of several of the States to conform to this act the bill provides that it shall not take effect untill the first Tuesday in November, 1872. The bill has two objects, first, to insure a full representation of all the States at the orginization of each new Congress on the 4th of March, and, second, to prevent persons from one State going into another to coloniz. It is thought that having the Congressional elections going on in all the the States on the same day, every district will find enough to do at home without going to help their neighbors.
