THE DONALDSONVILLE RIOT.

The Responsibility Lie.

A REPUBLICAN VERDICT.

The following is from the *Assessor*
Republican, official organ of the parish,
and published for account of success-
ful candidates for the office of Mayor
(Republican), of Donaldsonville, who
was one of the victims of the negro
mob. Let this verdict of a Republican
speak for itself:
The investigation which was held by
U. S. Commissioner Veller, closed on
Thursday evening, and the result of
his investigation is published in the
benefit of the public. The testimony
showed conclusively that both parties
were murdered by the infuriated mob,
led by Fisher and the Olivers; and too
much praise cannot be given to the
Commissioner and the general audience
for the prosecution as well as the
defense, for the patience exhibited by
the latter in giving the matter a longer
hearing; and thus the fact is established
that the State militia for his own
partial advancement, ended in a deep
tragedy, which has cost the lives of
many innocent citizens.
