But generally there are increases, and the comparison of total appropriations, excluding the river and harbor appropria-Hons, for a series of years shows this distributing record:

The appropriations which are given in

The laws carrying them were passed by a majority which in the House today is framing an emergency tax measure to maintain the revemues of the Government, while in the defensible projects which would appropriate at once \$53,000,000, or \$12,000,000 more than was carried by the same measure last year, and would entail future appropriations of sums that no man can esti-Neither denunciation nor protest need

Bewildered by the approach of two ex-press trains on the eastbound tracks of the Pennsylvania Railroad, between Bryn Mawr and Rosemont, this morning, Michael Barber, a workman employed on the electrification project, was unable to get out of the way and was killed. Barber was about 45 years old and lived at 4426 Marvine street. He was married and had two sons.

JERSEY PRIMARIES TOMORROW; BITTER FACTIONAL FIGHTS

Bull Moose Cuddle Up to Both Republicans and Democrats in Ocean County.

[FROM A STAFF CORRESPONDENT.] TRENTON, Sept. 31 .- Tomorrow's primary day in New Jersey, the day when factional fights in all parts of the State will be determined, after which the Republicans, Democrats and Progressives will settle down to the work of trying to elect their respective candidates in the fall election. The Bull Moosers as a party are virtually eliminated in New Jersey this fall. In Passale and Ocean Counties they have combined with the Democrats, which fact alone is taken to mean the death knell of the Rooseveltians as party of weight. The fights within the CONFESSES ANEW TO MURDER Democratic and Republican ranks, however, are numerous, and some of them are bitter.

In the primary fight in Hudson the voters will be called upon to decide which of two brands of Wilson Democracy they want. For the time being also, at least, will be settled the question of the supremacy in the country between the factions of Naval Officer H. Otto Wittpenn on one side and Governor Fielder on the other. Wittpenn has a complete county and congressional ticket in the field, under the standard of "Progressive Democracy" and the ticket against him is the "anti-boss" ticket. Governor Fielder, who is from Hudson, is not taking an active interest in the pre-primary fight, but it is generally believed that he is staking his interests on the legislative ticket in the field which is against Witten ticket in the field which is against Witt-

ewn ranks. Sheriff Joseph E. Nowrey, Democrat. is one of the candidates for the Demo-cratic congressional nomination in the First District, and Harry C. Richmond is another Democratic candidate. Nowrey, it is declared, will get the solid Democratic vote, eliminating Richmond almost en-

tirely.

In the Second Congressional District the fight is very bitter in the Republican ranks. It is concentrated in Atlantic County, although Burlington, Cape May

county, although Burington, Cape May and Cumberland, the other counties of the district, have been drawn into it.

The four Republican candidates in the field for the nomination in the Second Congressional District are Assemblyman Emerson L. Richards, Isaac W. Bacharach, ex-Senator Griffith W. Lewis and Senator Blanchard H. White. The war, artistical seconds of the county of th particularly between Richards and Bach-arach, is to the knife.

The old Smith-Nugent faction in Essex will do its utmost to control the Democratic Assembly delegation, and the Wittpen and Fielder forces are at work in Hudson. One of the greatest fights in the northern part of the State is the Sheriff's great furore in the Democratic ranks. Is opposed by three Democrats in fight. There is another fight on in parties over the County Clerkship of Hud-son. In Essex a Sheriff and a Surro-gate are to be elected this fall, and the primary contests there are being strennously waged.
