Why Grant Can Not Be Re-elected. Senator Thurman on the "New Depart-ure." R. Brinkerhoof, a prominent Republican leader in the State of Ohio, has written a letter to the Cincinnati Commercial in which he takes the ground that Grant cannot be re-elected, assigning the following substantial reasons for the conviction which he so freely expresses :

Which he so nearly expression to be elected against a prudent nomination made by the Democrats. When I say prudent I mean for example, such men as Salmon P. Martin Tripple of Martic (a tool of Gatchell) moved that a committee be appointed to in-vestigate the matter. Adam Geist of Church-town, and John Johns (candidate for Clerk of Prison) of Laucaster township, were ap-pointed on the committee. As soon as they retired from the room where the Return Judges sat, the chairman rushed with Dr. Gatchell to the side-room attached to the Commissioner's office, where they had an earnest and hurried private conver-sation. When the committee met in a jury-room up stairs, it soon became evident that

A Reform Ticket.

The Convention which assembled i Temperance Hall, full proceedings of which we publish elsewhere, was a very respectable gathering, whether considered in point of numbers or in reference to the character of the dele gates. Many of those present were strenuous advocates of a prohibitory liquor law, but the Convention wisely took a wider departure. Of the resolutions adopted but one refers to prohibition. The rest have reference to other questions which all must regard as comng clearly within the proper province of political action. The gross abuses which have crept into the Republican party of Lancaster county were freely denounced, as they deserve to be, and a ticket was put forward which presents a marked contrast to that which was nominated by a perversion of the Crawford County System. Such of the candidates as were deemed to be good men and fairly nominated at the Republican primary election, were endorsed, and the creatures of the corrupt Rings were very promptly and properly re-William Spencer, one of the pudlated. nominees for Assembly, is a well-known Democrat, a man of the highest integri ty, who has been tried in important offices by the people of Lancaster county, and who won golden opinions from men of all parties by a faithful and conscieutious discharge of every duty devolving

upon him. The other candidates for Assembly are well-known Republicans, but in private and public life they present such a contrast to the creatures who have been set up by the Ring that they deserve to receive the support of every decent and right-minded Republican voter. Abram Shank, named as a Reform candidate for District Attorney, is a lawyer of ability, and a man of unquestioned integrity. His election would insure the conduct of that office in a manner well calculated to reform abuses which have been much complained of in the past both by the proession and the public. We can not see what there is in John
