ORGANIZED REVOLT AGAINST SMITH AN ANTI-PENROSE STEP

Members of Republican Ward Committee Would End Former Postmaster's Leadership.

An organized revolt against the leadership of former Postmaster Thomas B. movement, has begun in the 28th Ward. This was admitted today by members of the Republican Ward Committee. The first steps in the move to oust Smith have been taken by Washington party

men. Smith is a resident of Glenside and, acsmith is a resident of Glennige and, according to those leading the revolt, for a number of years has not had the right to vote in the 28th Ward or to maintain his leadership there. Despite his Glenside residence. Washington party men as-sert he has continued to vote in the 28th Ward and has been the actual Republican leader. Republican committee-men declare they do not object to his voting there, but oppose strenuously his methods in enforcing his leadership. As methods in emberation of his autocratic control, one member of the Ward Comcontrol, mittee today pointed to the election of Joseph Smith, Thomas B. Smith's brother, as chairman of the Ward Committee.

"Thomas B. Smith never had been a member of the Ward Committee until he was chosen chairman," the protesting committeeman declared. "We were not asked whether we would accept him, but the whether we would accept him, but the word was passed out that he was to be placed there and we had no choice but to elect him. Please don't give my name, for if they knew I was fomenting a revolt I would be custed before many days." volt I would be custed before many days.
A meeting of the Ward Committee has
been called for tomorrow night when the
entire question probably will be threshed
out. The prime movers in the revolt
admit that as yet they are a minority in the Ward Committee and declare that unless they can win others to their way of thinking, the protest will be futile. At resent there are 72 members of the Republican Ward Committee. More than 20, it is claimed, are in sympathy with the anti-Smith movement.

While there have been no open ne-gotiations, co-operation between Washington Party men and the revolting Republicans in the ward is admitted. On the second registration day, September 15, William F. Klefer, a feweler, a Washington Party registrar and com-mitteeman, challenged Smith on his attempt to register from the 16th division of the 25th Ward. The challenge was based on Smith's Glenside residence.

Smith immediately made affidavit that he was a properly qualified resident of the 16th division. He was then allowed to register. The matter was brought before the Committee of Seventy and they intend to make a thorough investigation. If the facts warrant they will take the case to the courts. One point in common between Washington Party followers and

Republicans in revolt is a strong anti-Penrose sentiment. This is admitted by both sides. "The leadership of Mr. Smith in our ward." one of the Repub-lican committeemen stated today, "is for nothing else than to create a Pen-rose condition, and the feeling of the rose condition, and the feeling of the rajority of the Republicans here is not too warm for Mr. Penrose.'

If the revolt gains sufficient strength act against Smith, it is believed one of the first steps will be to oust Milton Reedmoyer, the Republican City nitteeman from the 28th Ward. To do this would require a two-thirds votof the ward committee.

PENROSE SILENT ON KNOX CANDIDACY FOR SENATE

Says He Welcomes Inquiry and Criti-

cises McCormick's Outlay. United States Senator Boies Penrose eday declined to discuss the rumor that former Secretary of State Philander C. Knox will again be a candidate for United States Senator, this time to succced Senator Oliver. The Senator, in an Interview at his office in the Commercial Trust Building, also took occasion to declare that he welcomed the fullest investigation of his campaign expenditures and put forth the opinion that the expenses of Vance C. McCormick should be investigated.

welcome any investigation that any one may choose to make," said Sen-ator Penrose. "I have filed a full account of my expenses, and that is all that has been expended for me during the primary campaign, directly or indirectly. I look upon the investigation a campaign effort to muddle the situation.

"If any one should be investigated it seems to me it ought to be Mr. Mc-Cornick and his lavish expenditures in the primary in which Mr. Palmer was the chief bearing. the chief beneficiary. It would also be interesting to investigate the sale of and levies of assessments on deral officeholders. Plenty of data can furnished in that matter should the

of an experimendent of the Philadelphia optial for Contagious Diseases. Conequently the examination scheduled for Wits postponed.

In spite of the remunerative salary of the position, vacated by Dr. William H. Walsh, the restrictions imposed on offi-cials at the hospital, due to dangers of contagion, have evidently deterred phy-Scians from applying.

Twenty-three applicants are taking the

examination for superintendent of Inde-pendence Hall, at \$800 a year. Since Ed-ward Crane resigned the post to become city architect, Wilfred Jordan, curator of the half, has been filling the place. Nineteen candidates for steward in the Bureau of Charities, at \$1000 a year, and randidates for chauffeur, at \$1900 a year, and a year, are also being examined by the Civil Service Commission.

INDORSE BRUMBAUGH FOR GOVERNOR IN **GLOWING TERMS**

Washington Partymen and Letters From Leading Citizens of City and State Show Increasing Strength of His Candidacy. '

Letters indorsing the candidacy of Dr. Martin G. Brumbaugh continue to pour into the Brumbaugh Citizens' Committee from all sections of the State. Among smith, with a closely allied anti-Penrosa those arriving this morning was one from Richmond I. Jones, an attorney at Reading, Pa., and another from J. Wilmer Rosenberger, of Lansdale, Pa.

The letters follow:

Dear Mr. Brumbaugh: Only a passing word on the current political flustion. Sinaton.

The course of Dean Lewis in quitting his sinking ship and leaving a last will and testament bequeathing the dergliet to Mr. McCormick, impresses all observers as the best evidence of the unseaworthiness of the craft from which he took his timely leave.

This practically clears the sea for a single combat, and three-fourths of the Progressives will go to you.

This prediction is based upon local observations, which also indicate that many Democrats will be found supporting your cause. Your practical and sensible speeches, void of offense and away from the conventional lines of political canvassing, are effective and satisfactory.

Gentlemen:
Although believing in Republican principles and always giving my full support in its behalf, I was not in a position to do very much active political work heretofore, but now in view of having such an honorable and ablebodied man for Governor as Dr. Martin G. Brumbaugh, I feel it should be the duty of all Republicans in Pennsylvania to give their hearty support to elect him with an overwhelming majority.

Yours for success.

FEAR STEFANSSON AND COMPANIONS ARE LOST IN ARCTIC

Explorer and Two Men Set Out on Exploring Trip Over Ice Last April-No Word Since.

NEW YORK, Sept. 23.-A special dispatch to the New York Times from R. M. Anderson, of the Canadian Arctic Expedition, dated Baillie Island, N. W. T., August 21 via Nome, Alaska, September 22, says Vilhjalmar Stefansson, the Arctic explorer, and his two companions, Vorkereson and Ole Anderson, have not been heard from since the supporting lem this year is both of a national and party returned from Iceland early last

Stefansson and the two men started out from Martin Point on a journey of discovery over the ice in a supposed attempt to reach the coast of Banks Island. In the opinion of Mr. Anderson it is joubtful if they succeeded in getting far to the northward, on account of the prevailing strong easterly winds and general westward offshore currents. There had been much open water off shore from Baillie Island all the spring.

Captain G. H. Walkins, in command of the schooner Mark Sachs, which is on her way to Banks Island to search for Stefansson and his companions, was last reported on August 19 near the mouth of the Hermon River, in Franklin Bay.

PALMER EXPOSES PENROSE'S CHLD LABOR RECORD

Shows Senator as Opponent of All Measures to Ameliorate Conditions.

TAMAQUA, Pa., Sept. 23.-Congressman A. Mitchell Palmer, candidate for the United States Senate; Vance C. McCormick, candidate for Governor, and the Democratic campaign party arrived here this morning to complete their tour of Carbon and Schuylkill Counties Meet-ings will be held in eight small towns during the day and tonight the candidates will speak simultaneously in Mauch Chunk and Lehighton.

A vigorous assault upon Senator Penrose's anti-labor activity in the Senate and his interference when such beneficial or laws might have passed our State Legislature was the substance of Con-gressman Palmer's message to the miners throughout Schuylkill County Yesterday and at Pottsville, where he spoke last

In the nineteenth of the 50 counts in his indictment of Penrose, Mr. Paimer said:
"Child labor bills, coal-weighing measures and industrial safety propositions have been defeated time and time again in this State by the Penrose boss-ridden Legislatures."

THE SANTA CLAUS GIRL

"MADE IN AMERICA" TOYS TO GLADDEN YOUTH OF EUROPE

Plan Underway to Send a Santa Claus Ship to Wartorn Countries From Every Nook and Corner of This Country.

It is row highly probable that shortly before Christmas a "Santa Claus Ship," loaded to the water line with toys contributed by children from every nook and corner of America, rich and poor alike, will leave these shores for Europe, there to unload the dazzling cargo and offer it as a joyous Christmas gift to the children of the wartorn countries of that continent. It is said that most of the toys will bear the trade mark "made and contributed in America."

The success of this enterprise has been practically assured through the efforts of Miss Olive May Wilson, "the Santa Claus Girl," of Jenkintown, who for a number of years has supplied poor children with Christmas gifts and who desires to extend her work this year not only on a national but international scope. She has the support of some of the most widely known and most powerful men in the United States, including the President of the United States, who, in an interview granted her some time ago, expressed his desire to co-operate with Miss Wilson in every England, where she will address numerous social organizations and child wellfare societies on behalf of her work.

U. S. EMPLOYES TO HELP. tries he issued a circular, addressed to the the United States, in which he suggested that they contribute gifts for the "Santa have a good home like other boys. Claus ship." Other departments have already followed suit.

In the meanwhile, Miss Wilson is busy with preliminary work. Since her probinternational scope she will be obliged to perform a double duty. First of all, she has her thousands of little friends, to take care of. They are already, in to take care of. They are already, in hundreds of letters received by Miss Wilson, clamoring for their Christmas gifts. Then, she has to think of the thousands of little ones on the other side of the sea of little ones on the other side of the sea of little ones on the other side of the sea of little ones on the other side of the sea of little ones on the other side of the sea of little ones on the other side of the sea of little ones on the other side of the sea of little ones of of little ones on the other side of the sea whose hearts will yearn in vain this year for a little Christmas gife. And, to add to the magnitude of her problem, Miss Wilson has received within the past year Wilson has received within the past year \$600 requests for drums alone. Some of these requests have come from outside of the United States and from such remote points as Rio Janeiro, other Brazilian cities and Newfoundland.

But Miss Wilson does not despair. She has mustered together all the courage and all the sympathy of her 15 years and has settled down to work to carry her

and all the sympathy or her is years and has settled down to work to carry her plans to success. In January of this year Miss Wilson visited Washington for the purpose of obtaining from the Government a franking privilege, something on the order of the one enjoyed is Senators and Representatives for the purpose of ending to folks at home speeches they

DENIED FRANKING PRIVILEGE. Miss Wilson wanted a franking privilege which would permit her to send her gifts which would permit her to send her gifts by mail and parcel post without charge. On this matter she saw the President, Secretary Bryan, Admiral Dewey, Vice President Marshall, Representative Under. President Marshall, Representative Under-wood and other prominent men. Last week Miss Wilson took another trip to Washington and conferred with Post-master General Burieson on the franking privilege. Mr. Burleson said that he was the coughly in sympathy with her plan thoroughly in sympathy with her plan and would help her in every way, but that he could not grant her the franking privilege, as it would be impossible for the Government to diminish its revenue at the present time in view of the finanat the present time in view of the finan-cial inconveniences already brought about by the war. This however, has by no means dampened Miss Wilson's enthusi-asm or diminished her hopes. She is in her work to win, and judging by the way she has gone at it she cannot help but win.
