CARDINALS BACK IN RUNNING—CHANCE SITUATION DISCUSSED—LOCAL ELEVENS BUSY

YANKEE MOGULS STILL LACKING IN FORESIGHT

While Chance Resigned, He Really Was Forced Out by Owners' Refusal to Make Him Supreme.

Long Term of Years Is Necessary to Build Up Club Which Can Compete for Highest Honors.

The story of Frank Chance's resignation from the New York American League club is one as ancient as the national game itself. It has ever been the policy of the majority of club owners to adopt a shifting method of developing a team rather than one of watchful waiting which has been so highly successful in the case of the Athletics of this city and the Giants of New York

Frank Chance did not resign because he had not developed a club with could compete with the Batter organizations of Ban Johnson's circuit, but because he was not allowed to develop it. This friction between the owners and the managers is the thorn in the side of baseball, and at times has actually been a menace to its very existence.

To build up a winning ball club, Conni-Mack says, requires at least five years close of the season of 1812. Yet this jump into the running without warning just as the St. Louis Browns did at the beginning of this season. The transas a managerial possibility

SCHOOLBOYS READY TO START EARNEST FOOTBALL PRACTICE

Organization of the Picked Lads Is Now Going on at Most of the City's Athletic Promoting Schools.

This week will find the interscholastic ootball training season fully under way, as the warriors are eager to get into their logs and physically prepare themselves of Day during the comparatively short for the coming struggles on the griding. for the coming struggles on the gridiron.
The three schools in competition for the Ellis A. Gimbel Cup-Central High School, Northeast High School and West Philacelphia High School, and likewise South orn High, which is not in line for the trophy this year-have been surveying the material at hand and taking definite steps toward the organization of football saunds. Northeast, with its usual aggressiveness, has already put in three days of gridiron practice, while the other schools have called out the candidates and will begin actual work this week. Though predictions at this date would be a hazard, Northeast High, judging from the dash shown by the men in the early practices, should put in a strong bid for first honors, while Central High. because of the wealth of material avail-able, must be counted a formidable op-ponent. West Philadelphia and Southern High each lost heavily through graduation and must shape up, a team from

Flund of new men. Coach Johnson, of Northeast, has been working with his men at the Northeast Athletic Feld, Twenty-ninth and Camtryouts. Fifty candidates, including six veterans, have reported.

Coach "Alec" Howell has just anhis undivided attention to coaching the Central High eleven. Captain Stephens, Gotwals and "Bill" Butler in the backfield, Farmakis, Chambers, Young, Wirk-man and Kerr for the line form the 'nucleus." The problem of securing a ourth man for the backfield, preferably a ood punter, remains to be solved. Voss, first senson's scrub, will probably be religible. Armstrong and Hackman, of the 1913 freshman team, are light and in-experienced. Thomas, Frankford High's star halfback, is said to be a punter of rare ability and may have the call on he other men for this reason.

West Philadelphia High School, which tied Central High for the Gimbel Cup ast year, has lost almost an entire team arough graduation. Whetstone, star triculated at State College and will badly missed from the lineup. Reukon I Ivory in the backfield, Shwartz and at ends and Nelms at tacke are likewise hard men to replace. The Orange and Blue still has Captain Wagon-knight at quarterback, Crowell at guard and Ellis at end. Devreux, who was ex-pected back this season, has decided to enter Tome Institute. Panzullo is a good halfback, and the other two backfield po-sitions must be filled by men from the 1913 scrub and freshman teams. Kirchner MacCormack, Fulmer, Stanard and Swing will be used to reconstruct the line.

Southern High School cannot compete for the Gimbel Cup, since Northeast High r the only team of the "big three" they

play against. Football plans for the coming season at the South Broad street institution were formulated at a meeting assembled by Doctor Boice, where it was officially announced that Dean Johnson, of the school faculty, had been selected to coach the team at Southwark Field. Only four veterans have returned—Smith, Friedman and King, of the backfield, and MacNames on the line.

HERRMANN PLEASED WITH CHARLEY HERZOG

Will Give Manager Chance to Lead Reds in 1915.

Garry Herrmann seems at last to have begun to realize that when a manager makes good that is the time to give him more powers and more encouragement. rather than his release, as in the case of more out of the Cincinnati Reds than marily dismissed.

This season Charley Herzog, the most efficient infielder on the New York Giants club in 1913, has done wonders with the club in 1915, has done wonders with the Rods. He has almost made a real ball club out of practically nothing. And his reward will be another chance in 1915. Speaking of his manager, Herrmann cently sald: It's a sure thing Herzog will be our

"We are satisfied with the gcells he has shown as a leader, although we are not satisfied with the position in which the team is now located.

OUTLOOK BAD FOR CAMDEN

Faculty Restrictions Impair Football Prospects at Jersey High School. Football prospects for this season are anything but encouraging to the student body at Camden High School, for besides the handicap of light, green material, the Faculty Committee has placed cer-tain restrictions on the gridieon candidates that are bound to affect the spirit and enthusiasm of the players and root-

ers alike. The most menacing law recently laid down by the faculty forbids all students to take part in football who have not obtained written permission from their parents or guardian. This will cause promising Brickleys to give up all idea of soing out for the team, as few parents will be willing to assume the entire re-

Strict eligibility rules and the necessity of a phsician's affidavit in regard to the health of the student will also be prime factors in narrowing down e squad to a mere handful. These dif-ultles might in time be overcome but for the fact that the majority of the players who have managed to pass through this "third degree" laid down by the faculty do not come up to the usual standard of Camden High elevens.

Golfing events have been coming thick Hank O'Day. No one could have made and fast recently, but this week will witness the climax of the fall season. Tomorrow there will be an event of special interest at the Whitemarsh Valley Country Club which will be in the nature of a curtain raiser to the annual open tournament of the Golf Association of Philadelphia.

With its usual generosity the Whitemarsh Valley Country Club has put up \$100 for an amateur-professional tournament. It will be a best ball match with an amateur and a professional on each side. All amateurs and professionals of clubs belonging to the United States Golf Association are eligible to compete. This event is quite a novel one and it should prove decidedly interesting and, what is more, it will serve as excellent practice for those competing in the championship

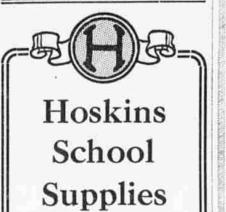

In former years the open championship course is in fine condition at the present

of Philadelphia was only at thirty-six holes, but this year the Golf Association very wisely decided to extend it to seventy-two. Thirty-six holes, therefore, will be played on Wednesday and the remainhe played on Wednesday and the remaining thirty-six on Thursday. Very liberal prizes have been put up by the association. The winner will receive \$160, second, \$100; third, \$70; fourth, \$10; fifth, \$20, and sixth, \$10-\$100 in prize money in all. One thing is certain, and that is that the tournament will be more liberally patronized than in past years. Many of the pro-fessionals who competed at Spring Lake will be here, including Walter Hagen, the open champion; James M. Barnes, the Western champion; Isaac Mackie, the winner of the Shawnee tournament; Joe Mitchell, runner-up at Shawnee: Elmer Loving, of Spring Lake: Fred McLeod, of Washington: Tom McNamara, of Boston: Herbert Strong, of Inwood; Louis tellier, of Canoe Brook, and, of course, all the local professionals. time, and although it is by no means easy some fine scores should be made.

One of the most popular tournaments of the local season will be played on Thursday, Friday and Saturday at the Philadelphia Cricket Club, St. Martin's. The invitation tournament of the Philadelphia Cricket Club for the St. Martin's cup invariably draws a record entry and there is no reason to suppose that this year's event will be an exception to the rule.

In addition to the St. Martin's cup, the President's, Governors' and Players' cup will be competed for and in each event there will be a prize for the runner-up.

An event of great importance will be staged at the Merion Cricket Club, Haverford, tomorrow, Wednesday, Thursday, Friday and Saturday, when the annual competitions for the inter-collegiate tennis championship will be played. Last year Princeton sprang a big surprise by winning the Isaac H. Clothler cup outright, but this year Harvard should experience no difficulty in winning the new trophy for the first time. Represented by R. Norris Williams, 2d, the national singles champion, it is difficult to imagine either Yale, Princeton, the University of Pennsylstanding a shost of a chance against Harvard. Williams is a Philadelphian and this fact alone is sure to attract a big attendance at the Merion Cricket Club each day. Play will take place in both morning and afternoon.

HORTER HANGS HIS SPIKED SHOES UP FOR GOOD AND ALL

Meadowbrook Club Runner Decides to Quit the Game at Which He Has Been So Successful—Other Notes.

Eddle Horter, who for many years has

been this city's leading sprinter among the local club athletes, has decided to put away his spikes for all time and devote his attention to business. Horter was a star of the first water from the very day he tried his hand at the running game back in 1907. His career has been one string of successes from that time. Titles galore have fallen to the skill of the little Meadowbrook boy, but far and away his best scason was in 1913, when, as a member of Jimmy Mulligan's Georgetown University team, he twice turned the century in 10 seconds flat and in the Southern Intercollegiates on Homewood Field, Baltimore, he set a new record of 50 seconds for the quarter. It still stands.

Horter's announcement of his withdrawal from amateur athletics will be a sad blow to his many friends.

The Meadowbrook Club will lose Ted Meredith now that the college season is all but under way. However, he gave them very small help this summer, for after equalling Mel Sheppard's record of 1 min. 21 2-5 sec. for 660 yards at the Arti-san games late in June, he did little or no running afterward.
