

PEACE IMPOSSIBLE AT PRESENT, SAYS SENATOR LODGE

Convinced by Trip Abroad That War Must Be Fought to Decisive Issue—Urges Neutrality.

NEW YORK, Sept. 22.—Henry Cabot Lodge, accompanied by his wife, returned from Europe this morning on the Olympic, after somewhat of a trying experience on the Continent. Senator Lodge said:

"I am chiefly interested in having the United States maintain strict neutrality. I mean a neutrality which is not relaxed at one point to help one belligerent and tightened at another point to harm another belligerent, but a neutrality that is absolutely honest and equally rigid toward all belligerents. The time may come, I hope it will come, when our good offices may be effectively used for the restoration of peace, but this time has not yet come.

The Olympic also brought several prominent financiers, who have been spending some time in England and on the Continent. Among them was George F. Hoopes, chairman of the board of directors of the First National Bank of this city, who returned after a stay in England of several months.

FIREMAN'S GOAT TIED TO TREE

Engine Company No. 7 Leaves it There After Hard Run. The great Engine Company No. 7, Frankford avenue and Rowan street, was got last night. It is firmly tethered to a big tree in the city park on Nicetown lane, east of G street.

1000 Cigarettes as Booty

Accused of stealing more than 1000 cigarettes from the cigar store of Philip Johnson, York and Woodstock streets, John Thompson, 27 years old, 4033 Thompson street, was held in 1860. Thompson was taken to the police station for court by Magistrate Morris this morning. Thompson asked to use the telephone in the store, and while he left his coat, the cigarettes were found in his pocket.

DECISION WITHHELD IN SUIT OF OPTOMETRISTS

Court to Decide Question of Exemption From Examination.

President Judge Willson and Judge Auditor, in Court of Common Pleas No. 4, are holding over advisement the question of whether optometrists should be exempt from the rules of the State Bureau of Medical Education, following the hearing of argument on the point today. Alexander Martin and Otto G. Hausman, practicing optometrists, applied for an injunction in behalf of themselves and about 1000 others to restrain the State bureau from enforcing regulations adopted in 1912. Deputy Attorney General Wolf and Cunningham supported the powers of the board, and Owen J. Roberts appeared for the complainants. Wolf explained that the defendant had been filed against the bill for an injunction, attacking the suit on technical grounds. The new regulations call for more exacting standards, physiology and practical and theoretical optics.

WOMEN'S FIGHT FOR CLEAN BREAD LACKS THE LAW'S BACKING

State Department Rules It Cannot Enforce Compulsory Wrapping of Food Asked for by Local Associations of Workers.

The efforts of hundreds of women in Pennsylvania and particularly in Philadelphia to compel food dealers to be more careful in the display of food in stores, particularly the sanitary wrapping of bread, has received a severe setback in the public announcement of a ruling by General Counsel Woodward, of the State Department of Agriculture, extracts of which are printed by Food Commissioner James Foust in the current issue of the official Food Bulletin of the department.

Mr. Woodward rules that the law forces any successful prosecution to the point where it must prove that the food is handled in such a way that it is rendered contaminated, not in such a way that under certain conditions it might be rendered so. For months the Civic Club of Philadelphia, with the support of the New Century Club, the Philomusic Club, the Home Economics Association of Philadelphia and the Woman's Organization of the National Retail Druggists, have been trying to obtain a ruling that would force the wrapping of bread, believing that in many cases disease is carried through the medium of exposed bread.

U. S. TO GET ALIENS JOBS

Employment Bureaus to be Established in Cities by Government. What has long been sought by students of the immigration problem, particularly as it concerns the employment and distribution of labor, is now about to be realized in the contemplated establishment by the Government of immigration and employment bureaus in 18 of the big industrial cities of the country. One of these bureaus will be established in this city, in conjunction with the local immigration station, and will include the district of Pennsylvania, Delaware and West Virginia. Preparations are already under way for the establishment of the bureau, declared Commissioner of Immigration Greenwalt today. Mr. Greenwalt will have supervision of the new bureau, although one of his assistants will be placed in active charge of the work of finding employment for newly arrived immigrants. The latter will receive from the bureau free information on employment matters. This, he is expected to do, will materially reduce the number of unemployed aliens, with many of whom unemployment is chronic. By interchanging information, the bureau in the industrial centers of the country will co-operate with each other in moving and distributing the unemployed and equalizing the labor market. The plan is to bring the man to the job and the job to the man. The work will be conducted under the general supervision of the Department of Labor.

"PORK BARREL" CUT BY SENATE CAUSES PROTEST IN HOUSE

Friends of Projects Not Included in \$20,000,000 Appropriation May Revolt and Defeat Measure.

WASHINGTON, Sept. 22.—Murmuring of a revolt in the House against the \$20,000,000 and harbors appropriations to \$20,000,000 by the Senate today were heard among friends of projects left out of the measure. This brought the suggestion from Senators favoring waterway improvements that even the \$20,000,000 appropriation might be put in jeopardy before the matter finally is closed. A strong sentiment was apparent on the House side which indicated that the Rivers and Harbors Committee of the lower body might disagree to the Senate measure. It was pointed out that the return to the Senate by the House of a bill differing from that passed by the Senate with the temper of the Senate still on edge as a result of the filibuster, seriously might threaten the passage of any waterways bill. The bill as passed provided for the allotted amount to be expended under the direction of the Secretary of War and the supervision of the Chief of Engineers for the preservation and maintenance of existing rivers and harbor works and for the prosecution of such projects heretofore authorized as may be most desirable in the interests of commerce and navigation under the most economical and advantageous in the prosecution of the work.

NEGRO WOMEN ARRESTED

Must Account for Strange Death of a Railroad Trainman. ALLENTOWN, Pa., Sept. 22.—Three Negro women are under arrest, and the police are looking for two Negro men in connection with the mysterious death of Orlando Miller, a railroad trainman, 23 years old. He came to police headquarters and said Mrs. Susan Douglas, when he asked her for a drink at her house, had given him carbolic acid instead of gin, but he exonerated her. By the time he was rushed to the hospital he was dead.

LIVE STOCK AND GRAIN BURNED

BORDENTOWN, N. J., Sept. 22.—The outbuildings of Frank Haines, at Columbia street and 17th street, were burned this morning. The fire started in a stable and spread to the other buildings. The loss is estimated at \$10,000. The fire was caused by a spark from a locomotive engine.
