SECRETARY JAMES E. SULLIVAN OF A. A. U. DEAD-WAS AMERICA'S ATHLETIC EXPERT

JAMES E. SULLIVAN, SECRETARY A. A. U., DIES IN NEW YORK

Was America's Best Posted Athletic Authority-Died Just Before Noon of Complication of Diseases.

NEW YORK, Sept. 16.-James D. Sul-Hvan, secretary-treasurer of the Amateur Athletic Union, and one of the most widely known sporting authorities in America, died here shortly before noon

Sullivan was operated on Monday eveming for a complication of intestinal and stomach trouble, and never callied.

Sullivan attended the national outdoor field and track championships at Baltimore last Friday and Saturday. Upon his return to New York Sunday he was stricken. Physicians decided upon an immediate operation to save his life. He was rushed to the hospital Monday morning. The operation was performed Monday evening and everything possible done to save his life, but his constitution was so weakened by long suffering from the trouble that he failed to raily. His con-

dition early today warned his friends that his end was near. that his end was near.

Sullivan was the best-known leader in amateur athletics in the world. He was for years the dominating figure in the Olympic games and rilled supreme in athletic affairs in the United States. He was elected secretary of the Amateur Athletic Union for the Est consecutive time last winter.

Just before he was taken ill, Sullivan was working with might and main to have the Olympic games, scheduled to be held in Berlin in 101s, transferred to New York, notwithstanding the fact that the games will not be held in the German capital because of the war.

Sullivan was born in New York in No-rember, 1860. He was educated in the New York public schools, in 1878 he start-ed to work for the Frank Leslie Publish-ing House. After the death of Leslie, Sullivan was promoted to a position on the editorial staff and took over many of Leslie's former duties. Sullivan founded the Athletic News, the first paper in the United States devoted to amateur doings. Later Secretary Sullivan became pub-lisher and owner of the New York Sport-ing Times. He organized the American Sports Publishing Company and served

as its president until his death.
Sullivan was one of the greatest athletes in America during his youth. won the all-around championship of New York in 1890 and 1881.

He was a member of all the Olympic commissions and was the prime mover in the Olympic games that are to be staged in San Francisco next year in connection with the Exposition. In 1903 Sullivan was selected a member of the Playground Committee in New York.

He has left a mimost too sad to believe. He has left a great vacancy in amateur athletic ranks, and thousands of men all over this world no doubt join with me in saying that a great friend has been lost.

Friends of Jimmy Patterson will be nicased to know that he has returned to dear Old Penn. Jimmy is very popular with the student body, and he was received with open arms. Basketball will come into its own in a and Basketball will come into its own in a few weeks, as the advocates of this pastime are already talking about the matters of detail now. The idea of the Eastern Basketball Lessus and the New York State League to have a working agreement is a very practical move. It is certain with an agreement binding the two, that better sport will result.

It is agreed with Mr. Edward R. Bushnell that the proper place to stage a set of Olympic games is right here in Philaof Olympic games is requested in these columns last Monday that it would be a brilliant achievement to land the 1916 Olympic games for this city. Surely there is no better place than Franklin Field. There is no need of going into detail about the facilities here.

At the Fairmount A. C. last night Tyrone Costello, of North Penn, proved to be a better man with the padded mitts than Otto Hughes, who claims to be the champion of the United States Marine Corps at League Island.

Costello opened an old sore on Hughes' ear in the first round and this bothered the marine all through the bout. Neither man displayed much science and it was a case of slug and hold all through.

The preliminaries were all better than the wind-up. In the first one Charilo Rear, using a good left hand, gained a victory over Freddy Wagner, and in the other two Phil Ryan won from Bud Parker and Young Weinert. The semi-wind-up was a classy bout, in which Danny Whelen, of the United States battleship blichigan, clearly outpointed Tommy Hiley, of this city in every one of the six rounds. Whelen showed much "class" in his boxing and is liable to give much trouble to any of the featherweights in his boxing and is liable to give much trouble to any of the featherweights

PENN'S FOOTBALL MEN PUTTING IN SOME HARD WORK

Candidates Hustling in Morning and Afternoon Practice on Franklin Field.

Seelback, last year's basketball captain and end on the Pennsylvania football team, has reported. He is in great shape and pounds heavier. Last year he suffered from a broken shoulder which kept him out most of the year. Barring another such accident he will be a strong candi-

date for the Penn eleven.

Wray, star lineman of last year's freshman team, also made his appearance, and was sent to "By" Dickson as an end possibility. He weight 150 pounds and is extremely swift-footed.

"Vic" Ballou, last year's scrub quarter-

back, got out his togs and made his intital showing of the season. Jones also was among the day's arrivals. He has been summering at a Maine camp. He played a splendid line plunging game last year on

going to leave a thing undone to make it a winning season. Brooke continued his practice of the day before, giving the backs rudimentary practice in running with the ball laying particular emphasis on the handling of the pigskin. Among the candidates Jones, Mathews, Hughes and Tigh gave good promise. "By" Dickson continued his training of the ends. It is evident from the number of men assigned to him that his work of filling in the wings is a hard one. Wray and Carter displayed good speed for their size. Murdock is back and after his old place. He has gained 19 pounds and has improved in speed. Big Koons is also in good condition. Urquhart and Gottwals did some great work in handling forward passes.

Despite the fact that the freshman call has not been sounded, the yearlings continue to appear.

NORTHEAST BOYS PRACTICE

Hayes and Hendrens May Not Play Football This Season.

Owing to the absence of Coach Johnson, only a short football practice was held by Northeast High yesterday. Captain Webb set the men to work tackling, while a signal practice was also held. Chiefly kick and forward-pass formations ensued. A fifteen-minute scrimmage was held between the Varsity and Scrubs, in which none of the veterans took part.
It was learned that little hope is entertained that Hayes and Hendrens will be able to play for Northeast this sea-son. Hayes, last year's centre, was stricken with typhold and has only an even change of recovery. There is no possibility of his returning to the game. Hendrens, who played fullback last year, is back in his studies.

PLAN NEW CHURCH BASKETBALL BODY AT GERMANTOWN

Committee to go Ahead and Form New League in Addition to Established One of Last Year.

Instead of reorganizing the Germantown Basketball League this year, a com mittee, consisting of Edward R. Bushnell, George Crawshaw and the club superintendents, was appointed to organize another church league, whose membership should be composed entirely of Germantown churches. Second Presbyterian has joined this league, and us soon as it is generally known a number of other churches are expected to enter.

An intermediate league, to be composed of teams whose players are over 14 years of age and under 18 years of age, will be organized and play on Saturday afternoons. Teams desiring to enter this league should address the superintendent of the club.

The Junior League of the Germantown Boys' Club will open its 11th season, October 5. The following teams will make up the circuit:

Navalio, Mehawk, Seneva, Seminole, Cherokee, Cheyenne, Dakota and Irquois, All players in this league must weigh under 100 pounds. The scheduled games will be played between 7 and 8 p. m. on Mondays, Tuesdays, Wednesdays and Thursdays. Thursdays. The Junior Germantown Church Ath-

letic League is being organized and teams are promised from Westside, last year's champions: Wakefield, St. Stophen's and Second Presbyterian. It is also expected that First Presbyterian will enter a Arrangements have been made with

Northeast Manual Training High School for its team to practice and play all home games in the club cage. Several other schools are negotiating for the use of the cage during the afternoon hours.

The Athletic Council of the Germantown Boys Club held a meeting and dis-cussed plans for the basketball season about to open. The plans about to be developed are to organize six leagues, as follows: The Germantown Church Athletic League, which was so successful last year, will be continued along these lines.

There will be one change in the circuit, Advocate taking the place of Trinity Lutheran. The other teams in the league are Wakefield. Third B. ptist. Tiger Players Win All Three Games in Morning Round of Intercollegiate Tennis Tourney at Merion Cricket Club.

HAVERFORD, Sept. 16.-Three matches in the second round of the intercollegiate tennis championship tournament in progress here today ended with brilliant victories for a trio of Princeton University players, the contests ending shortly after noon on the splendid turf courts of the Merion Cricket Club with George M. Church, A. M. Kidder and L. Vandevan-

Princeton now looms up strongly as a contender for the point in the singles, but the Crimson have Richard Norris Williams. 2nd, in the running, and he is counted upon to duplicate his feat of last year when he won the championship title. year when he won the championship title. Williams was drawn to play Richard Harte, Huntington Valley Country Club, also from Harvard, in the second round of play today, but this match was held over until the afternoon. So the somifinal brackets will see three Tigers and one Crimson player still in the race, with one Crimson player still in the race, with a Harvard man and a Princeton expert likely to meet in the final round.

Church had all he could handle in his match with W. S. McEllory, the brilliant Western Pennsylvania star. McEllory, a veteran of the present tournament season, lost the first set six games to one, but he made a great rally in the second set, and though Church won seven games to five it was not without the stiffest opposition on the part of the Pittsburgh player. Church showed flashes of championship style, and is a favorite to give William a good battle in the final event.

L. Vandevander, another brilliant Princeton player, showed his best tennia of the tournament when he defeated Bernard C. Law, a teammate and local youth, in two sets. Law did some wonderful work in the first set, which went to Vandevander seven to five. In the second set Vandovander let loose, and with a display of tennis which fairly dazzled the spe tators, he defeated Law by six games to one in quick order.

Play in the doubles started, and as Harte and Williams were paired they did not meet in their singles match. Three matches were played before lunch-con at the club. Williams and Harte met the Haverford College pair, Allen and Gummere, and disposed of this team in short order without losing a game. J. S. Disston, Jr., and Joe Rowland, Jr., the Fenn team, defeated Weikel and Hallett, of Haverford, in two sets.
One of the best matches in the dou

bles was played between Captain Albert E. Kennedy, Jr., of Penn, and his part-ner, Joe Replogle, who opposed Doyle and Koeniger, the Dartmouth College team. This was a thrilling three-set match, in which Kennedy and Replogle won the first set six games to four, lost the second set by similar scores after many brilliant rallies, and then captured the third set, seven games to five. The result of this match was in doubt until the very end, when the Red and Blue players pulled through with a spurt.

HUDSON Six-40 \$1,550 F.O.B. Detroit

Howard E. Coffin Saves 1,000 Needless Pounds

The HUDSON Six-40 for 1915 weighs 2,890 pounds-a seven-passenger car.

Built by old standards, such a car would weigh around 4,000 pounds.

Aluminum takes the place of cast iron. Drop forgings take the place of castings. Better designing combines strength with lightness-in a thousand details. One, for instance, is a tubular propeller

No More Over-Tax

Needless weight was a heavy over-tax on tires. HUDSON engineers have stopped it. In addition, their new-type motor cuts fuel cost 30 per cent.

Expense excess is out-of-date. The day of modest size and power and price has come. This new-model HUDSON typifies the car of the future.

It is one of the handsomest cars ever built. It has many attractions found in no other carbeauties, comforts and conveniences.

48 engineers-headed by Howard E. Coffinhave devoted four years to this car. Come and see the advances-the scores of new things they've accomplished.
