THE LANCASTER WEEKLY INTELLIGENCER, WEDNESDAY, AUGUST 12, 1868.

Local Intelligence.

LOCAL SUMMARY.—A meeting in behalf of the Delaware and Lancaster Railroad was recently held in Bucks county.

Letters patent have been procured by Frederick O. Curie, of this city, for an improvement in the manufacture of rasps and files.

Our readers should be careful in receiving any fifty cent notes, as a number of well executed counterfeits of that denomination are said to be in circulation.

The report made to the Great Council of Pennsylvania, Order of Red Men, shows that there are about ninety subordinate Councils in the State, with a membership of about 10,000. At the recent annual session eighteen representatives were elected to the Great Council of the United States, which meets in Cincinnati next month.

It is stated that the first fifteen days in July, of this year, were on an average twelve degrees warmer than the same period of time last year.

The trade on the Susquehanna Canal is stated to be very light, owing in a great measure to the busy harvest season and the late unusually low state of the water; the recent heavy rains will, probably, cause business to be more brisk, and from now until the close of navigation, the trade on the canal will be more lively.

An *exchange* says, that a hen has a capacity of laying six hundred eggs and no more. As most of these are laid during the first four years of her life, it is thought by many farmers to be economy to cut off her head when she is four years old, and sell her to a boarding-house keeper for a spring chicken.

The New York Musical Gazette for August, contains twelve quarto pages, four of which are filled with choice Music; the very best musical talent in the country is employed in preparing its articles. Published by Mason Brothers, 596 Broadway, New York. Terms, $1 per annum, in advance.

Merry's Museum, for August, is received, and contains, among other good things, a funny story for boys,—"The Persuadable Pig," with three capital illustrations. The subscription price of this sprightly and entertaining Monthly, is only $1.50 per year, with liberal terms to clubs, and valuable premiums for new subscribers. The publishers will send a specimen number free to any one who wishes to raise a club. Address, Horace B. Fuller, Boston, Mass.

THE pic-nic of the Moravian Sunday School to Litlz Springs, on Thursday, is pronounced by all who participated as one of the most delightful excursions the school ever had. About three hundred persons took passage in the train, and, after a delightful ride, arrived safely at the Litlz depot. The children and parents were soon dispersed, seeking places for rest and enjoyment. The clouds, which earlier in the morning threatened rain, began to disperse, to the joy of all. After a short interval for play, the school was called together, and engaged in singing several beautiful and stirring hymns. Bishop Bigler spoke a few words, and invoked the Divine blessing upon the occasion. Prof. Beck, who is always a favorite with the children, made a short address, and after singing another hymn, the school dispersed for a happy time. About 12 o'clock the party took a portion of a bounteous repast, provided by the different families, and set upon a common table, with the usual accompaniment of good moravian coffee, cooked in large kettles upon the ground. The Litlz Sunday School was to have held their pic-nic the day before, but was prevented by the rain, and the interest of the occasion was enhanced by their arrival upon the Spring grounds in the afternoon, accompanied by an Orchestra, which discoursed excellent music. At half-past two o'clock the schools were called together and after singing several hymns, they were most delightfully and profitably entertained by Rev. A. A. Reinoke, of New York, known to the readers of the Moravian Church paper, as "Mr. Moravian." After the address, the Litlz school left the ground to take the cars upon an excursion to Sinking Springs, while the Lancaster school engaged in various ways of enjoyment. At five o'clock supper was served, not forgetting the coffee, after which the plays were continued until 7.15 P. M., when the call was made to proceed to the depot. The train arrived in good time, and the cars emptied the Litlz excursionists, were soon refilled by the Lancaster school. All reached home safely, and delighted with the excursion.

SINGULAR AFFAIR.—A most singular affair happened on the 29th ult. to Mr. Henry S. Barcley, formerly of Lancaster, but now residing at Delano, Schuylkill county. It appears that while Mr. Barcley was sitting at a window reading a newspaper two cats ran into the room, one of which jumped up on the newspaper and seizing Mr. B. by the right hand near the bottom of the index finger, held to it so firmly with its teeth that he was compelled to break the cat's back to make it relinquish its hold. His arm swelled up almost instantly from the effects of the bite, but the prompt application of strong remedies abated the swelling considerably, and Mr. B. now expects to soon entirely recover from the effects of the injury.

SUMMER COMPLAINTS.—This, of all other seasons of the year, demands carefulness in diet. Bowel diseases are alarmingly prevalent, especially amongst children. This, to a very great extent, is the fault of parents; they are too apt to indulge their children with food and drink which had far better be withheld from them. The simplest food possible is best for them—rice, milk, ripe fruits, and light food generally is to be preferred. Pork and veal should be avoided, as well as imperfectly matured potatoes, and particularly the unripe and diseased apples, peaches and pears, which are beginning to make their appearance in our markets. A little extra care in regard to diet, proper attention to cleanliness, and the avoidance of exposure to drafts of air, will, in the majority of cases, prove a preventive of summer complaints to which children are so subject.

PERPETUAL MOTION.—The Reading *Gazette* says that on Monday we visited the office of Dr. Updegraff, of this city, to investigate the working of a self-acting machine of his construction. We saw the machine and saw it run. There is no mistake but that it is a great achievement, and, so far as we could discover, a perfect success in the long-sought for principle of perpetual motion. It is simply a mechanical contrivance that reveals at once to the eye all its machinery, and the principle by which motive power is actually acquired without the aid of springs or weights. So far as we are able to judge and we are not in a little mechanical ingenuity) there is no deception; and we firmly believe that Berks county will become historical as being the place of its birth. The machine has been critically examined by some of our most experienced machinists, and all concur in the opinion that it is incontrovertible, and admit, although against prejudice, that it is a mechanical success. It is now on exhibition at 639 Penn street for a few days, prior to its shipment to Washington.

INTERNAL REVENUE CIRCULAR.—The Commissioner of Internal Revenue has just issued a circular, as follows:

Section 78 of the act of July 20th, 1868, requires every dealer in manufactured tobacco having on hand more than 20 pounds, and every dealer in snuff having on hand more than 10 pounds, to make and deposit immediately with the assistant assessor of the proper division an inventory, taken under oath, setting forth the amount of such tobacco and snuff respectively, and to make and deposit a like inventory with the assistant assessor on the 1st of each month thereafter, as provided by law.

After January 1st, 1869, all smoking and finecut chewing tobacco or snuff, and after July 1st, 1869, all other manufactured tobacco of every description, is to be taken, and deemed to have been manufactured after the passage of this act, and it is required to be put up in packages and stamped as provided by law.

Sec. 94 requires every dealer in cigars, of either foreign or domestic manufacture, having on hand more than 1000 at the passage of this act, immediately to make under oath, and file with the assistant Assessor of the proper division, a true inventory of all cigars in his possession, and to make and file a like inventory on the 1st day of each month until the 1st of April, 1869, at which date all cigars, of every description are to be deemed to have been manufactured after the passage of this act, and are required to be stamped accordingly. Blank forms for the inventory, No. 75, will be forwarded in a short time, and assessors will, as soon as the blanks are received, require their assistants to proceed at once to notify all dealers and call upon them for the inventories required by law, and thereafter inventories must be returned on the 1st day of each month. Abstracts of these inventories will be forwarded to the Commissioner of Internal Revenue.

NEW LIGHTNING ROD.—We were shown recently a specimen of Dr. William Hall's Patent Copper Scroll Lightning Conductors. It is pronounced, by scientific men who have examined it, to be the most perfect conductor known, exceeding all others in amount of surface and capacity for safely carrying off the heaviest charges of electricity. Messrs. Zuriel Swope and Anthony Leehler are the agents for this county. One of these excellent rods can be seen on the dwelling of Maj. Chas. M. Howell, on North Queen street, which will speak for itself.

THE RAIN.—Our farmers, a few days ago, were much concerned respecting the corn crop; it was feared that the beginning of the present month might be characterized by a repetition of the "Heated Term." If this had been the case the prospects for a large crop of this important agricultural product would have been gloomy; a rain for the corn crop about the first week in August being considered essential to make it yield largely. The rain so much wished for by our rural friends has arrived, and will no doubt prove as advantageous to the formation of large well filled ears of corn, as many anticipated. We can therefore, with considerable certainty, predict that the yield of corn in Lancaster county will be large this season, as the presence of rain at this critical period of its growth will so strengthen it and increase its vigor as to fairly place it beyond the influence of any drouth, which may occur between this time and its full maturity.

TO BANK OFFICERS.—The publishers of Petersons' Counterfeit Detector, Philadelphia, Pa., would be much obliged for any information as regards your Bank or any other Bank in your neighborhood—in reference to the name of officers, quotations, &c. Address T. B. Peterson & Brothers, No. 300 Chestnut Street, Philadelphia.

DECEASED.—Henry Musser, of Earl twp., one of the Inspectors of our county prison, died on Wednesday.

Union Pacific Railroad.

700 MILES OF THE

UNION PACIFIC RAILROAD CO.

Are now finished and in operation, 100 miles of track have been laid this spring, and the work along the whole line between the Atlantic and Pacific States is being pushed forward more rapidly than ever before. More than twenty thousand men are employed, and it is not impossible that the entire track, from Omaha to Sacramento, will be finished in 1869 instead of 1870. The means provided are ample, and all that energy, men and money can do to secure the completion of this

GREAT NATIONAL WORK,

at the earliest possible day, will be done.

THE UNION PACIFIC RAILROAD COMPANY receive:

I.—A GOVERNMENT GRANT of the right of way, and all necessary timber and other materials found along the line of its operations.

II.—A GOVERMENT GRANT of 12,800 Acres of land to the mile, taken in alternate sections on each side of its road. This is an absolute donation, and will be a source of large revenue in the future.

III.—A GOVERNMENT GRANT of United States thirty-year Bonds, amounting to from $16,000 to $48,000 per mile, according to the difficulties to be surmounted on the various sections to be built. The Government takes a second mortage as security, and it is expected that, ultimately, interest, but the principal amount may be paid in services rendered by the Company in transporting troops, mails, &c. The interest is now much more than paid in this way, besides securing a great saving in time and money to the Government.

IV.—A GOVERNMENT GRANT of the right to issue its own FIRST MORTGAGE BONDS, to aid in building the road, to the same amount as the U. S. Bonds, issued for the same purpose and no more. The Government secures Directors Trustees of the First Mortgage Bondholders to deliver the Bonds to the Company only as the road is completed, and after it has been examined by United States Commissioners and pronounced to be in all respects a first-class Railroad, laid with a heavy T rail, and completely supplied with depots, stations, turnouts, car-shops, locomotives, cars, &c.

V.—A CAPITAL STOCK SUBSCRIPTION from the stockholders, of which *over Eight Million Dollars* have been paid in upon the work already done, and which will now be increased as the wants of the Company require.

VI.—NET CASH EARNINGS on its Way Business, that already amount to MORE THAN FIVE PER CENT. on the First Mortgage Bonds. These earnings are no indication of the vast through traffic that must follow the opening of the line to the Pacific, but they certainly prove that

FIRST MORTGAGE BONDS

upon such a property, costing nearly three times their amount,

ARE SECURE BEYOND ANY CONTINGENCY.

The Union Pacific Bonds run thirty years are for $1,000 each, and have coupons attached. They bear annual interest, payable on the first days of January and July at the Company's Office in the City of New York, at the rate of six per cent. in gold. The principal is payable in gold at maturity. The price is 102, and at the present rate of gold, they pay a liberal income on their cost.

The Company believe that these Bonds, at the present rate, are the cheapest security in the market, and reserve the right to advance the price at any time.

Subscriptions will be received in Lancaster by

And by the Company's Advertised Agents throughout the United States.

Remittances should be made in drafts or other funds par in New York, and the Bonds will be sent free of charge by return express. Parties subscribing through local agents, will look to them for their safe delivery.

A PAMPHLET AND MAP FOR 1868 has just been published by the Company, giving fuller information that is possible in an advertisement, respecting the Progress of the Work, the Resources of the Country traversed by the Road, the Means for Construction, and the Value of the Bonds, which will be sent free on application at the Company's office or to any of the advertised agents.

Rogers' best silver plated Forks, Common Sense Sewing Machine (a Universal article, not a base imitation as used by other concerns,) 4 (not two) Honey Comb Quilts, 2 (not one) splendid clasp Family Bibles.

We will also send printed notices for 120 articles for sale at one dollar each.

For larger clubs the value increases in the same ratio. Our stock of Goods is all new and in good order for sale; *we sell no Goods is better than those used by any other concern in the country.* We are of the opinion that after reading the above advertisement, some parties will come to the one union that they have been *severely swindled* by some of the *bogus Gift concerns* in this city.

We cannot offer to the person sending us the largest amount of money for a month, a Gift of money or Watches, as that is a violation of the law against Lotteries; but in addition to the above liberal terms, we will sell to any one who may send us $10, eleven articles from our exchange list, all to be sent in one order; and for $20 we will sell twenty-two articles from our exchange list, all to be sent in one order.

☞ Money sent by Registered Letters or by a Postal Money Order, or Draft at our risk. Catalogues sent to any address.

P. S. Agents will please notify us what firms have agents in their town or city; and they will receive our most sincere thanks.
