Make Home Attractive.
to so farmers, a wide-spread engerness to leave the old homestead in order to seek a better fortune, in the over-crowd-ed city. We do not say to young farmers, "Stay away from the city, '--'' buy land, ' and such like advice, which is to get away from it, he had better, by all means, be allowed to follow the bent of his natural inclination. But in many cases, this aversion to the labor of the farm arises from the shiftless, thriftless, unhappy surroundings of the home-stead, rather than from any constitu-tional dislike to forming. It is more

with the advantages of plenty of With the advantages of plenty of room, the farmer's home may be made a paradise to the eyc, by the means of trees, shrubbery, walks, mounds, glens, and tastefully constructed and arranged farm buildings. Many a farm has the facilities of an artificial lake, a tootpond, or a cascade, that could be constructed at very little expense of labor and money. All this would be pleasing to the eyc, and would, in some measure, satisfy the longings for the beautiful, which exist, as well in the minds of those who are city-born and bred.

as useful.
With the advantages of plenty of rom, the farmers home may be made to the second sec
