The trouble was that the recipe for transforming their potential energy into kinetic could not be discovered. For the time being, at least, this transformation has taken place, but unfortunately the exact cause is hard to ascertain. Possibly each man realized simultaneously that he was not putting his whole ability into the game. That would be sufficient to explain their splendid work of the past seven days.

Outside of the feeling of general sat-isfaction over the eight consecutive vic-tories, local fans rejoice with Grover Alexander at his success. The invinci-ble right-hander has brought his winring mark up to 25 games, two of which were won in the nast week. Those 25 winning shots fired into the ranks of the allied enemy give Alexan-der \$1000, the bonus promised him by the Philadelphia club if he would win 25 games for them during the season

More strongly than anything else do the figures for the week indicate the flying pace which the Phillies have been setting. Last Monday morning the locals were in sixth piace and were exactly nine games behind the Cubs the club which at that time stood in fourth notch. Today the Phils are in fith place, but what is more important than this is that they have cut down their distance from the first division to their distance from the first division to four and a baif games, that is, they have split the lead of the tourth place team in two in the course of a week. The Cardinais, who have been replaced in third position by the Cubs, are not only just four and a half games about of the Phillies, but, judging by the brand of ball put up by the contending clubs here on Saturiay, they are apt to have their lead cut down to two and a half games before departing.

This afternoon and tomorrow the Phillies and Cardinals meet in their final contests of the year. The games will contests of the year. The games will begin at 3 o'clock at the National Leavue Park. Should the locate continue their splendid playing of hist week they will have better than a fighting chance for the first division, where on individual merit they certainly should finish. Both Gans and Loughrey are boxers of the rugged type, depending more on their ability to deliver a punch than to avoid one. Both boys have their eyes turned championshipward now and hope to get in that division in a short time. ### BETTER BASKETBALL SPORT IS PROMISED **DURING THE SEASON**

Coach Crowell, Formerly Working Agreement Between Eastern League and New York State Organizations Will Help.

> Basketball followers are assured of better sport both in this city and State and New York, as the managers of the six clubs of the Eastern League and the leaders of the clubs of the New York State League have formed a National Commission. The commission came as the direct result of the New York State League having its players signed by Eastern League magnates and by the jumping of contracts. Both leagues signed an agreement yesterday in New York.

The schedule will be arranged by the two presidents, namely, William Jacob Scheffer, of the Eastern League, and A. Stack, of the New York State League. Another agreement was that any club of either league violating any part of the agreement would be fined \$100, which will go to the league not at fault.
There was some little discussion over

the players who have been signed by the Eastern League clubs. New York agreed to let Reading retain Boggio, who formerly played a forward posiwho formerly played a forward posi-tion on the Gloverville five. Frankel, who had been released by a club from New York and signed by Trenton, was allowed to remain with the Bengals, who in return turned back Clinton and Henschel to the New York League. Roy Steele, who jumped to the Camden team, was allowed to remain in the Eastern organization. Sedran, who had signed with Greystock and who was on the reserve list of the Utica five, will be allowed until September 26 by the commission to decide with which team he will play. Mackmen Have Pennant Virtually Won-Red Sox Gained One Full Game on Leaders Last Week.

CLEVELAND, O., Sept. 21.-While the National League race is being waged so fiercely in the East the Athletics are doing little more than playing out the schedule. While it is still mathematically possible for the Red Sox to overtake the Mackmen, the games of the American League are not being played on a gravoned blackboard, but on the diamond, and there the champions are supreme. The series which began here yesterday resulted in a victory for Connie Mack's team, and despite the fact that the Red Sox took a double-header from Detroit

One week ago the Athletics were leading the Boston club seven and a half games, while today they are leading by six and a half. The loss of one game in the 'won" and "lost" column, however, is too small an item to even be considered dangerous, according to the way the White Elephant players feel about the matter.

The American League clubs in the West are dated to meet the same opponents this afternoon that they played yesterday. The Athletics will put their time in today giving the Naps an exhibition of the pastime, while their rivals, the Red Sox, will again endeavor to beat the

If there is any one who thinks that the mighty Bender is going back they should have seen him yesterday working against the Clevelanders. His control, speed and curves were of that same disconcerting type that broke the hearts of thousands of New York followers last fall. It is, therefore, more than reasonable to sup-pose that when the batteries are announced for the first world's series game of 1914 Connie Mack will pass over to the umpire a slip of paper with the names of Bender and Schang written thereon, to oppose James and Gowdy, or Mathewson and Myers.

The coming week will see the first foot-ball games by all the members of the "Big Six." All look to have fairly easy opposents for the first games, though Cornell men are living in some trepldation over the outcome of Saturday's game with the University of Pittsburgh. Cor-nell will have a warming up for this contest by playing Ursinus on Wednesday their only mid-week game of the 1914 sea-son. Last year Pittsburgh beat Cornell by the score of 20-7, this game being the sixth on the Cornell scedule. A year ago Cornell opened with Ur

But that game wit Pittsburgh threatens to be a contest of nother character. Cornell blames most of the Pittsburgh's Di points hast year ner a man who was fit for an end post tion on any all-American team. Pitts burgh has just as good a team this year although Cornell ought to be even atronger for this initial game than in 1912. Pijtsburgh is still being coached by Joe Duff, the old Princeton and all-Ametican guard, and his friends say he has lost none of his cunning. Likewise Pittsburgh has the advantage of an early start, and although Cornel' has done more preliminary work this year than usual the Ithacans will find Pittsburgh a tough proposition.

If last year's acore could be taken as r criterion the same between Yale and Maine should be a near championship affair, because the Maine eleven last tear had the distinction of holding Yale to a 0-0 tie. Dartmouth opens with the same eleven Saturday, and the wearers of the Green hope to roll up a more respectable score. They ought to do it, too, because their wenderful backfield of last year is intact and they have had the advantage of more than three weeks of practice. Because of the prominent place Dartmouth holds on Pennaylyania's schedule. mouth holds on Pennsylvania's schedule this year the Quakers will match their work with a great deal of interest. Dartmouth has the same coach this year, Frank Cavanaugh, the old end, a man Dr. Carl Williams pronounces to be one of the best in the country.

The game on Franklin Field will be ne first of the season, not only for ennsylvania, but for Gettysburg as well, ast year Penn beat the men from the amous battlefield by the score of 53 to 0. There will be a goodly number of experiments in the Quaker eleven this year, and for that reason it need not be expected that Saturday's scor will equal the 1913 figures. Gettysburg has the same coach as last year, the man in charge being Mauthe, the old Penn State fullback. If Mauthe has the macrial and can develop it to play as well as he played himself. Some of the men who now look big enough and strong enough to push a house over may have to be discarded yet for men weighling 20 or 40 nounds less because modern football requires men of speed and cleverness. About all that can be raid of most of this ouad of linemen is that they are making progress. It is immossible to be much more specific now. fair end was converted into a scintilla Ing back.

How the ends and backs will be play-

as end candidates and vice versa. Enough was shown in Saturday's fir scrimmage to strengthen the impressicreated by their work all week that Ge back and fullback on last year's freshman team, can only be kept off the tea by the appearance of some unusual high-class backs. Gotwals, while

student at the Central High School, wa a man of great speed and eleverness. It is faster and stronger than ever no and ought to be a splendid back. Re-Mercer, who coached the freshman elevlast year, declared that Matthews, who captained and played fullback on the team, was one of the best freshme backs he had ever seen. Matthey weighs about 190 pounds, but he seen to be the fastest man for his weight o

the squad.

The Penn coaches are still working of the problem of quarterback. Irwit Ballou and Merrill are the favorites now but it as teas in which one will be it. but it is a toss up which one will be th final selection. The coaches are givin Irwin every chance in the world to make good. Ballou has had the most exper-ence of the three and may develop int the best man when the critical game

With the return today of Avery and Bolger, last year's halfbacks, the list of varsity candidates at ennsylvania is com pleted. These men will be a strong addi-tion to the squad. Avery, while a little inconsistent last year, showed great stuff at times. With the advantage of his year of experience he should be more dependable this year. His speed and de-fensive strength may cause him to be tried out at end.

Bulger was in poor physical condition ast year, but at that showed good promse. He is also a punter of no mean abil-ity as well as a drop kicker.

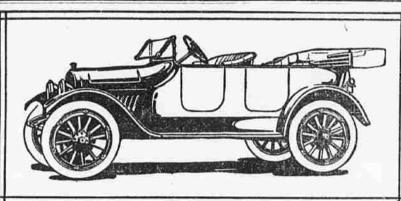

While last week was spent chiefly in conditioning work, the really heavy prac-tice will start this week, with plenty of crimmage and tackling drill. The num ber of men out for each position arous some bitter scrimmages.

No very good line on the make-up of the team can be gained yet. It is all de-pendent upon the men under fire. A man may be whirlwind in signal practice but yet lack the stuff in scrimmage. The scrubs under Coach Hornby Gas-

ton have been developing into a unified team and may be expected to put up their usual scrappy game. In Berry, who is ineligible for 'varsity, Gaston will have a valuable man. He kicks them a mile and is a streak streak with the ball, be-sides being a wonderful field general. He is also a good track man, having severa times done the half Inside two minutes.
