surveyor-the endoughts.
