# TOMORROW TO URGE

Will Send Message Asking Inclusion of Transit Loan in the \$11,700,000 Loan

Mayor Biankenburg will return to his some on Logan Square tomorrow from Atlantic City, where he and Mrs. Blankenburg have been spending the last two weeks following the closing of their summer home at Pocono Pines. The Mayor is not expected to be in his office tomorrow, but will go directly from the North Philadelphia Station to his home by automobile. The return of the Mayor has been prompted by the definite assurance that Councils will meet in spe-cial session on Thursday to institute legislation for submitting the \$11,700,000

legislation for submitting the \$11,700,000 loan to the voters in November.

That assurance has come from President Ransley of Select Council in reply to the following letter from Mayor Blankenburg sent to Presidents Ransley, of Select Council, and McCurdy, of Common

I notice in the newspapers that you expect to call a meeting of Select Council in the near future. You will remember that I wrote you on this subject early in July and urged that a meeting should be held at a date officiently early to permit a local a meeting should be held at n. date sufficiently early to permit a loan to be authorized in time for submission to popular vote at the November elec-tion. Will you please let me know as promptly as possible on just what day the next meeting of Select Council will

Mr. Ransley's reply was: Your leter requesting to be informed promptly on what day the next meet-ing of Select Council will be held

I have notified the Chief Clerk of Select Council to call a meeting of that body for Thursday, the 24th of Sep-

common Council will meet on Thursday, the 17th of September. There could be nothing accomplished by Select Council meeting on that date, as the ordinance can only be introduced and it will lay over to be printed, and passed by both Common and Select Councils on Thursday, the

24th of September. A reply from President McCurdy of ommon Council, has not been received the Mayor's office.

Councils were spurred to cut short their vacation, which was fixed to end October I, by the emphatic declaration for the lean made by the Mayor when passing through Philadelphia on his way to Atic City, two weeks ago.

He pointed out at that time that civic improvements should be started now when the market for municipal bonds is excellent, when many idle men need em-ployment, and when general industrial and labor conditions warrant capital outlay by the city.

It is understood that he will send a message to Councils on Thursday urging the including of an item for transit de-development in the bi gloan. The Subcommittee of Finance ignored the request of Transit Director Taylor for \$800,000 for flice maintenance and relocation of sewers, in the central part of the city, preliminary to subway construction. Mayor Blankenberg has not signed seven of 93 ordinances submitted to him when Councils adjourned in June He is

expected to deal with the remaining ordinances in a special message. Cyrus D. Foss, Jr., secretary to the layer, said today that Mayor Blankenberg had been greatly improved in health by his vacation.

## BRUMBAUGH'S SUCCESSOR

Doctor Jacobs in Line for Election as Superintendent of Schools.

enry R. Edmunds, President of the Board of Education, said today that Dr. William C. Jacobs, Associate Superintendent of Schools, was the most logical candidnte to succeed Dr. Martin G. Brum-baugh to the superintendency, in the event of the latter's election as Gover-nor of Pennsylvania. "I would vote for him." said Mr. Edmunds, and I believe the mulority of other members of the beand would do likewise."

Mr. Edmunds mentioned Simon Gratz and Thomas Shallcross as members of the board who surely would vote for Doctor Jacobs, he thought, and he said as believed the majority of other members would also favor the present Associate Superintendent.

Mr. Edmunds also said Dr. Cheesman A. Berrick, President of Gircas College.

A Herrick, President of Girard College, had been mentioned for the position, but he thought Ductor Herrick was well sat-issed with his present work and would therefore not consider an offer. Doctor Herrick was a candidate for the office at the time Doctor Brumbaugh obtained the superintendency.

## MAYOR COMING HOME PALMER-M'CORMICK CAMPAIGNERS MAKE COUNCILS TO DUTY PLEA IN NORRISTOWN

Leaders of Rival Democratic Factions in Montgomery Unite in Greeting to State Candidates.

NORRISTOWN, Pa., Sept. 14.-Democratic County Committeemen and some outsiders, a couple hundred in all, at a noon meeting in City Hall heard addresses by A. Mitchell Palmer, candidate for United States Senator; Vance Mc-Cormick, candidate for Governor, and Harry E. Grim, candidate for Congress. All made Penrose the issue and declared he should be ousted because of his unfitness and because of the system which he represented.

C. D. McAvoy presided. He was nominated by Magistrate Clark, of the Fourth Ward, Norristown, vice chairman of the committee.

Harvey Christman, the chairman, called the meeting to order. Mr. McAvoy said he was now for the State-ticket and asked that all of his friends be likewise. During the primary campaign McAvoy led the Ryan faction and carried the county, also defeating R. E. Diefenderfer, present Congressman, and nominating Harry Grim. The McAvoy faction also organized the Democratic County Committee by a majority of two.

John McEvoy, James Farrell and Harvey Christman, candidates for Assembly, and Edward Ingersoll, candidate for State Senator, were present.

Palmer and McCormick praised the PUBLIC LEDGER for its strong stand today against Penrose, and McCormick believed that it would see its way clear be-fore the campaign had ended to come out for him also. McCormick, in praising McEvoy, stated that the same unity of action in the Democratic ranks exists in the 20 counties of the State which he has visited in his campaign since the latter part of July. He asserted that Doctor Brumbaugh was the figurehead for Pen-rose, Vare and McNichol who nominated him, just as Quay in 1892 nominated that eminently respectable jurist, Samuel W. Pennypacker,

McCormick predicted that Brumbaugh would make no better Governor than did Pennypacker, who could not see the graft that was being pulled off in the Capitol Building.

He said that there is still much waste of the public money through unnecessary jobs and other gang methods at Harrisburg, and promised to clean house, if

## REGISTER TOMORROW AND MAKE SURE OF YOUR RIGHT TO VOTE

Workers of Republican, Democratic and Washington Parties Eager to Make Good Showing in the Lists.

With the exception of October 3, tomorrow is the last day on which voters can qualify for the November election, and Republican, Democratic and Washington party workers will be in every division in Philadelphia, urging voters to register in order to entitle them to vote

The registrars will sit at the polling places from 7 to 19 o'clock in the mornng and from 4 to 10 o'clock in the evening. Poll tax receipts can be purchased from the registrars, if the voter's name is on the division assessor's list. If it is on a prior list he may obtain a receipt at the tax office in City Hall. A poll tax or property tax paid at any time since November 3, 1912, will qualify an elector to register this fall,

Party enrollment is not necessary this fall, and is useful only to swell the party strength on paper, but workers of all parties will be at the polling places to urge the electors to enroll when they reg-

Democratic leaders are making a particularly strong effort to get the voters of their party to register and enroll. Approximately only 5000 Democrats registered on the first registration day, September 3, as compared with nearly 70,000 Republicans. The Democratic registration for the primary election last spring was more than 32,000, but party leaders have been holding meetings in nearly every ward in Philadelphia during the last two weeks, in an effort to make as strong a showing as the Democrats made in 1912, when Wilson received 66,368 votes in Philadelphia. The Palmer-McCormick League and Chairman B. Gordon Bromhave organized workers in the wards to get the Democratic electors to the polling places tomorrow and on October 3.

## VIENNA IN PANIC AT SERB ADVANCE TOWARD BUDAPEST

Campaign Opens by Bridge Construction Over River Save — Russians, 400,000 Strong, to Aid Servia.

NISH, Sept. 14. The Servian armies which last week ccupled Semlin after a brilliant bayonet charge in which 10,000 Austrians were killed or wounded, today began a march toward Peterwardein in an effort to open the plains of Hungary and take Budapest.

It is officially announced that a campaign for the capture of Budapest has been opened by the construction of two bridges across the River Save for the transportation of heavy artillery and the passage of the main Servian army. Budapest is 200 miles from Belgrade.

A panie is reported from Vienna on account of the capture of Semila, while the Russians are triumphantly advancing 400,000 strong. The unemployed are parading in Vienna. The military stores are insufficient, and as there are no uniforms the third levy of reservists are joining the troops in Galicia in civilian attire

now working in co-operation with the Russian General Staff on plans which contemplate the capture of Budapest. The Servians, now in Slavonia in great force. are reported as being received with great enthusiasm by the natives, the large percentage of whom are Slava. It is intended to capture Peterwardein as soon as possible and establish headquarters there after which the Danube will be crossed and an advance made directly on Budapest along the lines of the Hungarian state railway. Meanwhile the Montenegrin-Servian

army, which has been commissioned with the capture of Sarejvo, the capital of Bosnia, is within thirty miles of that city.

The Austrian garrison is reported in a PROMINENT AMERICANS panic and it is not believed any stubborn resistance will be encountered.

The latest call to the Austrian colors has brought out the Landsturm of 1893 and 1894. The Landsturm of 1893 and 1895 will be sent to the front soon.

Recruits are being sent to the front so Recruits are being sent to the root so rapidly that many are not fully outfitted. Some are still in civilian clothing. There is a growing scarcity of food and riots have been started in some quarters of Vienna by women. They have been quickly suppressed, however.
