Bocnt Intelligence. Grand Procession of the Democrats of the 8th Ward-Great Enthusiasm! The Democracy Delighted!! Bully for the Guerrillas and the Lill Boys!!! The Torchlight Procession of the gallant Domocracy of the 8th Ward on Thursday night was a great success, the number and outhusiasm of the participants far exceeding magnificent demonstration shown the Rad-icals of this city, that they intend to exercise their prerogatives as free white men and as solf.
The procession formed in Manor street at about 8 o'clock, and under the Chief Marshalship of George Guns, assisted by Geo. Wall, Anthony Iske, Heary Schaum, Jno. Hartley, Wm. Schaum, Frederick Fletter, Jno. Schaum, Joseph Brown and soveral others, whose names we could not learn, as Atla, proceeded lover the route designated

Jno. Scintum, Joseph nrown and several others, whose names we could not learn, as Aids, proceeded over the route designated for the procession. The music for the occassion was furnished by the City Cornet Hand and Killians Drum Corps.—The houses of the patriotic citizens of the Sth Ward along the route wore brillianty Haminated, and as the long procession filed by them choer after cheer was given for Seymour and Blair, which were responded to by loud cheers from the many spectators lining the sides of the streets and the waving of handker-chiefs and flags by the hadies. In fact, wherever the unflinching homocracy of the glorious old "Sth" appeared has night, they received from their patriotic hemocratic fellow-citizens the highest marks of esteem and approbation, which will long be remembered by them with proud satisfaction and pleasure as a high testimonial of the esteem and affection constrained for them and pleasure as a high testimental of the esteem and alfeetlou entertained for them by their follow-laborers in the glorlows cause of the Union and the Constitution.

One of the most interesting features of the procession was the carrying large National Flags acknowledge the carrying large which with the number of small flags curried by individuals fully altested the develor of the 8th Ward to the Star Spangled Hanner. The Repress having herotofore, in derision, frequently fermed the citizens of the 8th Ward "Sour Krout Guerrilof the 8th Ward "Sour Krout Guerrillus" appropriate emblems were earlied by persons in the procession with the motte "You can buy our Sour Krout but not our rotes," Apt and amusing representations were also made of the certain effect of the teachings and consistent carrying out te, their legitimate results of the principles now being advocated by a large number of the Radical newspapers and stump speakers.

The number of voters in the procession was over fine hundred and when it is

sion was over *five handred* and, when it is taken into consideration that the procession was gotten up exclusively by, and was nainly composed of the voters of the 8th ing it the most enthusiastic and successful itical demonstration had, in this city, The meeting at Christiana last night was emphatically "a big thing," Since 1836 the Domocracy have not attempted to hold a meeting in this Indical stronghold, and when this meeting was announced the Radicals sneeringly predicted that it would be a fizzle. They did not know the temper which pervades our ranks in this campatign; and as one long delegation after mother poured in, the advocates of negroemality and the supporters of a corrupt and usurping Congress were literally stricken dumb with amazement. The large space about the hotel was crowded with a dense, throng of enthusiastic and resolute Democrats when we arrived, and oven after the meeting had been organized, a delegation a mile long came pouring in on horseback and in carriages. There could not have been less than lifteen hun-The meeting at Christiana last night was could not have been less than lifteen hun-dren voters present. Candid Republicans admitted that it was full five times as large as their meeting of the night before, which was addressed by Mr. Dawes, of Massa-

7 the appearance of the second President—Horatio S. Kerns, Esq. Vice Presidents—Wilson Moore, of Erie county; Richard E. Edwards, of Drumore; Horvey Baughman, Ellis Moore, Samuel Pickel, of Bart; Harry Whitestide, Robert Patterson, of Coterain; I sanc Montgomery, of Eden; Jos. H. Miller, of West Fallowell, Dr. Jno. Morrison Geo. M. Boyd, James Marshul, Edwin Garret, of Sadsbury; Isanc Walker, Jacob R. Townsend, of Sallsbury; Janac Walker, Jacob R. Townsend, of Sallsbury; John W. Rambo, Wm. Mc-Konna, of Ponninglouville.

Secretaries—Geo. S. Boone, of Bart; Dr. B. F. Sidos, of Drumore.
On taking the chair H. S. Kerns, Esq. made a ten minute speech which elicated cheer after choer from the large audience. nade a ten minute speech which elicited heer after cheer from the large audience.

ng to him with the closest attention is he reviewed the issues of the day. He has a fine tund of humor and elicited cheer

what may be expected from the Democracy of that region on Tuesday next.

ODD FELLOWS' PARADE.-The Oxford

man, John Crail.
Secretaries—W. S. Barr, Benj. Shields, Capt. J. Waltman, P. McGill, D. Deisinger, Michael Eaby.
There were large delegations in attendance from Marietta, Elizabethtown, Mount Joy and Bainbridge. The Elizabethtown Brass Band was also in attendance and discoursed excellent music during the ovening. The torehlight procession formed in Centre Square, headed by the band, then followed thirty-seven little girls dressed in white each bearing a flag, and after them came about three hundred Seymour and Blair voters. After marching through the principal streets, they repaired to the residence of Major Henry Haines, in Centre Square, where two large stands were erected, one for the speakers, and the other for the thirty-seven little girls.
The meeting was addressed by Prof. S. S. Haldeman and H. M. North, Esq. The speakers showed conclusively that there can be no doubt or uncertainty in the milad of any candid, honest or thinking citizen, as to the merits of the issues between the two great political parties of the country. It was decidedly one of the inost enthusiastic, as well as orderly meetings over held in Maytown. has a fine tund of humor and elicited cheers and laughter by turns and at will.

Will, Van Nortwick, of New Jersey followed. He has always been a Republican up, to this fail, and held an important position in the Internal Revenue Department at Washington for several years. His speech was an exhaustive statistical review of the incongruous and filly diposted Radielal system of taxation. It was nost convincing in its array of figures and exhibit of details, and could not but convince any candid man of the incompetency which has marked the treatment of inances under Radical control. Mr. Van Nortwick

under Radical control. Mr. Van Nortwick is the author of a telling campaign docu-ment entitled " National Taxation, Plunder is the author of a telling campaign deenment entitled "National Taxation, Plunder and Ruin," which has been inrigely circulated.

H. G. Smith, Esq., was then antroduced and announced that he could only speak a few minutes, as he must loave on the Philadelphia Express west, which the Superintendent had kindly ordered to stop. When the cars came, however, the crowd about and on the stand, with force kindly intended, rendered it impossible for him. to reach the train, and being compelled to remain, he resumed his remarks.

Not until atter 11 o'clock did the large assemblage disperse, with round after round of ringling and enthusiastic choers. In all respects this meeting was a splendid success. It is admitted to have been the largest political gathering aver seen at Christiann. This and other meetings show how thoroughly the Democracy are aroused.

THE RADNOR ON ROAST AND MASS MEETING.—The Ox Roast and Mass Meeting at Radnor, belaware county, on yesterday, was an overwhelming demonstration of strength. The Democracy of Delaware, Chester and Montgomery counties were there in immense force, notwithstanding the inclemency of the weather, and every thing passed off pleasantly and with great spirit and enthusiasm. It is estimated that there were at least ten thousand persons on the ground, 12 bands of music, and the procession on horseback, on foot, and in wagons and carriages, was nourly two miles in learth when on the march. Quite should be a supposed that she was a hundred years old. She was formerly a slave the procession on horseback on foot, and in wagons and carriages, was nourly two miles in learth when on the march. Quite she had been and the leaders of the school certainly deserve credit for getting up an ontertalimont that would not only please the children, but the most structure of the weathers of the school certainly deserve credit for getting up an ontertal mont that would not only please the children, but the most structure of the weathers of the school certainly deserve credit for getting up an onterta

of strength. The Democracy of Delawire Chester and Montgomery countles were there in immense force, notwithstanding the inclemency of the weather, and everything passed off pleasantly and with great spirit and enthusiasm. It is estimated that there were at least ten thousand persons on the ground, 12 bands of music, and the procession on horseback, on foot, and in wagons and carriages, was nearly two miles in length, when on the march. Quite a number of ladles were in the procession and on the ground.

The meeting was presided over by that prince of foot fellows, J. Henry Askin, Esq., at whose magnificent mansion, near the Radnor Station, a large number of ladles and gentlemen were most bospitably entertained. The Ox furnished by Mr. A., at his own expense, weighed when slaughtered, over eleven hundred pounds, and the way it disappeared, after being roasted on the ground, was a caution teplcures.

Short, sharp and telling speeches were made by Hon. B. Markley Boyer, of Norfistown, R. A. Lamberton, Esq., of Harrishurg, Hon. William D. Murphy, of New York, Samuel H. Reynolds, Esq., and Hon. George Sanderson, of Lancaster, and Hon. George Sanderson, of Lancaster, and Hon. George Sanderson, of Lancaster, and Hon. Brinton, of West Chester. The speakers were frequently interrupted with the most rapturous bursts of applause, and Blair, and the Democratic State ticket.

One feature of the meeting, which was held in a large field adjoining the Eagle.

Inspecting Tours—The Columbia Scule Tours—The Columbia roasted on the ground, was a caution to epicures.
Short, sharp and telling speeches were made by Hon. B. Markley Boyer, of Norristown, R. A. Lamberton, Esq., of Harrisburg, Hon. William D. Murphy, of New York, Samuel H. Reynolds, Esq., and Hon. George Sanderson, of Lancaster, and Hon. John H. Berinton, of West Chester. The speakers were frequently interrupted with the most rapturous bursts of applause, and at 5 o'clock the meeting adjourned with tremendous cheering for Seymour and Blair, and the Democratic State ticket.

One feature of the meeting, which was held in a large field adjoining the Eagle Hotel, deserves to be mentioned from its novelty. The bar was closed during the entire afternoon, at the request of Mr. Askin, and not a drop of liquor was sold—Mr. A. agreeing to pay the landlord what

Inspecting Tour.—The Columbia Spy states that, on Tuesday morning, a special car from Harrisburg, brought the following noted personages to Columbia: General Simon Cameron, G. W. Wierman, Esq., Mr. Wilson, Chief Engineer of the Pennsylvania Railroad, and his son, Assistant Engineer, James Young, Esq., and D. R. Eby. They are on a tour to the Slate Quarries at Peach Bottom, York county, and to examine the Tide Water Canal, which it is proposed to excavate to the depth of six feet. They boarded the small steamer formerly used for ferry purposes at this place, on which they make their trip on the "raging canal." Mr. A. agreeing to pay the landlord what he estimated his receipts would have been morning.

Too much praise cannot be awarded Mr. Askin, under whose auspices the meeting was gotten up, for the admirable arrangements which were every where apparent. Taken all in all, the meeting was one of the grandest affairs of the kind that ever came off in Eastern Pennsylvania, outside of the City of Philadelphia, and is an earnest of what may be expected from the Democracy

Accident on the Railroad.—Yesterday morning an accident occurred on the Pennsylvania railroad at Elizabethtown, through the misplacing of a switch, by which the Philadelphia Express train west was detained five hours in its arrival, and the engine and three cars precipitated down an embankment. Fortunately no one was injured. The train having just left the station, was running at aslow rate of speed at the time, and thus a serious accident was avorted. The Express train east had passed but a short time previous, and through neglect the switch was left open by those in charge.—State Guard.

pendent Order of Odd Fellows in that Bordongh on Saturday last was quite a creditable affair, notwithstanding the weather was very unfavorable. At hour nine o'clock the members of the order in the adjacent country commenced to arrive and by noon some 350 were present comprising members of Fairview (Oxford) Lodge, Banner Lodge, Chatham Lodge, Helron Lodge, Rising Sun Lodge, Colerain Lodge and Strasburg Lodge, After forming in line they proceed of to Eyes' woods where a stand had been creeted and tables spread. The fraternity were addressed by Hon. Jesse C, Dickey of ed to Eyes' woods where a stand had been crected and tables spread. The faternility were addressed by Hon. Jesse C. Dickey of Banner Lodge and John Lewis, Esq. of Banner Lodge and John Lewis, Esq. of Lancaster county. The Octoraro and Rising Sun Cornet Hands were present. D. A. McCullough acted as Chief Marshal and Wm. Bunting as Aids. A very large number of people were in town to witness the parade. The Odd Fellows "we understand, from reliable authority, that Father Barry, for several years assist and to the venerable Father Keenan, of Lancaster, has been selected to officiate as assistant to Bishop Shanahan of the new Harrisburg Dicesse. Father Barry is a gentleman of fine attainments and will of course render himself highly useful and soon become as popular in this city as he is in Lancaster."

suggested, and remarked that the Legisla-turies of some of the Western States are holding out inducements to those who will plant trees and do all they can for the preservation of timber.

S. S. Hathvon remarked that one cause of our failure to grow fruit is that the forest trees are cutoff, and the birds hav-ing no fruit on the forest trees, are forced to flad their subsistance on the fruit which The Fresident oliered the following which was adopted. Common Council concurred:

Resolved, That the Street Committee be instructed to lay a crossing over Duke street, opposite Washington street, in the 3d Ward.

Mr. Morton presented a petition for a crossing over Concestoga street at Beaver street. Read, and on motion referred to the Street Committee with instructions to have the work done. Common Council have the work done. Common Council armers attempt to grow. He said that he ound the cat-birds the past season as very

to fluid their subsistance on the fruit which farmers attempt to grow. He said that he found the cat-birds the past season as very destructive to grapes.

If. K. Stoner remarked that he had cannel Concord grapes, this season, and he has since discovered that said grapes have split open and an abundance of small worms have made their appearance among the grapes, and this in cans which were perfectly air tight. Mr. S. thought the eggs of the insect must have been deposited in the grapes, before they were put in the cans. S. S. Rathvon remarked that this was something be had not as yet heard of and desired to see some of these insects, so that he might ascertain to what species they belonged. Mr. R. here rend an interesting article on an entomological subject, which had prepared in reply to a communication addressed him by a gentleman in Philadelphia.

An interesting discussion here followed with reference to the importance of an acquaintance with the habits of the insects that destroy fruit, and of the effect of timber in preventing its destruction. It was stated that in the oid settled countries of Europo plenty of fruit growing.

Mr. H. K. Stoner desired to state that the early Goodrich, Harrison, Calico, and Mercer varieties of potatoes were grown by him, and that the early Goodrich and Harrison called, and Mercer varieties of potatoes were grown by him, and that the early Goodrich and Harrison called, and seed that potatoes were grown by him, and that the early Goodrich and Harrison called, and Mercer varieties of potatoes were grown by him, and that the early Goodrich and Harrison called and the potatoes of constancting a sewer of three early Goodrich and Harrison called and the called the calle apart; he also stated that potatoes maturing in hot dry weather such as we had last summer could not be perfect. A. Harris submitted as a maxim "that any fruit very productive in quantity is never best in quality." Messrs Engle and Rathvon stated that they-did not think the above maxim submitted by Mr. Harris would hold good, and after some discussion on this subject, the society adjourned to meet on the first Monday of next month (November).

Sales of Real Estate.—Henry Shubert, Auctioneer, on last Saturday ovening sold the hotel property of Jacob C. Lebar & Co., to John Apple, of Lexington, Elizabeth-twp, for \$3,625.

Geo. Martin, Auctioneer, on the 26th ult. sold the property of John Rathvon, Jr., consisting of store house, lot of ground &c., in Conestoga Centre, No. 1 was purchased by John Herr, of this city, for \$5,000; and No. 2 consisting of four acres of ground by John H. Good, at 1,000.

Edwin Carter, painter, has purchased the two-story brick dwelling house belonging to the estate of J. K. Alexander, deceased, in East Walnut street.

A. D. Rockafellow, grocer, has purchased from Elias Eby, five acres of ground on the Millersville Turnpike, adjoining the residence of Mr. Eby, at \$600 per acre, and has commenced the erection upon it of a two-story brick dwelling house.—Express.

two-story brick dwelling house.—Express ITEMS.-We copy the following items o local interest from the Oxford Press:

local interest from the Oxford Press:

David Houston has sold his farm of 36 acres, at Andrews' Bridge, Lancaster co., to Joseph H. Brosius, of New London twp., Chester county, for \$4,000.

The cucumber sent us by Mrs. Brown, of Fulton twp., a short time ago, was reported at 13 inches in diameter instead of circumference. ference.

Abner McFadien's mammoth thoroughbred bull was offered at the Oxford Fair on the 30th ult., but was not sold. He is a splendid animal, weighing over 1,900 splendid animai, weighing pounds.
The corn crop of Southern Lancaster county is very fine. Most of the farmers have it now in shock, and a few have commenced to husk. The potato crop, however, is only about a half yield. None of the new varieties produced like they did last year. the new varieties produced has the last year.

The finest and largest apple we have seen this season was sent us on the 3d inst., from Chanceford township, York county, by Mr. Goorge Ewing, formerly of Lancaster county. It is a Mammoth Pippin, and measures fourteen inches in circumierence and weighs in one pound and two ounces. It grew upon the farm of our townsman, Rev. W. R. Bingham. Total receipts.......

INTIMIDATING VOTERS .- Many Radical employers endeayor to intimidate all work nen in their employ, who refuse to vote the Radical ticket, by threatening to discharge them from their work. The following act of Assembly makes this conduct on the part of employers an offense which is pun-ishable by fine and imprisonment. The law to which we refer reads as follows:

pensity of the Express to uniformly he in publishing its reports of Radical political meetings is continually getting that puper into trouble. In Monday's Daily we have into trouble. In Monday's Daily we have the following statement:

"One of the largest and most enthusiastic Republican demonstrations of the campaign was held at Mechanicsburg, Upper Leacock twp., on Saturday evening last. Between five and six hundred voters from the town and neighborhood were in attendance and the most determined spirit to succeed by turning out the full vote of the township was manifested."

Now the Express men know this to be an adaefeding of languor, lassitude, and "all goneess" paryakes the system. Stimulance, and "all goneess" paryakes the system. Now the Express men know this to be an unmitigated falsehood, yet for the sake of encouraging the drooping spirits of its Radical readers this false statement is published with unblushing effontery. We offer the same before the whip instead of oats.

Radical readers this false statement is published with unblushing effrontery. We have been informed by persons who were present on the occasion of the Radical meeting at Mechanicsburg that not over one hundred voters were in attendance and that the speeches delivered were received with that want of enthusiasm which has so generally characterized every Radical meeting held during the present campaign. Seven townships were represented at the meeting by delegations, but the size of these deligations may be inferred from the fact that one of them, the first one consisted of four a protected solution of the protoxide of Iron, which is so prepared that it assimilates at once with the one of them, the first one, consisted of four voters and eight boys. SINGULAR PHENOMENON.—A correspondent writing from Conestoga township, this county, informs us "that the fruit trees in that vicinity present an unusual appearance for October. These trees being, in many instances, entirely stripped of their foliage by the caterpillars, three months ago, were as devoid of foliage as in winter. Some trees were entirely bure, while on others a part of the leaves remained, but those that For all the Protean forms of Disease originating in MCROFULA, such as Sait Rhoum, Cancer, Consumption, &c., there is nothing can equal the purifying effects of lodino when administered in a pure state.

between Water and Mulberry streets, in Wainut, to the alley west of Mulberry street, and thence up the alley to where the run comes from adjoining property—in length 775 feet per survey made in April l

in connection with the private subscriptions we ferred to.

To build sewer from the starting point named to the west side of Mulberry street, (length 300 feet) with necessary inlets and a man-hole, is estimated to cost six hundred dollars (\$500).

Arrangements are in progress for giving by private contract the repair of Reigart Landing Road; and in regard to the opening of an alley from Fryburg street to Stoney alley, the Committe are not prepared to give any information, bearing on the right or necessity of the measure.

In the Eighth Ward, the cost of paving gutter on the southeast side of Manor street, from where the pavements end to Love Lane, is estimated at three hundred dollars.

Lancaster, Oct. 7, 1868.

A. J. Enerly,

by the farmers and fruit growers of this section of the county, that our fruit trees will bear the marks of the ravages of these destructive insects for several years, and perhaps some trees may die from the effects of the injuries which they have sustained during the past summer. The peach trees, however, which the caterpillars would not touch, were never in a more flourishing and healthy condition than they are at present; trees that a year ago were effected with the "yellows," or the "curl," have now entirely recoyered, and are now covered with a beautiful robe of the darkest green foliage.

PROUBING AND MANUBING.—A proper cultivation of the soil demands thorough ploughing and manuring. By ploughing, is meant, not only the use of the plough alone, but every mode of mechanical preparation of the ground, such as trenching, subsoliing, harrowing, rolling, &c., &c. This labor pulverises the soil, breaks up clods, admits light and air to rootlets, and fits the ground for the fertilizing influences of manures. Land should be well manured. It is idle to expect an impoverished soil to produce good crops. As well might one look for rain from a cloudless sky. A manure to be of real value to the farmer should contain all the elements which plants require, so as to restore to the soil those substances which crops have taken up in their growth. A fails let the containing all the elements of plant ure to roturn dues essential ingread that is let whan's kaw Bone Super Prosentant of the same as a thoroughly reliable article, containing all the elements of plant food. An experience of nine years has proved the truth of the claims made in its behalf. Farmers in all sections of the country say they will use no other manure. It has grown immense crops, and wherever its introduced it establishes for itself a reputation as being natural countries. A superior of the country say the country while a the same time it is permanent in its results. Sand for pamphlet.
