WEDNESDAY, OCT. 5, 1870. Township tickets will be printed and sent to any address by mail, post paid, for \$1.50.

Township Tickets. Let the Democrats throughout the county make a vigorous effort to elect their township tickets. Where it can be done, a combination with the Independent Republicans would be advisable. Let the best and most available men be nominated, and then let a vigorous effort be made to poll a full vote in their favor. Particular care should be taken to select wide-awake and firm men for election officers. The right kind of a Democratic Inspector can prevent frauds and the polling of

The Action of the County Committee. The action of the Democratic County Committee in unanimously endorsing the course of the Convention held or Saturday, and approving of the Independent Ticket settled by that convention, will meet with the cheerful and hearty approval of the Democratic voters of Lancaster county. We have not time to-day to do more than to point every Democrat to the report of the proceedings of the Committee, which will be found in another column. We are sure

They thus dishonor, the white race, and they glory in their shame. They pass laws to arrest the naturalization of the white men who seek these shores, and extend every political privilege to the negro.—When a man of liberal ideas, like Carl Schurz, of Missouri, revolts at the loathsome intolerance of the Radicals he is openly denounced by General Grant in his official capacity as President of the United States. Grant sent United States troops into North Carolina to aid Holden's brutal militia in their attempt to prevent a free election. Mr. Ackerman, the U.S. Attorney General, has been shaking speeches in Georgia, and devising plans for maintaining the supremacy of the negroes and a few rescally white adventurers in that State. Grant and his appointees are busily engaged in a scheme to keep all the States of the South under negro rule, in order that the Radical majority in Congress may be maintained and the presentscorrupt.

The Independent Movement. For years past, the Republican party of Lancaster county has been ruled by set of corrupt men who have made erchandize of the offices, legislative a set of corrupt men who have made merchandize of the offices, legislative and county. When the delegate system was in use, a few ring-masters in this city manipulated County Conventions and dictated the nominations. The and dictated the nominations. The white men of Pennsylvania will be compelled to go to the polls at the coming election and to vote side by side with negroes. This degrading condition has been forced upon them by the Radical and the results of the ring masters were counted out, and the tools of the ring counted in. Apt as those who are disappointed may be to make such allegations, it is impossible to believe that they have been altogether baseless.—There is scarcely an intelligent Republican in the County who has confidence in the honesty of our primary elections as at present conducted. Grant and Reform.

During the first year of Grant's administration \$408,\$31,372.42 was collected from the people of the United States in the shape of taxes. In the last year of Buchanan's administration, \$55,976,-1833.89 was the total amount of revenue raised by government—showing a difference of \$352,854,538.50 in favor of Democratic rule. In the last year of Johnson's administration, taxes to the amount of \$370,943,747.21 were collected—showing that the people are taxed \$37,887,625.21 more under Grant than under Johnson, and yet the Radical manual raises and respect to the result will be combined to the choice of a perfectly honest man in place of a corrupt "land grabber," a consummation most devoutly to be desired by all upright citizens.

A nofficer of the Revenue Department, fresh from an inspection of the cotton region of the South, estimates the grow-line in Detroit have been hopelessly disnigated and partially blinded by this diagroup to the south as a larger crop than has been produced with paper and samming an epidemical form. This terrible crime becomes the fashion periodically. tion which nominated William E. Bunn, the Radical candidate for Registering himself under different names in numerous election precincts, for the pur-

years under Democratic administration was \$889,592,366.39.

It shows that the amount of revenue annually wrung from the pockets of the people under Grant's administration is \$411,225,477,63, or nearly one half the amount collected by Democratic administrations in twenty-four years.

It shows that at the present rate of expenditure the amount required by Republican administrations during twenty four years would amount to the enor mous total of \$9,870,131,463,12.
