ORGANIZED REVOLT AGAINST SMITH AN ANTI-PENROSE STEP

Members of Republican Ward Committee Would End Former Postmaster's Leadership.

thip of former Postmaster Thomas B. Smith, with a closely allied anti-Penrose of the Republican Ward Committee. The first steps in the move to oust Smith have been taken by Washington party

Smith is a resident of Gienside and, according to those leading the revolt, for a number of years has not had the right to vote in the 25th Ward or to maintain his leadership there. Despite his Glenside residence, Washington party men assert he has continued to vote in the 18th Ward and has been the actual Republican leader. Republican committeemen declare they do not object to his voting there, but oppose strenuously his methods in enforcing his leadership. As a concrete illustration of his autocratic. control, one member of the Ward Com-mittee today pointed to the election of Jeseph Smith, Thomas B. Smith's brother,

as chairman of the Ward Committee.
Thomas B. Smith never had been a
member of the Ward Committee until he was chosen chairman," the protesting com-mitteeman declared. "We were not asked whether we would accept him, but the word was passed out that he was to be placed there and we had no choice but to elect him. Please don't give my name. for if they knew I was fomenting a re-voit I would be custed before many days." A meeting of the Ward Committee has been called for tomorrow night when the entire question probably will be threshed out. The prime movers in the revolt admit that as yet they are a minority in the Ward Committee and declare that unless they can win others to their way of thinking, the protest will be futile. At present there are 72 members of the Re-publican Ward Committee. More than 20,

is claimed, are in sympathy with the Anti-Smith movement.

While there have been no open negotiations, co-operation between Washington Party men and the revolting Republicans in the ward is admitted. On the second registration day, September 15. William F. Kiefer, a jeweler, Washington Party registrar and coma Washington Farry Smith on his at-mitteeman, challenged Smith on his at-tempt to register from the 16th division of the 28th Ward. The challenge was

based on Smith's Glenside residence. Smith immediately made affidavit that the was a properly qualified resident of the 18th division. He was then allowed to register. The matter was brought before the Committee of Seventy and they intend to make a thorough inves-tigation. If the facts warrant they will take the case to the courts.

One point in common between the

Washington Party followers and Republicans in revoit is a strong anti-Penrose sentiment. This is admitted by both sides. "The leadership of Mr. Smith in our ward," one of the Repub-lican committeemen stated today, "is for nothing else than to create a Pen-rose candition, and the feeling of the majority of the Republicans here is not

too warm for Mr. Penrose."
If the revolt gains sufficient strength
to act against Smith, it is believed one of the first steps will be to ough Milton K. Reedmoyer, the Republican City Committeeman from the 28th Ward. To so this would require a two-thirds vote the ward committee.

One Applicant for Place Where Contagious Diseases Are Treated. Only one physician made application to the Civil Service Commission for the \$3000 post as superintendent of the Philadelphia Hospital for Contagious Diseaser. Con-

FEAR STEFANSSON AND COMPANIONS ARE LOST IN ARCTIC

Explorer and Two Men Set Out on Exploring Trip Over Ice Last April—No Word Since.

NEW YORK, Sept. 23.-A special dispatch to the New York Times from R. M Anderson, of the Canadian Arctic Expedition, dated Baillie Island, N. W. T., August 21 via Nome, Alaska, September 22, says Vilhjalmar Stefansson, the Arctle explorer, and his two companions, Vorkereson and Ole Anderson, have not been heard from since the supporting party returned from Iceland early last

Stefansson and the two men started out from Martin Point on a journey of discovery over the ice in a supposed attempt to reach the coast of Banks Island. In the opinion of Mr. Anderson it is loubtful if they succeeded in getting far to the northward, on account of the prevailing strong easterly winds and general westward offshore currents. There and been much open water off shore from Baillie Island all the spring.

Captain G. H. Walkins, in command of the schooner Mark Sachs, which is on her way to Banks Island to search for Stefansson and his companions, was last reported on August 19 near the mouth of the Hermon River, in Franklin Bay.

MRS. MAURY I. DIGGS BEGINS DIVORCE SUIT

Wife of Californian Cites Two Es-

capades in Action. SACRAMENTO, Cal., Sept. 23.—Mrs. Maury I. Digga' suit for divorce came up in the Superior Court here today. Her petition cites two escapades with women

Volved.

The first of these was the notorious case in which Marsha Warrington, F. I'rew Caminetti and Lola Norris figured with Diggs, resuiting in the prosecution of Diggs and Caminetti on charges of violating the Mann white slave law, in convictions and in sentencing of the two young men to terms in the penitentiary, not yet enforced on account of pending of yet enforced on account of pending

The second was an incident in which the names of Diggs and several men companions were linked with that of Ida Pearring. They were tried on accusation of offenses against a minor, but their defense, not only on denials of the girl's charges, but on the ground that size was of age, were acquitted. Mrs. Diggs maintained that these "affairs" constituted cruelty toward her. Diggs answer admitted that he was guilty in the Warrington case, but argued that for that his wife forgave him. He pleaded also that his two trials have ruined him so that he could not pay alimony.

THE SANTA CLAUS GIRL

"MADE IN AMERICA" TOYS TO GLADDEN YOUTH OF EUROPE

Plan Underway to Send a Santa Claus Ship to Wartorn Countries From Every Nook and Corner of This Country.

It is now highly probable that shortly before Christmas a "Santa Claus Ship," loaded to the water line with toys contributed by children from every nook and corner of America, rich and poor alike, will leave these shores for Europe, there to unload the dazzling cargo and offer it as a joyous Christmas gift to the children of the wartorn countries of that continent. It is said that most of the toys will bear the trade mark "made and contributed n America."

The success of this enterprise has been practically assured through the efforts of Miss Olive May Wilson "the Santa Claus Girl," of Jenkintown, who for a number of years has supplied poor children with Christmas gifts and who desires to extend her work this year not only on a national but international scope. She has the support of some of the most widely known and most powerful men in the United States, including the President of the United States, who, in an interview granted her some time ago, expressed his desire to co-operate with Miss Wilson in every way. Misa Wilson has just returned from Washington, where she laid her plan before a number of Senators, Representatives and department heads and leaves this week for a tour of New England, where she will address numerous social organizations and child wellfare societies on behalf of her work.

U. S. EMPLOYES TO HELP. Caminetti heard of her plan to have Govgifts to the destitute and orphaned chil-

dren of Europe's war devastated countries he issued a circular, addressed to the employes of his department throughout the United States, in which he suggested have a good home like other boys. that they contribute gifts for the "Santa Claus ship." Other departments have already followed suit. In the meanwhile, Miss Wilson is busy

international scope she will be obliged to perform a double duty. First of all, she has her thousands of little friends, who remember her from previous years, it to take care of. They are already, in hundreds of letters received by Miss Wilson, clamoring for their Christmas gifts. Then, she has to think of the thousands of little ones on the other side of the sea whose hearts will yearn in vain this year for a little Christmas gife. And, to add to the magnitude of her problem, Miss Wilson has received within the past year 5000 requests for drums alone. Some of these requests have come for these requests have come from outside of the United States and from such remote points as Rio Janeiro, other Brazilian cities and Newfoundland.

But Miss Wilson does not despair. She has mustered together all the courage and all the sympathy of her 18 years and has settled down to work to carry her plans to success. In January of this year Miss Wilson visited Washington for the purpose of obtaining from the Govern purpose of obtaining from the Govern-ment a franking privilege, something on the order of the one enjoyed by Senators and Representatives for the purpose of sending to folks at home speeches they never delivered.

DENIED FRANKING PRIVILEGE. Miss Wilson wanted a franking privilege which would permit her to send her gifts by mail and parcel post without charge. On this matter she saw the President. petition cites two escapades with women in which one charges that her husband, a prominent California politician, was involved.

The first of these was the resident Marshall Representative Underwood and other prominent men. Last week Miss Wilson took another trip to week Miss Wilson took another trip to Washington and conferred with Post-master General Burleson on the franking privilege. Mr. Burleson said that he was thoroughly in sympathy with her plan and would help her in every way, but that he could not grant her the franking privilege, as it would be impossible for the Government to diminish its revenue at the prosent time in view of the financial inconveniences already brought about by the war. This, however, has by no means dampened Miss Wilson's enthusiasism or diminished her hopes. She is in her work to win, and judging by the way she has gone at it she cannot help but win.

So, that it is with great by that the children of Burope may contemplate the children of Burope may contemplate the day when far out on the horizon there will rise a plip, loaded not with guns and ammunition, but with beautiful toys of all descriptions carrying a dag upon which will be inscribed; "From the children of America to their little brethren in Europe."
