Bocal Intelligence. LOCAL SUMMARY.—Gabriel Hirsh, of this city, sailed last week from New York, for Europe, on a visit to his parents in Germany.

It is asserted that the law practice of Thad Stevens at the Courts of this county was worth ten thousand dollars a year when he ottended to it.

Stevens at the Control of the Trinity attended to it.

The new Mission Chapel of the Trinity Lutheran church, now being erected on West King street, will be thirty feet wide by fifty in depth and will be built of brick. The surplus capital of the First National Bank of Marietta has been increased to \$47,000; under its present management this institution bids fair to become one of the leading banks in the State.

Over two hundred of the Valley Chlot, Self-raking, Combined Reapers and Mowers, manufactured by Marsh, Grier & Co, have been already shipped this season; they sold over sixty in one week; the shops of this company are in Mount Joy.

Samuel Bohler of Reading, has the contract for building an organ for the Moravian church in this city. The organ will have sixteen stops, and will cost \$1,700; it is presented to the church by Mr. Geo. K. Reed.

Dr. D. W. Hutchison of Oxford Borough, is a candidate for the Republican Congressional nomination in Chester county; his prospects for securing the nomination are

The Columbia Herald states that the The Columbia Herata states that abundant rains during the present season, have produced a large growth of grass, and the theat although it has a large growth of straw and is lodged in some cases, bids fair to yield more than an average crop. Corn was planted late, but is growing finely during the present warm weather. was planted late, but is growing finely during the present warm weather.

Mr. Daniel Lebman, an old resident of York county, who has made the habits of the locusts a special study, and has kept a record of the last three periods of their appearance, says that they appeared in 1817, on the 23d day of May; in 1834, about the same time, and in 1851, on the 26th of May.

During the recent session of the Legislature special acts were passed or rating the ture, special acts were passed granting the

power, to such school districts as desired it, to borrow money to be used in the purchase of school grounds, and the erection of school houses, in larger sums and at a higher rate of interest than the general law permits. The following districts in this county had such acts passed in their behalf: Mount Joy district, to borrow \$15,000; Manheim district, to borrow \$8,000. CONTRACT AWARDED .- The County Com CONTRACT AWARDED.—The County Commissioners have awarded the contract for building the new bridge across the Conestoga, at the Printers' Paper Mill, on the New Holland turnplike, to Captain E. Mo-Mellen. The new bridge is to be constructed of wood, will have a roof, and is to built for \$10,600. It is to be built several feet further from the surface of the creek than the old bridge, and it is the intention of the Commissioners, that it shall, in every respect, be a more durable structure. The erection of this bridge will be a great convenience to the public.

DROWNED.—On Wednesday afternoon bout 4 o'clock, Henry Bowman, son of fr. Wm. Bowman, who resides in South rince street, near the St. Mary's Catholic nurch, was drowned in the Conestog eek between Graeff's and Reigart's land Creek between Graeff's and Reigart's landings, about three-quarters of a mile above the former place. It appears that Harry, who is about eight years old, was in the creek bathing with some other boys and having ventured beyond his depth was drowned before his frightened companions could offect his rescue. The body was recovered about 6 o'clock by a young man named Rittenhouse, who in company with several others were seeking it, and an inquest was held over it by Coroner Leonard. The jury returned a verdict in accordance with the above facts. ASTROLOGY.

IMPORTANT TO RIVER-MEN.—The case of Jno. Craig & Chas. Blanchard vs. N. C. Freek and Roland Freek, has recontly been before the Court of Common Plens of Dauphin county. The Morning Patriot states that the proceedings are in equity to restrain defendants from capturing, taking up, or in any way interfering with logs affoat on the Special County ways in any way interfering with logs aftoat on the Susqueharnar river, examiners were appointed to take testimony. This is a case in which millions of dollars is involved. The question to be decided is one of great importance to lumber dealers from the head waters of the Susquehanna to the bay. This suit involves the constitutionality of an act of Assembly giving the owners of lands upon which loose logs may float fifty cents a log, if redeemed within sixty days; if not, they are ferfeitled to the owners of the land. For plaintiffs, Hon. Jeremiah S. Black, Hon. Win. M. Merodith and Charles A. Mayer, Esq. For defendants, Robert A. Lumberton, Samuel G. Thompson, John C.

commencement exercise of Lincois Oniversity, on the 17th inst, their mule took fright and could not be stopped, even with all their efforts combined. A sudden jork of the buggy, in going over a crossing and into a guiter, dislodged Emmor, who fortunately alighted upon his feet and was saved from injury; Thomas soon followed, and struck a wheel, which bruised an arm quite severely; and Honry, who was driving, came out last and worst, for he fell upon his head and shoulders, and it is thought the wag on passed over him. He was taken up insensible of what had happened and what was passing about him. Just at this time Dr. Nichols happened along, and examined the wounded and pronounced them not dangerously injured. Henry recovered his senses in a short time, and the Doctor conveyed him to the house of John Bushong, where he received everything necessary to his confort. The front axle of the buggy was broken. The mule is but two years old, and that was is first trip in single harness. It was stopped about a hunle harness. It was stopped about a hun-red yards from where it left its load, by es entangling in and winding aroun one of the whoels.—Oxford Press.

SAD ACCIDENT.—On Monday afternoon last, about 34 o'clock, Tommy Welsh, a little fellow aged about four years, son of Michael Welsh of Columbia was ruu over by the cars, near the old depot, at the head of Front Street in that borough. A freight train was standing upon the track, and Tommy was impatient to cross over, and attempted to cruel through under the cars, and while so doing, the cars started, passing over his nidomen, and almost severing his body. His sister, a few years older, attempted to rescue him, and had the end of one of her toes cut off. The little fellow was moved to his father's residence, and medical sid summoned. He lived but a couple of hours after the occurrence.

An inquest was held by Deputy Coroner Evans, and a verdict rendered in accordance with the above facts.

This is cnother sad warning to parents about leaving their children play around the railrond.—Herald. APPROPRIATION .- The Legislature APPROPRIATION.—The Legislature of this State at its late session appropriated \$2,500 to a school in Chester county called the "Lincoln University," where negroes are educated as teachers. The school is situated near Oxford. The salary of the State Superintendent of Common Schools, Prof. J. P. Wickersham, of this city, was increased by the same Legislature to \$2,500 a year, inclusive of the past as well as the current year.

Pimps and gamblers try to look honest, but
folks can read the face too plainly. Some try

Evervbody knows that it is false, and that no
medicine can purify or increase a drop of

the system as quick as possible. It is an enemy, yea, a deadly,

to death in expelling and kicking out the perniclous nostrums poured down the throat.—
Food she welcomes when she needs it; yea,

can subsist on their blood-purifying, invigorating, health-giving medicines and cordinis.—

My wife had an uicer on her leg for thirteen years, caused by varicose veins, uiceration extending from her annie to her knee, some places eating away to the bone. I have employed over twenty physicians at vast expense during this period. But all attempts at cure proved utterly abortive until I, tried Dr. Wolcott's Pain Paint, which the decors told me was a humbug. But humbug or not, it has done the work completely in less than one month, removing the pain at the first application. I kept her leg wet with Pain Paint constantly until healed. I wish we had more humbugs as useful as Dr. Wolcott's Pain Paint. I am well known in this city, any person who wants to make further inquiry will call at 101 West Street, New York, at the Hanover House, of which I am the proprietor, and I think I can satisfy them as to the benefit derived by the use of Pain Paint.
