Appropriations by Congress in Last Two Years Carry Their Own Comment on Professions of Economy.

WASHINGTON, Sept. 21.-The subjoined table, giving the amounts appropriated by Congress for the support of the Government for the years 1913-14 and 1914-15, is compiled from the chronological history of the Sixty-third Congress, prepared by the clerks to the Committees on Appropriations of the House and Senate, cents being disregarded:

The pension appropriation, for obvious reasons, is decreased by \$1,000,000; the Military Academy bill is \$100,000 less than was allowed for last year; the sundry civil bill is down by \$6,725,000. But generally there are increases, and the comparison of total appropriations, excluding the river and harbor appropriations, for a series of years shows this distributing record:

The appropriations which are given in

detail above were made by a party in full control of the legislative and executive congrements, which won power on a platform denouncing Republican extravagance and pledging its candidates to frugal administration. The laws carrying them were passed by a majority which in the House today is framing an emerwency tax measure to maintain the revenues of the Government, while in the Senate it struggles to enact a river and harbor bill bloated with useless and indefensible projects which would appropriate at once \$53,000,000, or \$12,000,000 more than was carried by the same measure last year, and would entail future approations of sums that no man can esti-

Former Dimmick Man Says Many Will Follow His Course. Further indorsement of the candidacy f Congressman A. Mitchell Palmer for he United States Senate has been given by R. M. Many advocates and supporters of Mr. Dimmick, Mr. Little says, are now working for Mr. Palmer, In repudlation of Senator Penrose Mr. Little declared that if Mr. Penrose was Republican he himself did not wish be classed as such. FEAR OF BRITISH HOLDS NORWEGIAN SHIP IN PORT HERE

Sommerstad Said to Be Off Delaware Capes.

Mystery surrounding the delay in the sailing from this port of the Norwegian steamship Sommerstad, which cleared week ago, has aroused much speculation in shipping circles. The vessel is heavily laden with coal and general cargo usually reckoned as ship's supplies.

According to her clearance papers, she is ostensibly scheduled to sail for Cadiz, Spain. The cause of delay was not ex-plained by Captain Axelsen, master of the vessel, or its agent, William J. Grand-

Men supposed to know the port's business thoroughly when asked for an ex-planation merely shrugged their shoul-ders and laconically replied: "Isn't the British cruiser Essex lying off the Delaware Capes?"
This remark is taken to indicate that

the vessel's cargo is contraband goods and liable to seizure. Some shipping men said that the ultimate destination of the goods might be the German cruisers Dresden and Karlsruhe, now playing havoc with British and French commerce in the Carthbean See merce in the Caribbean Sea.

It has been charged that these cruisers, which have never put into any port since war was declared for a renewal of their supplies, have been receiving cargoes at sea which have been shipped from this port. An investigation into these charges develop a possibility of their truth, as four Norwegian steamships have salled from this port within the past few weeks carrying cargoes consisting of canned goods, salt beef, salt pork, bacon, ham, rice, sugar, cheese, ordinarily accepted as ship's stores in shipping business. In addition to these hey carried several thousand tons of bi-The first vessel to leave was the Nor-

In the charges that vessels leaving this port have been keeping the German cruisers in supplies, it was indicated that fabilious sums are being paid the owners for the risk. It was said that the vessels are instructed to go to a certain position at sea and there await the arrival of one of the cruisers which has

JERSEY PRIMARIES TOMORROW; BITTER FACTIONAL FIGHTS

Bull Moose Cuddle Up to Both Republicans and Democrats in Ocean County-Scars Certain to Show After the Fray.

[FROM A STAFF CORRESPONDENT.]
TRENTON, Sept. 21.—Tomorrow's primary day in New Jersey, the day when factional fights in all parts of the State will be determined, after which the Republicans, Democrats and Progressives will settle down to the work of trying to elect their respective candidates in the fall election. The Bull Moosers as a party are virtually eliminated in New Jersey Reported Delay in Sailing of this fall. In Passale and Ocean Counties they have combined with the Democrats, which fact alone is taken to mean the death knell of the Rooseveltians as a Due to Presence of Essex party of weight. The fights within the Democratic and Republican ranks, however, are numerous, and some of them are bitter.
In the primary fight in Hudson the

voters will be called upon to decide which of two brands of Wilson Democracy they want. For the time being also, at least, want. For the time being also, at least, will be settled the question of the supremacy in the country between the factions of Naval Officer H. Otto Wittpenn on oe side ad oGvernor Fielder on the other. Wittpenn has a complete county and congressional ticket in the field, under the standard of "Progressive Democracy" and the ticket against him "anti-boss" ticket. Fielder, who is from Hudson, is not taking an active interest in the pre-primary fight, but it is generally believed that he is staking his interests on the legislative ticket in the field which is against Witt-

FIRST CONGRESS DISTRICT. In the First Congressional District, consisting of Camden, Gloucester and Salem Counties, Representative William J.
Browning, the Republican incumbent and
candidate, has no opposition within his
own ranks. He carried the district in 1912 under the most unfavorable party conditions and he is expected to win the election with small effort. Camden County from a Republican standpoint is in good shape, more than 6000 names having been placed on Senator William T. Read's petition. Senator Read, Republican, is running for re-election in that county to the State Senate and he is believed to have every chance for success, H. Graham Bleakley is the Democratic senatorial can-

didate for the nomination, and B. H. Red-field, the Bull Moose aspirant. Sheriff Joseph E. Nowrey, Democrat, is one of the candidates for the Demo-cratic congressional nomination in the First District, and Harry C. Richmond is another Democratic candidate. Nowrey, it is declared, will get the solid Democratic vote, eliminating Richmond almost en-tirely. George H. Higgins is running as a Progressive-Roosevelt candidate, and George D. Chenowith as an Independent-Progressive candidate, but their vote it is

believed will be scattering. In the Camden County Republican con-test for the Assembly there are five candidates for thethree places on the ticket. These candidates are Assemblyman John B. Kates and Garfield Pancoast, and John H. Fort, Charles Wolverton and Dean S. Pressey. The Democratic candidates are Herbert W. Royal, Ralph W. Wescott and David G. McGear. The Progressive Assembly ticket consists of Louis B. Ladue, Edmond West and Arthur Litter. Senator George W. F. Gaunt, Republican, from Gloucester County, who is

Allen, the Republican candidate, has no opposition in the primaries. Chalkley Haines is the Progressive candidate. Progressive candidate.

IN THE SECOND DISTRICT. In the Second Congressional District the fight is very bitter in the Republican ranks. It is concentrated in Atlantic County, although Burlington, Cane May and Cumberland, the other counties of the district, have been drawn juto it. The four Republican candidates in the

It is not unlikely that Bacharach may get the nomination under the present primary tactics, but Republican leaders, or at least some of them, think that the nomination of White or Lewis would probably be the best thing for the party. The Democrats have no fight in their ranks as far as the congressional nomi-nation is concerned in the Second District. Representative J. Thompson Baker is their candidate for renomination. The Progressives, whose standard bearer is William H. Bright, are showing possibly more vitality in that section, relatively speaking, than elsewhere in the State.

In Atlantic County all other issues are dwarfed in the congressional battle and the congressional candidates and and the congressional candidates and their friends are at each others' throats. forgetting almost entirely in the intensity of their fight the Republican party, Carl-ton Godfrey and B. E. Whitman, Republicans, who are running for the Assembly, will be elected to that body. The Dem-ocratic candidates for the Assembly nom-

ination are Richard P. Bloom, John C. Magee and William Carlton. In Cumberland County there is a lively fight on for Sheriff in both primaries with general good nature on the Republican side and some factional feeling among the Democrats. The Cumberland County Democracy is divided into the Ackley and anti-Ackley factions. Senator John A. Ackley, Democrat, will serve until 1917, but the faction against him is growing, it is reported. The Assembly candidates for the Republican nomina tion in this county are R. W. Sheppard and Arthur S. Craig, who are opposing each other. On the Democratic side the opposing candidates are L. W. Errickson, Walter P. Glaspey and David H. Johnson. There is quite a fight over county offices in Burlington County. Assembly-man Robert Peacock, Republican, is unopposed in the primaries. His Democratic opponent will be W. D. Cowperthwalt, and George W. Gillingham will run as a

intion. Assemblyman Lewis T. Stevens Republican, is unopposed for renomina-tion as the Republican candidate for the Assembly.

DOUBLE-BARREL FUSION. In the Third Congressional District, con-

sisting of Monmouth, Middlesex and Ocean Countles, Representative Thomas Scully will be renominated by the Dem-erats. The Republicans seemed unable o get a strong candidate against him. Finally W. Burtis Havens, of Ocean County, was induced to enter the contest, but the Business Men's League, of Asbury Park, thought the nomination of Hetrick, a Progressive, advisable, and word has been received here of Havens' withdrawal

In favor of Hetrick.

There is a bitter fight on in Monmouth County among the Democrats over the senatorial nomination. Henry E. Acker-son, Jr., backed by Secretary of State Crater and the Wilson Democrats, is being strongly opposed by Thomas P. Fay, of Long Branch, who is running as an anti-Wilson, anti-Crater candidate. Fay claims that he has been pledged enough support to get the nomination. The Republican candidate in Monmouth is T. Frank Appleby, who has no opposition for the nomination. Joseph G. Coleman is the Progressive senatorial candidate. The Assembly situation in Monmouth presents no unusual features.

In Ocean County the Democratic Assemcandidate, James E. Conley, is also the Bull Moose candidate for the nomnation, the Democrats and Progressives having combined in that county. Assemblyman David G. Conrad, Republican, will be renominated to the Assembly. There are four Republican and five Demcratic candidates for the three places on

the Middlesex County Assembly ticket. Four Republicans, two Democrats and Progressive are seeking the congres-tional nominations in the Fourth District, comprising Mercer, Hunterdon and Som erset Counties. The Republican organiza-tion is behind ex-Senator E. C. Hutchin-son, it is said, but he will be given a

son, it is said, but he will be given a hard race by William E. Blackman, a young lawyer of this city.

Hutchinson, it is declared, will lose many votes because he previously lined up with the Bull Moose. William Delaroche Anderson, of Somerville, and Frederick A. Pope, of this city, are making a fight for the Republican congressional omination, but it is likely that the nomination will go to either Hutchinson or Blackman. The Democratic candidate is Representative Allan B. Walsh, who is standing on Wilson's principles to win him re-election. He is opposed in the primaries by Charles J. Drake, whose candidacy is not regarded seriously. J. Wiggans Thorn, a Progressive, will be nominated.

LIVELY CONTEST IN MERCER. For the Mercer Assembly Republican ticket with three places, there are nine candidates, and on the Democratic side there are five. The fighting on both sides is lively, but friendly. There is considerable bitterness, however, among both Democrats and Republicans over the Sheriff's contest. The Republicans have ten candidates in the field and the Demo-crats two. There is also a Progressive. J. Warren Fleming and Assemblyman Hervey S. Moore, of the Republicans, seem to be leading, while J. G. Coleman. The four Republican candidates in the field for the nomination in the Second Congressional District are Assemblyman Emerson L. has a senatorial Somerset among both Democrats and Republicans. Speaker A. M. Beekman, of the House of Assembly; William V. Steele and F. G. Thomas are the Demogratic aspirants, with the chances probably favoring Bookman, and on the Republican side Senator William W. Smalley is unopposed for the nomination. The Bull Moose candidate is Charles C. Kenyon, who is running on a Progressive-Republican ticket.

Ex-Representative Charles N. Fowler.

lican congressional nomination in the Fifth District. He is opposed on the Republican side by the Rev. William Torrence Stuchell and John H. Capestick, but Fowler is believed to be the strongest man. Representative William E. Tut-tle is out for renomination, and he is opposed by Thomas J. Pierson. George W. V. Moy is the Progressive candidate. and there is also a Socialist in the field.

PRINCE'S EYE ON THE FUTURE. In the Sixth District, comprising Warren, Sussex and Bergen Countles and two townships of Passale, Dr. John D. Prince, Republican, formerly president of the State Senate, is running to help the party. He has an eye on the gubernatorial chair, and if he wins his way to Congress he may develop into good tim-ber. His chances are good over his Reber. His chances are good over his Ac-publican opponent, Major S. Wood Mc-Chave. Representative Archibald C. Hart has no opposition on the Demo-

In the Seventh District, Representative Dow H. Drukker, Republican, who succeeded the late Robert G. Bremner, Demceeded the late Robert G. Bremner, Democrat, to Congress, turning the district Republican by an unusually large majority, will get the nomination without opposition. The Democratic nominee will be Walter C. Cabell. There are 12 Republicans seeking the Assembly nomina-tion in Passaic County, five Democrats and Progressives combined and two Democrats. Passaic has five Assembly Rep-

resentatives.
Edward W. Gray, formerly secretary to ex-Governor E. C. Stokes, is believe to be a strong candidate for the Reput lican nomination from the Eighth Dis trict, which lies partly in Essex and partly in Hudson Counties. He has two Republican opponents, and in the Demo cratic ranks there are two Wilson Demo-crats opposing each other. The Ninth and Tenth Districts, which lie in Essex County, are also interested in primary congressional contests. Representative Walter C. McCoy, Democrat, wants to be renominated, and he has clear sailing. R. Wayne Parker is considered the strongest of the Republican aspirants. Representative Edward El Townsend Democrat, of the Tenth District, will be opposed at the Democratic primary for

the renomination by two Democratic candidates, Michael J. Tansey and Colonel James C. Spriggs.

NO FIGHT IN ELEVENTH. There is no primary fight on in the 11th Congressional District, from which John J. Egan, Democrat, is the present representative. He will be renominated, Jacob Straus will be the Republican nominee. In the 12th District, which, like the lith, lies wholly within Hudson County, there is a warm congressional fight both sides, Representative James A. Hamill, Democrat, is opposed by Arthur F. McGrath, and there are four Repulslicans seeking the nomination. J. Fisher Anderson, another candidate, is running as a Progressive and Republican.

The old Smith-Nugent faction in Essex will do its utmost to control the Democratic Assembly delegation, and the Wittpen and Fielder forces are at work in Hudson. One of the greatest lights in the northern part of the State is the Sheriff's contest in Hudson, in which Representa-tive Eugene F. Kinkead is making a great furore in the Democratic ranks. opposed by three Democrats in this ht. There is another fight on in both parties over the County Clerkship of Hudson. In Essex a Sheriff and a Surro-gate are to be elected this fall, and the primary contests there are being stren

CONFESSES ANEW TO MURDER TO SAVE MAN NOW IN JAIL

Jersey Pardon Board Will Consider Burd's Story in November.

TRENTON, N. J., Sept. H .- Confessing a second time to the murder of Manning Riley in 1907, in order to save John Edward Schuyler, convicted of the crime but believed to be innocent, Frank Burd, a convict in the State prison here, has again placed his own life in danger. Burd's first confession was made on September

The first confession was ignored by Prosecuting Attorney Richard Kuhl, of Fleminaton, and a Grand Jury, acting under directions from Governor Fielder, refused to indict Burd for the crime. The second confession will be presented to the board which will review Schuyler's application for a pardon. The board meets in November.
