Mr. Quay's attitude, it is pointed out, is particularly significant in view of his personal friend-ship for Colonel Roosevelt and his posi-

Adolph Segal left St. Joseph's Hospital at 3:15 o'clock this afternoon in an automobile, according to Sister Agnes, the assistant superintendent. No word was left with hospital officials as to his destination and at the State Hospital for the Insane at Norristown Dr. Miller, the chief resident physician, declared that he had not arrived late this afternoon. He declined to give any definite information as to when Mr. Segal was expected to reach

Every effort was made to keep secret the departure of the former financier, who has been pronounced hopelessly insane by two physicians and for whom commitment papers to the State Hospital were made out last week by Magistrate Joseph Call on application of Berl Segal, the son, and Mrs. Segal. Adolph Segal was taken from St. Joseph's Hospital by the rear entrance. A powerful automobile was waiting and in this he was whisked away.

A fight by creditors against the com-

"It will be necessary for Segal's attorneys to show at the creditors' meeting Thursday why he was sent to Norristown, if he has been sent by that time, and to furnish proof of his insanity." When Mr. Wessels was asked today if he believed Segal has any assets out side of the 75 cents scheduled, he said: "I have my own opinion as to that, but cannot say until the investigation farther. If there are any assets they probably will be hard to find."

A similar statement was made by Mr. Douglass. He said: "Though we feel that Mr. Segal has some money, the creditors are tired of putting up funds on such a slight chance of recovery. I think it will be up to Segal's attorneys to prove that he is neane at the meeting Thursday.

A hearse and one cab drove away from 384 North Lawrence street this afternoon. To the casual observer it meant nothing more than a funeral—a common occurrence—but to the widowed mother, who, bowed with grief, clasped a little son to her breast as the cab rumbled over the cobblestones, it seemed almost the end of hope. And to her neighbors, who watched with bared heads the sorrowful little procession, it represented a sacrifice such as only sympathy could evoke.
