ACTIVE JERSEY CAMPAIGN FOR SEATS IN CONGRESS

Leaders to Stress Need of State Tax Under Democrats.

TRENTON, Sept. 14-Republican leaders forecast victory for their congressional candidates at the November elections. Newton S. K. Bugbee, chairman of the Republican State Committee, has prepared an itinerary which will carry him into every county during the days remaining before the primary election, September 22.

Mr. Bughes, primed for a contest which, it is admitted, will be strenuous, in view of the luck that has fallen in the path of the Democrats with the outbreak of the European war, has declared that there appears to be no reason why the Republicans should not return at least seven out of the twelve members of the House of Representatives to be elected. During the last week, or since such andidates as John Dynely Prince, professor in Columbia, who is a candidate for Congress in the Sixth District, and Edward W. Gray, formerly secretary of the State Committee, who is running in the Eighth District, have opened up their oratorical batteries, there has been a

marked change in the sentiment of the oters. The party leaders are bent upon con-

tariff bill, and not the general conflict in Europe, has been as much, if not more, responsible for the efforts the Democratic Congress is now making to get money under the pretext of a war tax to relieve the manufacturing and commercial inter-

The effect of the tariff, combined with that of the reform corporation laws which were enacted when President Wil-son was Governor of New Jersey, according to the Republican leaders, has reduced the State revenues to such an extent that the State tax which was threatened during the last session of the Legislature will this year become a reality unless there is an absolute repudiation of the Democratic forces.
