THE LANCASTER WEEKLY INTELLIGENCER, WEDNESDAY, JULY 7, 1869.

Political Disturbance. RIGHMOND, Va., June 30.—Last night i^D Petorsburg, Va., Van Wyck, of New York, addressed a republican meeting. The con-servatives present called for a division of time, and that not being allowed the next radical speaker was drowned out by calls for conservative speakers. The negroes then formed in a body and charged the whites present, driving them away with bricks and chasing them through the streets. It appears that the whites went to the meeting with the impression that a division of time was to be called. Neither party used fire arms and nobody was seriously in-jured.

The Southern Railroad Nearly half the voters of Cincinnati wer to the polls on Saturday and elected to appropriate \$10,000,000 to the building of what propriate \$10,000,000 to the building of what is to be known as the Sonthern Railroad.— The total number of votes cust was 16,938, of which 15,438 were in the affirmative and only 1,500 in the negative. This would in-dicate that 90 per cent. of the population favor and 10 per cent. oppose the undertak-ing. This is regarded as an extraordinary result when the magnitude and supposed risks of the enterprise are considered. The Cincinnati Gazette thinks the importance of that road to Cmeinnati cannot be overesti-mated.
