Trial of Mr. Davis. At the last calling of the case of the United States against Jefferson Davis, in the federal court in this city, (last November,) the trial was postponed at the instance of the Gov-ernment, to Thursday, 20th inst., in order, as was stated, to afford the Chief Justice of the United States an opportunity to be pre-sent and conduct the trial. It was also agreed between the coursels of the respec-tive parties and the court that if, as the day approachd, it should be ascertained that the Chief Justice could not attend on the day Defence of the President. Jorenniah S. Black, Attorney Genoral Stanbery, and Benjamin R. Cartis, of Massachusetts, have been positively de-termined upon as counsel for President Johneon in his impending trial. Several additional gentiemen will be associated with those aircady selected, but as they have either not yet been consulted or given any assurances of acceptance in event of being chosen, nothing definite has as yet been done. The President will submit his whole case to his counsel. They will act for him, and their acts will be con-sidered his acts. The counsel have had several consultations with the President and among themselves, but no conclusions have been arrived at as to the details of the In the second and the count that it, as the day approached, it should be accertained that the Chief Justice could not attond on the day named, the case should be informally ad-journed to some other duy, without requir-ing the presence of the accused or his coun-sel. If we are correctly informed, a letter was received here some days ago from Judge Chase, stating that it would be out of his power to be here on the 20th of March, and suggesting a postponement to the 9th of April. But since that letter was written the impeachment proceedings against the President have been instituted, requiring the presence of Judge Chase in Washing-ton ior an indefinite period. It is therefore impossible to say when the case of Mr. Mr. Davis will be tied. Probably never; almost certainly not till after the Presi-dential election.—Richmond Whig, have been arrived at as to the details of the Dan Rice's sourced cow is about to die. This cow and the bull which died in Mich-igan two years since, cost Col. Rice 82,000, and as is well known, wore the only genu-ine Sacred Cattle ever exported from Hin-dostan.
