THE LANCASTER WEEKLY INTELLIGENCER, WEDNESDAY, SEPTEMBER 2, 1868.

## Miscellaneous.

COLUMBIA AFFAIRS.—We clip the following items of local interest from the *Spy*:

The American Mechanics Lodge of this place, numbers fifty-two members. They will attend the parade in Lancaster, on the 11th of September, and turn out about thirty-five members.

Reed birds are beginning to make their appearance; they will soon be the victims of the gunner's skill. The penalty of $5 for every bird shot out of season has small effect in stopping the slaughter.

A man named Wm. Stoppel, residing at Silver Springs, this county, was severely injured on Monday last, by an embankment of earth falling upon him whilst engaged in mining ore for Kauffman & Co. The unfortunate man was released from his perilous situation, and Dr. G. Wash. Bertholet was immediately called in to attend his injuries. The case is doing well, considering the extent of the internal injury.

## Wishler's Bitters.

THE SCOURGE OF OUR RACE!

WHEN digestion is bad every part of the human system necessarily suffers. The entire structure of the body becomes affected, even the mind itself, showing the effect of it in the low spirits of the patient. Indigestion is the parent of a thousand indescribable miseries, and prepares a foundation for disorders that cannot be easily shaken off. The premonitory symptoms of Dyspepsia are known to every person. It is a disease that fastens itself alike upon the old and young, and both fall victims to its destroying power when the proper remedy is neglected or rejected. It is for this reason that thousands endure a living death as the natural penalty of delay. It is a fearful thing to become a confirmed Dyspeptic. Those who have suffered the pangs of this scourge of the human race do not need to be told that it is an ailment which interferes with all the enjoyments of this life, spreading gloom and despondency over the mind and steadily wearing out the vital principle of life itself.—And other complaints such as Biliousness, General Debility, Diseases of the Bowels, Stomach, Liver and Kidneys frequently result from it and often terminate fatally. What the Dyspeptic requires is a constitutional specific, and such is

MISHLER'S HERB BITTERS.

Of its wholesome efficacy thousands have testified who were rescued by it from the power of Dyspepsia, and saved from its attendant evils. Has this disease intrenched itself in your system? If so, we urge you to act wisely, and use the

GREAT HOUSEHOLD REMEDY,

which will successfully combat and utterly destroy the disease, and fortify you against any subsequent attack of it. You will derive immediate benefit from using it, and place yourself in a position to enjoy the good things of this life once more. This is a sovereign remedy and will effect a positive cure in your case. The public is made acquainted with all the ingredients used in preparing this Bitters, and the highest medical authorities are daily recommending it as an infallible remedy for all diseases arising from a disordered stomach.—Be reasonable with yourself—consult your health and happiness—throw away your pharmacopoeia prescriptions and take a course of

MISHLER'S HERB BITTERS.

This remedy will also cure effectually Liver Complaint, Kidney Diseases, Chronic or Nervous Debility, Constipation of the Bowels, Nausea, Difficult Breathing, Sour Eructations, Pains in the Side, Back, Chest and Limbs, Dreams on or Spirits, and all other ailments growing out of a Disordered Stomach, Liver or Kidneys, and will thoroughly purify the blood and maintain it against the insidious attacks of disease. An

AVALANCHE OF CERTIFICATES

is constantly pouring in upon the Proprietors in support of the high claims for this most wonderful remedy of the present age. All classes and conditions of the people—old and young—married and single—the infant child and the grand father of the family, by the use of this

GREAT HOUSEHOLD REMEDY,

are made strong, and their digestive organs kept in a sound, healthy condition, and the Blood preserved pure, as God intended it should be.

## Union Pacific Railroad.

750 MILES OF THE

*UNION PACIFIC*

RAILROAD

are now finished and in operation. Although this road is built with great rapidity, the work is thoroughly done, and is pronounced by the United States Commissioners to be first-class in every respect, before it is accepted, and before any bonds can be issued upon it.

Rapidity and excellence of construction have been secured by a complete division of labor and by distributing the twenty thousand men employed along the line for long distances at once. It is now probable that the

WHOLE LINE TO THE PACIFIC WILL BE COMPLETED IN 1869.

The Company have ample means of which the Government grants the right of way, and all necessary timber and other materials found along the line of its operations; also 12,800 acres of land to the mile, taken in alternate sections on each side of its road; also United States Thirty-year Bonds, amounting to from $16,000 to $48,000 per mile, according to the difficulties to be surmounted on the various sections to be built, for which it takes a second mortgage as security, and it is expected that not only the interest, but the principal amount may be paid in services rendered by the Company in transporting troops, mails, &c.

THE EARNINGS OF THE UNION PACIFIC RAILROAD, from its Way or Local business only, during the year ending June 30th, 1868, amounted to over

FOUR MILLION DOLLARS,

which, after paying all expenses was much more than sufficient to pay the interest upon its Bonds. These earnings are no indication of the vast through traffic that must follow the opening of the line to the Pacific, but they certainly prove that

FIRST MORTGAGE BONDS

upon such a property, costing nearly three times their amount,

ARE ENTIRELY SECURE.

The Union Pacific Bonds run thirty years are for $1,000 each, and have coupons attached. They bear annual interest, payable on the first days of January and July at the Company's Office in the City of New York, at the rate of six per cent. in gold. The principal is payable in gold at maturity. The price is 102, and at the present rate of gold, they pay a liberal income on their cost.

A very important consideration in determining the value of these bonds is *the length of time they have to run.*

It is well known that a long bond always commands a much higher price than a short one. It is safe to assume that during the next thirty years, the rate of interest in the United States will decline as it has done in Europe, and we have a right to expect that six per cent. securities as these will be held at as high a premium as those of this Government, which, in 1857, were bought in at from 20 to 21 per cent above par. The export demand alone may produce this result, and as the issue of a private corporation, they are beyond the reach of political action.

The Company believe that their Bonds, at the present rate, are the cheapest security in the market, and the right to advance the price at any time is reserved.

Subscriptions will be received in Lancaster by

IF A HUMBUG,
What a wonder
That the doors
Are open wide
Ever since the
First of August
Thousands have
Pain Paint applied.
Those who lie,
Or call it humbug,
Are the doctors,
Not acquaint;
For they always
Have been jealous
When their patients
Use Pain Paint.
Pile up facts
As high as mountains,
Flash the truth
Before their eyes,
But the cry
Is always humbug,
Until silence
Full of lies.

People know that liniments composed of Cayenne pepper, turpentine, hartshorn, ether, &c., will produce inflammation, but that to subdue inflammation is ridiculous. Fire will not stop heat; a dumb brute shuns the fire, and instinctively runs to get a pond of water, when wounded, to reduce, cool, and cure inflammation and Fever.

Pimps and gamblers try to look honest, but folks can read the face too plainly. Some try to persuade the ignorant that pills, physic, &c., cleanse the blood, purge the system, and do a hundred other things equally absurd.—Everybody knows that it is false, and that no medicine can purify or increase a drop of blood. Food makes blood, bone and muscle, and is the Staff of Life. Every dose of medicine swallowed is a tax, and hurried out of the system as quick as possible. It is an enemy, yea, a deadly foe. Constipation, ill health, and worse, are the result of physicking, dosing, dosing the stomach. The living system has enough to do without working herself to death in expelling and dashing out the poisonious decoctions poured down the throat.—Food she welcomes when she needs it; yea, asks for it. Let pill-makers and town-pimps, the system as quick as possible. It is an enemy
