The meeting of Mrs. Ronald H. Barlow, the Philadelphia title holder, and Miss Lillian H. Hyde, the Metropolitan champion from the South Shore Field Club, in the third round today, furnished the centre of attraction for the gallery, for prior to the start of this week both were regarded as almost equal favorites.

Philadelphians regretted the fact that phia Cricket Club, and Miss Ethel Campbell, of Overbrook, were bracketed to-Kether and they also had misgivings as to the probable outcome of the clash between Miss Florence McNeely, of Merion, and Miss Elaine Rosenthal, the Western girl. Mrs. Barlow also had gloves on, but the other, as she always does, played with bars bands. Mrs. Barlow had the honor and drove a fine straight ball. Miss Hyde got a few yards further, but to the left, almost to the rough. After the Philipsiphics woman had appeared. the Philadelphia woman had approached to within 10 feet of the pin Miss Hyde only reached the green's edge on the like but she managed to get a half in four. Mrs. Barlow was bothered in her try for a 3 by a half stimle.

To the long second hole Miss Hyde was fortunate in winning, considering that she got into two bunkers. She was in she got into two bunkers. She was in the sand off her drive and again on her third shot, but Mrs. Barlow, after two long balls pulled her approach to a trap and after barely getting out supple-mented that by taking 3 putts, so Miss Hyde won in 8 to 7. That made the South Shore player 1 up.

From the third tee Miss Hyde got away one of her best drives, the hall coming

one of her best drives, the ball coming to rest only a few yards short of the bunker. Although out-driven many yards, Mrs. Barlow laid up a rare ap-proach practically dead and winning the hole in 3 to 4 squared the match. Miss Hyde pulled her drive to the rough going to No. 4, but her second landed her on the green hole high and she won the hole in 4 to 5, when the Philadelphia champion took 3 putts. Miss Hyde was

therefore one up again.

It was Mrs. Barlow's turn to do something at the fifth, which she won, 4 to 5, her opponent starting badly by pulling a drive out of bounds. Mrs. Barlow fatled to get home on her second, but laid the approach dead.

Mrs. Barlow did not dare attempt the difficult carry on her second shot to the sixth, whereas the Long Island player almost made the green with a cleek and won the hole, 5 to 8. She was then one

From the next tee Miss Hyde sliced to the sand trap and had to play out short, whereas Mrs Barlow got home nicely with a drive and a cleek. On her third Miss Hyde pitched to within 12 deet of the cup and she got a lucky half in 5 when Mrs. Barlow took 3 putta. That left Miss Hyde still 1 up. Going up the hill to No. 12 Miss Hyde laid a third shot close to the pin and

won in 4 to 6, her opponent having sliced came 2 up as a result and she also won the thirteenth in 5 when Mrs. Barlow pulled a drive out of bounds.

NORRIS WILLIAMS AND CHURCH WILL CLASH IN FINALS

National Champion and Delaware Title-holder Easily Dispose of Their Opponents In Big College Tennis Tourney.

HAVERFORD, Pa., Sept. 17.—There were no upsets in the semi-final round natches in singles of the 34th annual Intercollegiate Tennis championship tourna-ment, which continued on the courts of the Merion Cricket Club here today. As a result of the competition, Richard Nor-ris Williams, Philadelphia, the national and present intercollegiate champion, will clash with George M. Church, Delaware State champion and Princeton captain, in the flual round.

Williams, who was the standard bearer for Harvard University, advanced by his victory over L. Vandevander, of Princeton. There was no letup in Williams' game. He slashed the ball from right to left, whipped it to the far corners of the court, lobbed with wonderful judgement, smashed his shots across the net with re-markable accuracy, and in fact, showed the tennis which made him the national champion in all departments of the game, winning by the score: 6-1, 6-1, 6-1.

Church, who loomed up as a likely finalist when he was drawn in the upper division, had a teammate for his opponent, which rather robbed him of the pleasure of vanquishing a rival collegian, pleasure of vanquishing a rival collegian, but Princeton and Harvard were alone in the semifinal, so there was nothing left for him to do but meet a Tiger. The latter was A. M. Kidder, his partner in the doubles. Church showed his superiority by carrying off the three sets, 6-2, 6-2 and 6-1.

The only surprise that could possibly have been experienced by the large and appreciative audience was the easy win scored by Williams over Vandevander, whose work in the earlier matches was exceptionally good. Williams was naturally the favorite, but the fact that he lost six games in his match with Richard Harte, of Harvard, yesterday, caused many to think that the Princetoniatr would give him a battle royal today, but such was not the case, Williams losing only three games in the entire match, while he scored is by playing magnificent tennis from start to finish.

The summaries:
Championship Singles—Semi-final Round—George M. Church, Princeton University, defected A. M. Kidder, Princeton University, 6-2, 6-2, 6-1; Richard N. Williams 2d, Harvard, defeated L. Vandevander, Princeton, 6-1,

man team, and Butler, who played the position on the scrubs. The position is new to Journeay, but there are so many

big men for guard and tackle and the need of a centre so pressing, that Jour-neay hopes to win the pivotal position by

the time the first game is played. What Journeay needs more than anything else is speed, for the Pennsylvania style of playing this position requires a man of great activity who can take care of himself and then lend a hand wherever he is needed.

Coach Brook, of Pennsylvania, has

picked a provisional team and plans to

send them through a few simple forma-

tions today. The lineup of yesterday

gives some indication of the probable

makeup of the team today. Captain

Journeay, as was predicted, is to play

centre. He is the only man definitely

placed. Flanking him for guards in the

present lineup will be Witherow and

Nowald; at tackles, Harris and Russell;

and ends, Carter and Rockefeller. Irwin

is to start out at quarter and Moffet at

fullback. Gotwels and Jones will fill in.

This combination will be shifted fre-

quently. Murdock and Tucker alternated

with Carter and Rockefeller at end yes-

terday. Mike Dorizas continues to im-

prove and is pretty sure to make a place.

Bailou and Merrill had turns with "Doc"

Irwin at the pilot position. Vreeland did

not put in an appearance, as he is study-ing for an examination. Mathews re-lieved Monet at intervals. He is big and speedy and as consistent a drop kicker as there is on the field. Gotwels at

half made a good impression. He is a little light, but his wonderful speed makes

up for that deficiency. Hughes is likely

to be a dark horse. Although in school last year, he did not play. He caught

on the freshman baseball team last year. Jack Dalton, all-American quarterback on the Navy team, was out today to

on the way team, was out today to assist coaching.

Of last year's team, Crane, Simpson, Marshall and Peden were out. Mercer, the old American fullback of two years ago, was also present. Among the older

graduates were noticed Dr. Robert Torry,

Davisson Kennedy, Bill Young and Char-lie Corson. Ben Cline, Swarthmore's

this writing the outlook at Pennsylvania is not very bright behind the line. There are plenty of candidates for each position who show individual skill, but four new men will have to be welded together to act as a unit, and it would be little short of miraculous if they should show strength comparable to that of the Darrice mouth backs. So far not a man is sure While the coaches at Franklin Field are concentrating all their thought and energy upon the development of a groundgaining back field, Harvard, Dartmouth and Cornell are giving thanks that their veteran back field quartets of 1913 are intact, and promise to be better this year than ever. While these universities have merely to hold their back field men together, the Quakers must fill every one of these four positions with a new man. The effectiveness of Harvard's back field ought to be greatly increased this year,

if such a quartet could do more deadly

execution than that wrought by Brickley, Mahan, Logan and Bradlee, About all Head Coach Percy Haughton has to do is to keep these men in shape and think up new plays for them. Unless something now unforeseen happens no possible change could strengthen this group. Every man is a star of the first magnitude in his particular position, and the four work together with the greatest precision. It is idle to dwell upon the good points of these men because every one knows how wonderfully Brickley can drop and place kick, run the ends and buck the line; how Mahan can punt, run back kicks and sprint around end; how Bradlee can hit the line, and Logan

how Bradlee can his the history run the team.

But Pennsylvania men are probably more interested in the strength of Dartmouth and Cornell behind the line bemouth and Cornell behind the line bemouth and Cornell behind the line because the Quakers have to play both of these teams. Dartmouth is every whit as well fortified here as Harvard. Last year Llewellyn and Ghee alternated at quarterback, but Ghee was the better man. Llewellyn has graduated, leaving Ghee in full charge. Dartmouth's other three backs are on hand again. These include Captain Whitney and Curtis at the halfback positions, and Murdock at fullback. There isn't much to choose befullback. There isn't much to choose be-tween the Dartmouth and Harvard back That indicates how strong Dartmouth is. In some respects Whitney is a better player than Brickley. He is every bit as fast, and as a line bucker he is superior to the Harvard captain. Only in kicking is Brickley his superior. he is superior to the Harvard captain. Only in kicking is Brickley his superior. Ghee is a better man to operate the forward pass than Logan. Likewise he runs his team faster and is a better individual player. Mahan is superior to Curtis, but there is nothing to choose between Murdock, of Dartmouth, and Bradlee, of Harvard. But think what a load is taken from the minds of the oad is taken from the minds of the Dartmouth coaches when they realize that they now have a back field which can't be improved!

Dr. A. H. Sharpe, of Cornell, may try to improve his back field, but he will be pretty well fortified even if he decides to stand pat on his present quartette, which did so much to win from Pennsylvania last year. Last year's back field was made up of Barrett at quarierback, Coll-yer and Phillipl at halfbacks and Lahr at fullback. On the offense Fritz, now grad-uated, was brought back to a halfback position. With the exception of Fritz this offensive machine is still available. It is a preity well rounded combination, too, nd directed by Barrett, who is one of the best quarterbacks, punters and drop kickers in the country.

There is no disguising the fact that at captain, was also a morning visitor

Lansdowne Golfer's 85 Was Nine Hundred and Forty-Best Score for First 18 Holes at the Philadelphia Cricket Club's Annual Event at St. Martin's.

ST. MARTIN'S, Pa., Sept. 17 .- Although the condition all around could not possibly have been more favorable, for some reason or other the early starters in the qualifying round of the annual invitation tournament of the Philadelphia Cricket Club here today turned in very poor

J. J. Keenan, Jr., of Lansdowne, so far holds the lead, with a round of 85, and H. H. Newton is a close second with \$6. Keenan played the more consistent golf of the two, with 42 going out and 43 coming in. Newton got off to a bad start, and took 47 strokes for the first nine holes, but coming in played very fine golf and took only 39 strokes for the last nine. The cards follow: Keenan-

BRYN MAWR SHOW ENTRIES EXCEED FORMER RECORDS

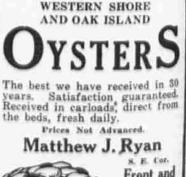

five Horses and Ponies in Ninety-nine Clases to Be

Judged September 21. Analysis of the entry lists for the Brya Mawr Horse Show, to be held Septem-ber 21, emphasizes the fact that this 20th carnival event will far exceed in size and importance any previous exhibition. There are 945 horses and ponies entered, comparing with a previous record of \$25. When the post entries in the various classes in which such entries are accepted

will be added, the total should be well Of the total of 99 classes, 38 are for hunters and jumpers, and in these classes there are 554 entries. In other years the number of entries in any one class never exceeded 35, but this year the sumping class for green hunters has 46 entries, the jumping class, open to all, has 43 entries, and two other jumping classes have 3 entries each.

In the 24 classes for harness horses there are 119 horses entered, and in the 18 classes for saddle horses the entries total 169. The many new classes are ranged for ponies, 16 in all, have attracted a record number of 86 entries. Considering the fact that this is the first time that draft horses have been invited to exhibit at Bryn Mawr, the 17 entries in the five draft classes is also a represent tative showing. Entries for the first annual Bryn Mawf

Hound Show, totaling 289 dogs, far exceed the expectations of the organizers of this first attempt ever made in America to provide an opportunity for competition among fox hounds and beagle The hound entries are divided as follows: American hounds, in the ten classes, 18; English hounds, eleven classes, 44 entries, American-bred English hounds, six classes, 19 entries; half-bred hounds, nins classes, 29 entries, and in the eleven classes. es for beagle hounds there are \$1 entrie
