HINDENBERG IN SUPREME

Germans to Follow Advantage By Advance Against Warsaw

VIENNA, Sept. 18. Advices received from East Prussia now that General von Hindenberg is aking a supreme effort to annihilate the ssian armies of General Rennenkampf. His troops have succeeded in driving a good part of the Russian force into marshy lands from which they have been unable to extricate themselves.

It is plain that it is the intention of the mans to Invade Russian Poland, and activity in East Prussia now is for he purpose of so crushing Rennenkampf's crimics that there will be no danger of a Russian attack on the German flank when the Germans move against Warsaw.

GERMANS SCATTER

cates the Enemy in Darkness, Writes Private in British Army.

LONDON, Sept. II (By Mail to New York

Sept. 18). That the Germans are employing scarchlights at night to learn the position of the British troops opposing them cepted as truth in this country concern- I and use their artillery even after dark-Private Edward Strong, with the British

much ammunition they waste," says the to out that the Russians were comins, away for nine solid hours at a position

they are little use at any other form of fighting. We find, too, that the Germans are less inclined to fight, and when we approach them, they surrender often, rather than fight us. I think they have been badly shaken by their hard march-

On Sunday, August 24, we came in connot knowing that they had been us 10 to 1. For three hours their shells vere terrific, but toward evening our artillery checked their murderous fire. Darkness fell at last much to our relief and the fire slackened considerably, but not altogether, for the Germans brought a powerful searchlight into operation and

harassed us through the night.
"About 2 o'clock we got orders to retire.
It was then that I felt some pain, and I had to hop on one foot until I reached an ammunition wagon. Daybreak found us out of danger. Later they came over the country in massed bodies. They must have lost terribly. Our losses were in-

"We were firing at 300 yards' range, with fixed bayonets ready to charge, but the German infantry didn't want any of this, They seemed to depend on their artillery and machine guns.

on Monday we had a little respite. On Tuesday we were into it again. Wednesday at daybreak it was started over again, and here the Germans gave us what ho! Our casualties at this point vere awful, about 3000 or more. J. Harris, of the Worcestershire regi-

nent, writes: "I was in the battle of Mons and St. Quentiu, and I can tell you South Africa was a picnic to that. It was like hell upon earth for a few days, but we gave them a lesson they won't forget. That was the first action for us, and the Germans got quite a when they bumped against Tommy

Their losses were enormous, compared with ours. They lost at least 20,000 in one day. We simply mowed them down in heaps. They had about 190 big guns hereafter they would not be informed along the front turned on us from morn-whether or not their dispatches had been age to us. Their infantry is a 'washout' with Kalser had his finest troops at Mons, and teld his staff to pay particular attention to us, but I expect they thought se were het stuff after they made our requaintance. What we did in that threa weeks English people at home will never We were marching and fighting be fergotten among the refugees of rance and Belgium."

> PARIS, Sept. 18 (4:25 p. m.) After raging for nearly six full days the battle of Aisne has reached its cul- vancing in Central Poland. minating point. It is to be decided by the artillery duel that continues with a hail of shrapnel from the guns of the Germans and the allies, devastating

The allies have no intention of sacrific them against the strong German posttions. It was decided at a conference between General French, General Joffre and Minister of War Millerand that the issu is to be decided by the artiflery. They have no doubt as to the outcome.

"Our artillery already has determined its superiority," said a high Government official this afternoon after returning from General Joffre's headquarters. "The Germans cannot withstand it much

longer. Their inferiority in marksman-ship has been demonstrated. "At the first sign of a sharp break or The infantry will follow. They

them. are in such a position that they win to escape a debacle. Our position is such that they cannot win. "As the German right now lies its position is extremely strong, but it cannot

resist the continuous artillery fire for-ever. It is a position bounded by the towns of Noys, Solssons, Laon and La Fere. This we have learned through the daring of our aviators.
"On the natural redoubt formed by the heights the Germans have brought their contingents of devastating heavy artillery. Their lines of communication

are intact "The French position is equally strong and our fine guns are now pouring a hail of shrapnel on the enemy from the southern heights of the Alsne allies win the Germans will cer Germans will certainly be driven from French territory altogether,
