

MAYOR COMING HOME TOMORROW TO URGE COUNCILS TO DUTY

Will Send Message Asking Inclusion of Transit Loan in the \$11,700,000 Loan Bill.

Mayor Blankenburg will return to his home on Locust Square tomorrow from Atlantic City, where he and Mrs. Blankenburg have been spending the last two weeks following the closing of their summer home at Pocono Pines. The Mayor is not expected to be in his office tomorrow, but will go directly from the North Philadelphia Station to his home by automobile. The return of the Mayor has been prompted by the definite assurance that Councils will meet in special session on Thursday to introduce legislation for submitting the \$11,700,000 loan to the voters in November.

That assurance has come from President Ramsey of the Select Council in reply to the following letter from Mayor Blankenburg sent to Presidents Ramsey, of Select Council, and McCurdy, of Common Council:

I notice in the newspapers that you expect to call a meeting of Select Council in the near future. You will remember that I wrote you on this subject early in July and urged that subject should be held at a date sufficiently early to permit a loan to be submitted in time for submission to the voters at the November election.

Will you please let me know as to the next meeting of Select Council will be held? Mr. Ramsey's reply was:

You later requesting to be informed promptly on what day the next meeting of Select Council will be held. I have notified the Chief Clerk of Select Council to call a meeting of that body for Thursday, the 24th of September.

Common Council will meet on Thursday, the 24th of September. There could be nothing accomplished by Select Council meeting on that date, as the ordinance can only be introduced and passed by both Common and Select Councils on Thursday, the 24th of September.

A reply from President McCurdy of Common Council, has not been received at Mayor's office.

Councils were expected to cut short their vacation, which was fixed to end October 1, by the ordinance for the introduction of the loan, but when the ordinance was introduced, it was found that the ordinance was not in proper form and it was necessary to wait until the ordinance was in proper form.

He pointed out that the time that civic improvement should be started now when the market for municipal bonds is excellent, when many idle men need employment, and when general industrial and labor conditions warrant capital outlay by the city.

It is understood that he will send a message to Councils on Thursday urging the introduction of an item for transit development in the bill. The Subcommittee of Finance ignored the request of Mayor Blankenburg for \$10,000 for office maintenance and relocation of the city, in the central part of the city, preliminary to subway construction.

Mayor Blankenburg has not signed any of the ordinances submitted to him when Councils adjourned in June. He is expected to deal with the remaining ordinances in a special message.

Cyrus D. Foss, Jr., secretary to the Mayor, said today that Mayor Blankenburg had been greatly improved in health by his vacation.

BRUMBAUGH'S SUCCESSOR

Doctor Jacobs in Line for Election as Superintendent of Schools. Henry R. Edmunds, President of the Board of Education, said today that Dr. William C. Jacobs, Associate Superintendent of Schools, was the most logical candidate to succeed Dr. Martin G. Brumbaugh to the superintendency, in the event of the latter's election as Governor of Pennsylvania. "I would vote for him," said Dr. Edmunds, "and I believe the majority of our members of the board would do likewise."

Dr. Edmunds mentioned Simon Gratz and Thomas Shallerose as members of the board who surely would vote for Dr. Jacobs, he thought, and he said he believed the majority of other members would also favor the present Associate Superintendent.

Mr. Edmunds also said Dr. Cheesman A. Herrick, President of Girard College, had been mentioned for the position, but he thought Dr. Herrick was well satisfied with his present work and therefore not consider an offer. Dr. Herrick was a candidate for the office at the time Doctor Brumbaugh obtained the superintendency.

ACCUSED BY EMPLOYERS

Shipping Clerk Arrested on Charge of Larceny. Jacob Strobel, 222 East Lehigh avenue, accused of having stolen from his employer to cover his own financial embarrassment, was arrested in Central Station today. He was employed as shipping clerk by Dykeman, Neill & Loh, dealers in silks, 614 Chestnut street.

The police say Strobel confessed his guilt. It is alleged he cut pieces of silks to be used as remnants from large bolts of silks. These he is said to have sold. Members of the firm said their shipping clerk had been permitted to dispose of all legitimate remnants about the place.

PALMER-M'CORMICK CAMPAIGNERS MAKE PLEA IN NORRISTOWN

Leaders of Rival Democratic Factions in Montgomery Unite in Greeting to State Candidates.

NORRISTOWN, Pa., Sept. 14.—Democratic County Committee members and some outsiders, a couple hundred in all, at a noon meeting in City Hall heard addresses by A. Mitchell Palmer, candidate for United States Senator; Vance McCormick, candidate for Governor, and Harry E. Grinn, candidate for Congress. All made Penrose the issue and declared he should be ousted because of his unfitness and because of the system which he represented.

C. D. McAvoy presided. He was nominated by Magistrate Clark, of the Fourth Ward, Norristown, vice chairman of the committee.

Harvey Christman, the chairman, called the meeting to order. Mr. McAvoy said he was now for the State ticket and asked that all of his friends be likewise.

During the primary campaign McAvoy led the Ryan faction and carried the county, also defeating E. E. Diefenderfer, present Congressman, and nominating Harry Grinn. The McAvoy faction also organized the Democratic County Committee by a majority of two.

John McVoy, James Farrell and Harvey Christman, candidates for Assembly, and Edward Ingersoll, candidate for State Senator, were present.

Palmer and McCormick praised the Public Ledger for its strong stand today against Penrose, and McCormick believed that it would see its way clear before the campaign had ended to come out for him also. McCormick, in praising McVoy, stated that the same unity of action in the Democratic ranks exists in the 29 counties of the State which he has visited in his campaign since the latter part of July. He asserted that Doctor Brumbaugh was the figurehead for Penrose, Vane and McNeil, who nominated him, just as Quay in 1892 nominated that eminently respectable jurist, Samuel W. Pennypacker.

McCormick predicted that Brumbaugh would make no better Governor than did Pennypacker, who could not see the graft that was being pulled off in the Capitol Building.

He said that there is still much waste of the public money through unnecessary jobs and other gang methods at Harrisburg, and promised to clean house, if elected.

It is understood that he will send a message to Councils on Thursday urging the introduction of an item for transit development in the bill. The Subcommittee of Finance ignored the request of Mayor Blankenburg for \$10,000 for office maintenance and relocation of the city, in the central part of the city, preliminary to subway construction.

REGISTER TOMORROW AND MAKE SURE OF YOUR RIGHT TO VOTE

Workers of Republican, Democratic and Washington Parties Eager to Make Good Showing in the Lists.

Register tomorrow. With the exception of October 3, tomorrow is the last day on which voters can qualify for the November election, and Republican, Democratic and Washington party workers will be in every division in Philadelphia, urging voters to register in order to entitle them to vote this fall.

The registrars will sit at the polling places from 7 to 10 o'clock in the morning and from 4 to 6 o'clock in the evening. Poll tax receipts can be purchased from the registrars, if the voter's name is on the division assessor's list. If it is on a prior list he may obtain a receipt at the tax office in City Hall. A poll tax or property tax paid at any time since November 3, 1912, will qualify an elector to register this fall.

Party enrollment is not necessary this fall, and is useful only to swell the party strength on paper, but workers of all parties will be at the polling places to urge the electors to enroll when they register.

Democratic leaders are making a particularly strong effort to get the voters of their party to register and enroll. Approximately only 5000 Democrats registered on the first registration day, September 3, as compared with nearly 70,000 Republicans. The Democratic registration for the primary election last spring was more than 32,000, but party leaders have been holding meetings in nearly every ward in Philadelphia during the last two weeks, in an effort to make as strong a showing as the Democrats made in 1912, when Wilson received 65,305 votes in Philadelphia. The Palmer-McCormick League and Chairman B. Gordon Bromley, of the Democratic City Committee, have organized workers in the wards to get the Democratic electors to the polling places tomorrow and on October 3.

Republican leaders have expressed themselves as well pleased with the Republican registration of September 3, but have issued another call to the voters of their party, and will have workers in every division tomorrow in an effort to duplicate the large registration of the first day.

BILLY SUNDAY'S WORK

Presbyterian Ministers Told of Evangelistic Crusade in Scranton. Billy Sunday and his work in Scranton last winter were enthusiastically endorsed by the Rev. Asa J. Ferry at the first Monday morning meeting of the season of the Presbyterian ministers in Philadelphia, held today in Witherspoon Hall.

Mr. Ferry is the pastor of the Bethany Temple Presbyterian Church, at 53d and Spruce streets, but during the summer he has been filling the pulpit of the First Presbyterian Church in Scranton.

"The church was I preached," said Mr. Ferry, "was always closed at least one month every summer and very often longer. Since Billy Sunday's visit here last winter it has witnessed a tremendous upheaval and has become like a new institution, and the attendance became so large that all idea of suspending services was out of consideration."

The ministers greeted Mr. Ferry enthusiastically and with satisfaction expressed on all sides in anticipation of Billy Sunday's visit to Philadelphia this winter.

Dr. William M. Fulton, head of the Presbyterian evangelistic work in Philadelphia, made a report on the work of the summer, and praised highly the automobile meeting held every night in various sections of the city on street corners.

Dr. Fulton said 486 such meetings had been held, an average of four a night. The attendance at the meetings totaled 113,287.

VIENNA IN PANIC AT SERB ADVANCE TOWARD BUDAPEST

Campaign Opens by Bridge Construction Over River Save—Russians, 400,000 Strong, to Aid Serbia.

NIGHT, Sept. 14. The Serbian army which last week occupied Semlin after a brilliant bayonet charge in which 10,000 Austrians were killed or wounded, today began a march toward Peterwardein in an effort to open the plains of Hungary and take Budapest.

It is officially announced that a campaign for the capture of Budapest has been opened by the construction of two bridges across the River Save for the transportation of heavy artillery and the passage of the main Serbian army.

Budapest is 20 miles from Belgrade. A panic is reported from Semlin, on account of the capture of Vienna, while the Russians are triumphantly advancing 400,000 strong. The unemployed are parading in Vienna. The military stores are insufficient, and as there are no uniforms the third levy of reservists are joining the troops in Galicia in civilian attire.

It is stated here that the Serbians are now working in co-operation with the Russian general staff on plans which contemplate the capture of Budapest. The Serbians, now in Slavonia in great force, are reported as being received with great enthusiasm by the natives, the large percentage of whom are Slavs. It is intended to capture Peterwardein as soon as possible and establish headquarters there after which the Danube will be crossed and an advance made directly on Budapest along the lines of the Hungarian state railway.

Meanwhile the Montenegrin-Serbian army, which has been commissioned with the capture of Sarajevo, the capital of Bosnia, is within thirty miles of that city.
